VACANCIES FACULTY OF COMPUTING

The Sri Lanka Institute of Information Technology (SLIIT) is a leading institute offering undergraduate, postgraduate and research degrees in Information Technology, Business Management and Engineering (www.sliit.lk).

The Faculty of Computing of SLIIT is the home of more than 100 academic staff and an ever-growing cohort of undergraduate and postgraduate students. The faculty offers a broad range of cutting edge undergraduate and postgraduate programs and encourages a strong research culture. In addition to Bachelors and course-work based Masters programs, the Faculty of Computing offers MPhil and PhD degree programs as well.

Post of Instructor (Temporary)

Job Role

Conduct tutorial and lab sessions for the undergraduate batches, mark online lab tests, do exam duties as assigned, contribute to the faculty programs and events by liaising with both the students and the staff.

Required Qualifications

Candidates who have completed the BSc (Special) Honors Degree in IT (Field of specialization: Information Technology / Software Engineering / Interactive Media / Information Systems Engineering) could apply. (The GPA at the end of the 4th year should be 2.5 or higher)

These appointments will be for a period of one year.

SLIIT offers a competitive salary and benefits package commensurate with qualifications and experience.

Please send your application via email to jagath.w@sliit.lk clearly indicating the post applied, to reach us within 07 days of this advertisement.
