FACULTY OF HUMANITIES & SCIENCES

STUDENT GUIDE

THE FUTURE AWAITS YOU

The goals and decisions you pursue today will take you to the next level. If your decision is to be "Tomorrow's Great", you Should join SLIIT Higher Education, a globally recognised Institute

BE SMART. BE WISE

"The Future Awaits You" is determined by your next level of education in the field of;

COMPUTING | BUSINESS | ENGINEERING | HUMANITIES AND SCIENCES | ARCHITECTURE

- ► Scholarships worth over Rs. 50 Million
- ▶ A grant of Rs. 120 Million for new scientific research
- ▶ Internationally accredited lecture panel
- ▶ Educational facilities of international standards

COORDINATORS OF THE FACULTY	29
ACADEMIC STAFF	30
GPA	32
WHAT'S NEXT	33

The Faculty of Humanities and Sciences strives to develop professionals in the areas of Biotechnology, Education, Law, Nursing and Psychology. We have invested heavily in developing the infrastructure required for our programmes including state-of-the-art laboratories, smart classrooms, access to e-repositories and reference books. Currently the Faculty offers 8 programmes related to the above areas and intends to increase up to 15 in the near future.

The Faculty currently has six state-of-the-art laboratories namely, Biochemistry and Molecular Biology, Tissue Culture, Physics, Nursing Skills, Nutrition and Anatomy. All of these laboratories are well equipped to aid research and laboratory practical lessons of the Science related programmes. In addition the Faculty also operates a Greenhouse in terms of a hi-tech agriculture system (Vertical Farming) to aid the teaching and research of the Biotechnology programme. The Greenhouse was established following the award of the largest Research Innovation and Commercialization (RIC) grant offered by the World Bank funded Accelerating Higher Education Expansion and Development (AHEAD) operations to a non-state higher education institute in the country.

Our degree programmes have been designed with the consultation of our well-experienced and qualified panel of academics and industry experts. The Faculty consists of a panel of eminent academics which includes, Prof. Colin Peiris, Professor in Biotechnology and Emeritus Professor of University of Peradeniya, Prof. Sriyani Peiris, Professor of Biotechnology and Emeritus Professor of University of Peradeniya. Prof. Denzil Rosa, Professor in Physics of University of Colombo, Prof. Naganathan Selvakkumaran, Professor in Law and Legal studies of University of Colombo.

The aim of the Faculty is to groom a well-balanced student with high level of employability with strong 21st Century skills. The Faculty encourages students to take part in extracurricular activities conducted in the campus in addition to the academic work they carryout in order to achieve the above aim.

We encourage you to join the Faculty of Humanities and Sciences to experience a complete university environment and be a part of a vibrant student body

DR.

MALITHA

WIJESUNDARA

DEAN-FACULTY OF HUMANITIES

& SCIENCES

The Faculty of Humanities and Sciences is the latest addition at SLIIT that offers the widest range of programmes offered by a Faculty within the Campus.

THE FACULTY OFFERS PROGRAMMES IN THE AREAS OF BIOTECHNOLOGY EDUCATION

LAW

NURSING

PSYCHOLOGY

FINANCIAL MATHEMATICS & APPLIED STATISTICS

The Faculty has established both local and foreign affiliations to provide the students with the options of selecting the recognition of their degree programmes. The Faculty also has an experienced and continuously expanding panel of 31 full-time academics including 10 PhDs and 5 Professors.

DEGREES - SLIIT BED/BSC HONOURS DEGREES

Duration : 4 Years

Entry : February / June / September

Location : Malabe Offered : Weekdays

Examinations : Weekdays / Weekends

ACADEMIC & PROFESSIONAL RECOGNITION

Approved by Ministry of Higher Education Sri Lanka Member of the Association of Commonwealth Universities (ACU) Member International Association of Universities (IAU)

The wide concept of "biotech" or "biotechnology" encompasses a wide range of procedures for modifying living organisms according to human purposes, going back to domestication of animals, cultivation of the plants, and "improvements" to these through breeding programs that employ artificial selection and hybridization. Modern usage also includes genetic engineering as well as cell and tissue culture technologies.

