

Certificate in Engineering Physics

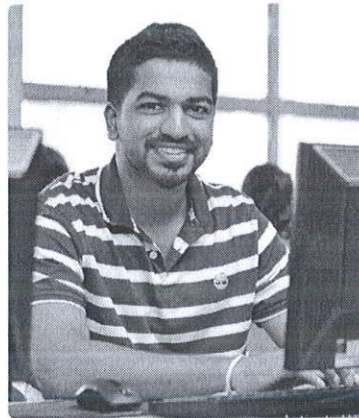

Students intending to join the Faculties of Engineering and Sciences in Universities often find it challenging to match the expected competency level during their first year of studies. This certificate course has been designed to bridge that gap between the A/L and first year in University.

- Duration: 1 Year
- Entry: September 2018
- Location: Malabe
- Delivery: Weekender/Weekdays*

*Subject to a minimum number of students

Entry requirements

Students who have sat for Combined Mathematics and Physics at the GCE (A/L, ICSE and Cambridge (A/L)).
