ACADEMIC VACANCIES
FACULTY OF COMPUTING

The Sri Lanka Institute of Information Technology (SLIIT) is a leading institute offering undergraduate, postgraduate and research degrees in Computing, Engineering and Business Management and Engineering (www.sliit.lk).

The Faculty of Computing of SLIIT is the home of more than 130 academic staff and an ever-growing cohort of undergraduate and postgraduate students. The faculty offers a broad range of cutting edge undergraduate and postgraduate programs and encourages a strong research culture. In addition to Bachelors and course-work based Masters programs, the Faculty of Computing offers MPhil and PhD degree programs as well.

We are inviting top rated applicants for permanent positions at the Senior Lecturer (Higher Grade) and Lecturer levels. The appointees will contribute to the research and teaching in the broad areas of Information Technology, Computer Science and Computer Engineering. We are particularly seeking applicants with strong track records in one or more of the following areas:

- Software Engineering
- Data Science
- Cloud Computing
- Database Management Systems
- Robotics
- Cyber Security
- Data Communication and Networking
- Interactive Media
- Embedded Systems
- Internet of Things

SLIIT offers a competitive salary and benefits package commensurate with qualifications and experience.

If you wish to discuss more details of these positions, please contact Prof. Chandimal Jayawardena (Dean/Faculty of Computing) on chandimal.j@slit.lk.

If you are interested in these positions, please send your application (CV and cover letter) via email to **kumari.w@sliit.lk** clearly indicating the post applied.