In a pioneering effort the SLIIT, as the leading Higher Education provider in the country, has embarked in offering Biotechnology and related science degrees through the newly established Faculty of Humanities and Sciences.

Duration : 4 years

Entry : September/February/June

Location : Malabe
Offered : Weekdays

Examinations : Weekdays/ Weekends

ACADEMIC AND PROFESSIONAL RECOGNITION

Approved by the Ministry of Higher Education, Sri Lanka

CAREER OPPORTUNITIES

- Scientists
- Agricultural Industry
- Nutritional Biotechnology
- Forensic investigations
- Managers in the Medical Laboratories
- Lecturer
- Product Manufacturing & Production,
- Bioinformatics,
- Marine Biotechnology

ENTRY REQUIREMENTS

Three 'S' passes at G.C.E. Advanced Level examinations OR three 'D' passes at Edexcel or Cambridge Advanced Level examinations' obtained at one and the same sitting in the Science stream (covering Biology & Chemistry) AND a pass in the aptitude test conducted by the Institute.

The Bachelor of Education Degree Programme expects to upgrade the academic knowledge and professional competencies of student teachers. Highly skilled teachers are one of the single most important influences on student success. The Bachelor of Education programme at SLIIT

attempts to meet current needs of the national education system by keeping abreast of the needs of the 21st century and the new challenges brought about by information technology.

BACHELOR OF EDUCATION (HONS) DEGREE PROGRAMMES

BACHELOR OF EDUCATION (HONS) IN INFORMATION TECHNOLOGY

The BEd (Hons) in Information Technology (IT) is a four year full-time degree programme. In the four years of study, we provide a balance between both theoretical and practical essence of Information Technology and Education related subjects.

BACHELOR OF EDUCATION (HONS) IN PHYSICAL SCIENCES

Upon completion of the BEd (Hons) in Physical Sciences, the graduates will be able to specialize in methods to teach subjects, namely Physics and Mathematics in secondary schools including G.C.E. Advanced Level classes

BACHELOR OF EDUCATION (HONS) IN BIOLOGICAL SCIENCES

The BEd (Hons) in Biological Sciences specializes in methods to teach subjects of Biology and Chemistry in secondary schools including G.C.E. Advanced Level classes

BACHELOR OF EDUCATION (HONS) IN ENGLISH

The BEd (Hons) in English aims to produce teachers who are competent to teach English language and Literature in secondary schools including G.C.E. Advance Level classes

BACHELOR OF EDUCATION (HONS) IN SOCIAL SCIENCES

The BEd (Hons) in Social Sciences is a four year full-time degree programme. In the four years of study we provide a balance between both theoretical and practical essence of Social Sciences and Education related subjects.

PROFESSIONAL AREAS COVERED IN THE PROGRAMME

- Deeper understanding of students and their learning strategies
- Principles of education
- Psychological needs of children in the context education
- Professionalism in teaching (teaching as a profession)
- New trends in education Education for the 21st Century
- Smart teaching and learning
- Deeper understanding of the role of the teacher and teaching strategies
- Use of ICT in education
- Educational technology
- Teacher vs. student centered learning
- Classroom management
- Testing and evaluation in education

BEd (Hons) IN INFORMATION TECHNOLOGY (IT)

The BEd (Hons) in Information Technology (IT) is a four year full-time degree programme. In the four years of study, we provide a balance between both theoretical and practical essence of information Technology and Education related subjects. This degree run alongside courses focusing on developing educational skills essential for teaching subjects related to IT at the secondary schools including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be acceptable locally and globally.

WHY CHOOSE IT?

- Be a professional Secondary school teacher in IT
- 10 weeks of teaching practicum in a school setting
- · Covers the contents of PG Diploma in Education in addition to Information Technology
- Taught in English medium which opens postgraduate pathways.
- Opportunities in State schools, International schools, overseas schools.

CAREER OPPORTUNITIES

- English medium teaching opportunities in State and Private sector
- Lecturers in Non-commissioned Offices in Education System
- University Lecturer
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in educational projects funded by International Organizations

ADMISSION CRITERIA AND EVALUATION PROCEDURE

An applicant fulfills the minimum eligibility requirements to be admitted to the approved programme leading to Bachelor of Education Honours in Information Technology (BEd Hons (IT), if has he/she following the qualifications:

i. Pass in three subjects at the Level Advanced Examinations (Local BEd or London or equivalent) obtained at one and the same sitting in any Subject Stream and

ii. A pass in the Aptitude Test conducted by the Institute.

YEAR ONE SEMESTER 01	P1 G1 A4.11 A4.12 A4.13	Psychological Bases of Education General English/Foreign Language Introduction to Programming Information Systems and Data Modeling Mathematics for Computing	03 03 04 03 03

BEd (Hons) PHYSICAL SCIENCES

The BEd (Hons) in Physical Sciences is a four year full-time degree programme. In the four years of study we provide a balance between both theoretical and practical essence of Physics, Mathematics and Education related subjects. This degree run alongside courses focusing on developing educational skills essential for teaching Physics and Mathematics at the secondary schools including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be acceptable locally and globally.

WHY CHOOSE PHYSICAL SCIENCES?

- Be a professional A/L teacher in Physics and Mathematics
- 10 weeks of teaching practicum in a school setting
- Covers the contents of PG Diploma in Education in addition to Physics and Mathematics
- Taught in English medium which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools and private tuition

CAREER OPPORTUNITIES

- English medium teaching opporunties in State and Private sector
- Lecturers in Non-commissioned Offices in Education System
- **University Lecturers**
- Sri Lanka Education Administrative Service Offices
- Overseas teaching opportunities
- Project officers in educational projects funded by international organizations

ENTRY REQUIREMENTS

Three 'S' passes at G.C.E. Advanced Level examinations OR three 'D' passes at Edexcel or Cambridge Advanced Level examinations obtained at one and the same sitting in the Physical stream (including Combined Mathematics/ Higher Mathematics and Physics) AND a pass in the aptitude test conducted by the Institute.

BEd (Hons) BIOLOGICAL SCIENCES

The BEd (Hons) in Biological Sciences is a four-year full-time degree programme. This degree demonstrates command and understanding of the subject matter related to Biology and Chemistry disciplines and teaching principles to exhibit professional competence in teaching Biology and Chemistry for secondary classes including Advanced Level. The graduates will be able to utilize different generic skills in teaching and learning and display commitment to teaching with a professional and ethical attitude, with a global perspective.

WHY CHOOSE BIOLOGICAL SCIENCES?

- Taught in English medium which opens postgraduate pathways
- Opportunities in state schools, international schools, overseas schools and private tuition
- Covers the contents of PG Diploma in Education in addition to Biology and Chemestry
- Opportunities in state schools, international schools, overseas schools and private tuition

CAREER OPPORTUNITIES

- English medium teaching opporunties in State and Private sector
- Lecturers in Non-commissioned Offices Education System
- University Lecturers
- Sri Lanka Education Administrative Service Offices
- · Overseas teaching opportunities
- Project officers in educational projects funded by international organizations

ENTRY REQUIREMENTS

Three 'S' passes at G.C.E. Advanced examinations OR three 'D' passes at Edexcel or Cambridge Advanced examinations Level obtained at one and the same sitting in the Science stream (covering Biology & Chemistry) AND a pass in aptitude test conducted by the Institute.

This degree programme is aimed at developing professional teachers who will be capable of teaching English Language and Literature in secondary as well as high school. It provides a balance between the discipline of English; which includes both language and literature and that of Education.

During the first two years of the degree programme, a solid foundation will be laid in both the fields of English and Education.

In the next two years to follow, while the above mentioned disciplines are being strengthened elective modules could be chosen by the students depending on their interest and the availability of these modules at the establishment.

While providing a profound understanding of the subjects delivered, this degree programme moulds qualified teachers of English Language and Literature, as a considerable period of teaching practice is included in the programme.

WHY CHOOSE ENGLISH?

- Be a professional AL teacher in English
- 10 weeks of teaching practicum in a school setting
- Covers the contents of PG Diploma in Education in addition to English & English literature
- Taught in English medium which opens postgraduate pathways
- Opportunities in state schools, international schools, overseas schools and private tuition

CAREER OPPORTUNITIES

- English medium teaching opportunities in State and Private sector
- Lecturers in Non-commissioned Offices Education System
- University Lecturers
- Sri Lanka Education Administrative Service Offices
- Overseas teaching opportunities
- Project officers in educational projects funded by international organizations

ENTRY REQUIREMENTS

Three 'S' passes at G.C.E. Advanced Level or three 'D' Edexcel passes at Cambridge Advanced Level examinations with English Literature as a subject OR three 'S' passes at English medium G.C.E. Advanced Level examinations done in any discipline obtained at one and the same sitting AND a pass in the aptitude test conducted by the Institute.

The BEd (Hons) in Social Sciences is a four year full-time degree programme. In the four years of study we provide a balance between both theoretical and practical essence of Social Sciences and Education related subjects. This degree run alongside courses focusing on developing educational skills essential for teaching subjects related to Social Sciences at the secondary schools including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be acceptable locally and globally.

WHY CHOOSE SOCIAL SCIENCES?

- Be a professional Secondary school teacher in Social Sciences
- 10 weeks of teaching practicum in a school setting
- · Covers the contents of PG Diploma in Education in addition to Social Sciences
- Taught in English medium which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools and private tuition

CAREER OPPORTUNITIES

- To become teachers in Government schools
- To become teachers in Private or International schools
- To join Private Universities as junior Academics
- To consolidate status of Academic Administrators
- To become training executives in private/semi-governmental organizations
- To work as research associates in NGOs
- To work as development officers in NGOs
- To gain teaching opportunities in foreign countries.

ENTRY QUALIFICATIONS

- i. Three passes at the G.C.E. A/L Examination (Sri Lanka/London) in Arts or Commerce stream in one sitting with minimum entry qualification to a university specified by the UGC/MoHE.
- ii. Any other equivalent qualification considered by the SLIIT Senate and
- iii. A pass in the Aptitude Test conducted by the SLIIT.
- (a) Of the three passes at the G.C.E. A/L Examination (Sri Lanka/London) at least two must be those of 'academic' subjects.
- (b) The applicants who wish to follow the Degree Programme in the English medium must have obtained (i) a Credit Pass in English in the G.C.E. (Ordinary Level) Examination (Sri Lanka/London) and (ii) must have either done the G.C.E. (Advanced Level) Examination in the English medium or must have passed the English subject in the G.C.E (Advanced Level) Examination.
- (c) Those who do not satisfy the requirements prescribed iii (b) above but who wish to do the programme in the English medium may be considered for enrollment in the English medium provided they pass an English Proficiency Examination conducted by SLIIT.

The Faculty offers a fully-franchised LLB (Hons) Law programme in affiliation with the Liverpool John Moores University, UK to provide students with a competitive qualification they would need to pursue employment in the field of law and legal studies. Liverpool John Moores University's LLB(Hons) Programme offered at SLIIT is a complete UK degree which seeks to transform undergraduates into legal professionals who can compete not only locally but also globally. The 3 year degree programme consists of core modules which give students a firm grasp of the fundamentals of English law, and optional modules which give students an opportunity to acquire knowledge about specialized areas of law such as human rights, financial crimes, banking, international law etc. The degree with its strong industry focus offers modules such as mooting, mediation and negotiation that allow students to equip themselves with the knowledge and skills needed for traditional legal careers as well as non-traditional careers, for instance, as professional mediators or negotiators etc.

Duration : 3 years

: September/January Entry

Location : Malabe Offered Weekdavs

Examinations : Weekdays/ Weekends

CAREER OPPORTUNITIES

An LLB(Hons) degree can open a variety of career pathways both locally and globally. The traditional career pathways for LLB graduates include working as Attorneys-at-law of the private bar, officers of the Attorney-General's department starting out as state counsels, joining the judiciary and working as judges, working in government departments and ministries including the Legal Draftsman's department, working in law firms, working as legal officers of private companies, as politicians or as academics. Non-traditional career pathways include working in NGO's, international organizations such as the UN, or Legal Process Outsourcing Companies (LPOs), working as researchers, professional arbitrators, mediators or negotiators.

ACADEMIC AND PROFESSIONAL RECOGNITION

Affiliated with Liverpool John Moores University, UK. Recognized as Qualifying Law Degree (QLD) by Solicitors Regulation Authority (SRA)

ENTRY REQUIREMENTS

Two Credit (C) passes and one Simple pass (S) in any subject stream at GCE(Advanced Level) Examination Sri Lanka, at the General Certificate of Education (Advanced Level) Examination, UK or any other Examination within the criteria of recognizing Advanced Level qualifications as recommended by the Department of Examinations of Sri Lanka in one and the same sitting; and a Credit (C) pass for English at GCE (Ordinary Level) Examination, Sri Lanka and A pass at the aptitude test conducted by SLIIT and the interview conducted by the School of Law, SLIIT

Psychology is becoming an increasingly popular discipline of study within the higher education sector due to the versatility of the subject. The discipline is an empirical science that aims to understand the mind and behaviour in humans. An individual with a Psychology qualification can choose the areas they wish to continue their work depending on their own interests, skills, and education choices. BSc (Hons) Psychology provides the student with Psychology literacy equipped with critical thinking skills, which are developed within a context of rigorous scientific methodology enabling the student to to successfully face the challenges within the work environment of their choice.

Duration : 3 years

Entry : February/June

Location : Malabe Offered : Weekdays

Examinations : Weekdays/ Weekends

ACADEMIC AND PROFESSIONAL RECOGNITION

Affiliated with Liverpool John Moores University, UK

PROFESSIONS DERIVED FROM ORGANIZATIONAL PSYCHOLOGY *

- Work Psychologist - HRM Consultant - Careers Advisor/Consultant

Marketing Strategist
 Ergonomics Specialist
 Corporate Trainer

GENERAL OCCUPATIONS

- Clinical/Counselling Psychologist - Developmental Psychologist - Forensic Psychologist

- Psycho-social Worker - Mental Health Researcher - Health Psychologist

PROFESSIONS DERIVED FROM CHILD & EDUCATIONAL PSYCHOLOGY *

- Child Psychologist - Educational Psychologist - Special Needs Teacher

*Students are highly encouraged to pursue a postgraduate qualification in the specific field in Psychology in order to gain further expertise

ENTRY REQUIREMENTS

Pass in three subjects at the G.C.E Advanced Level Examinations (Local or London or equivalent) obtained at one and the same sitting in any stream & a pass in the aptitude test and interview conducted by the Institute.

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so that they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription authority.

THE FACULTY CURRENTLY OFFERS TWO TYPES OF NURSING PROGRAMMES

- Higher Diploma in Nursing is a three year programme that will provide the theoretical and clinical exposure students would need to pursue careers in Nursing in the Private Sector here in Sri Lanka and abroad

Duration : 3 years

Entry : September/ June Location : Malabe

Location : Malabe Offered : Weekdays Examinations : Weekdays

Accredited for National Vocational Qualification Level 6 (NVQ L6) by Tertiary and Vocational Education Commission (TVEC) of Sri Lanka.

ENTRY REQUIREMENTS FOR HIGHER DIPLOMA IN NURSING

- Passes in three subjects at the G.C.E. Advanced Level examinations (Edexcel / Cambridge / Local or equivalent) obtained at one and the same sitting in the Science stream.
- A pass in the aptitude test conducted by SLIIT.
- · Successful passing at an Interview conducted by a Board of Academic Panel

BSc (Hons) FINANCIAL MATHEMATICS AND APPLIED STATISTIC

Mathematics is the foundation of the financial world. It allows investors, traders, and bankers to make optimal decisions and mitigate risk in a rational way. Financial mathematics is the application of mathematical models to solve various financial issues and in particular to find solutions when we have to face different risk factors. Applied Statistics is the application of statistics to derive inferences and solve real problems in business based on data collected from samples in order to apply to the population. Thus, the combination of Financial Mathematics and Applied Statistics can be considered as one of the corner stones in the financial world.

On the other hand, the financial industry is one of the largest and most data driven sector in the world, irrespective of the level of development of the country. This happens to be the industry that demand graduates possessing diverse quantitative skills with deep knowledge of mathematics, statistics and their applications complemented by the background knowledge in finance, economics, and computing. Furthermore, employment opportunities of such graduates in financial sector has been projected to grow 18% annually since 2019 and these graduates can earn money with less stress.

The graduates with sound knowledge of Financial Mathematics and Applied Statistics would become the key persons in any financial industry as all decisions are based on their models.

Duration 4 years

June / September Entry

SCIENCE LABORATORIES

The state of the art science laboratories in the Faculty of Humanities and Sciences, SLIIT are comprised of equipment of cutting-edge technology to create advanced knowledge in teaching and research. The laboratory atmosphere itself motivates science students to carry out the practical of their enrolled modules with high enthusiasm. These laboratories are adequately equipped to facilitate staff research in M.Phil, Ph.D and postdoctoral levels.

THE FOUR LABORATORIES,

- BIOCHEMISTRY
- MOLECULAR BIOLOGY
- TISSUE CULTURE
- PHYSICS LABORATORIES
- NURSING LABORATORIES
- PHYSIOTHERAPIST LABORATORIES

fulfil the requirements of future of science.

The greenhouse, a newly added facility, is a fully automated artificial growing environment, the first in any university in Sri Lanka. It facilitates the students to gain hands on experience in economically important crop cultivation using advanced crop growing systems such as hydroponic and aeroponic techniques. Adding another feature to students' experience the greenhouse will have the automated watering, chemical spraying systems, monitoring of the presence of pests, diseases and nutrient deficiency systems by robotic technology developed by our own SLIIT students.

NURSING SKILLS LABORATORY

Nursing skills laboratory at the School of Nursing, Faculty of Humanities and Sciences of SLIIT which exhibits an ideal clinical set up is a well-equipped laboratory where the nursing undergraduates are facilitated to learn nursing skills. Such lab facilities are required for nursing students to master basic procedures prior to practice on patients in the real clinical setting. The nursing skills laboratory of SLIIT has been established to enhance a unique learning experience by performing simulations with basic and advanced care manikins. Nursing skills laboratory which provides adequate spacing and a comfortable environment with air conditioning for undergraduate nursing students consists of sophisticated adjustable beds, manikins, models, diagrams and other teaching and learning materials, medical and surgical equipment facilitate them to perform simulation based learning which is an essential component of the nursing curricula to be covered before the exposure to the real clinical setting. Multi-media facilities are also available at the skills laboratory for audio and video presentations of nursing skills.

GRADING SYSTEM

SLIIT uses 12 grades in assessing student performance. These are A+, A, A-, B+, B, B-, C+, C, C-, D+, D and E. To obtain a pass in a subject, a student must score a grade 'C' or above. The value of each grade and definition of student performance is shown below.

GRADE	GRADE PTS.	MARKS RANGE
A+	4.00	90 - 100
А	4.00	80 - 89
Α-	3.70	75 - 79
B+	3.30	70 - 74
В	3.00	65 - 69
B-	2.70	60 - 64
C+	2.30	55 - 59
C	2.00	45 - 54
C-	1.70	40 - 44
D+	1.30	35 - 39
D	1.00	30 - 34
E	0.00	00 - 29

GRADE POINT AVERAGE (GPA) PER SEMESTER

The GPA is computed by dividing the sum of the products of the number of credits for each course followed and the grade points earned for that course by a student, by the total number of credits for the courses followed during the semester by that student.

CLASS ATTENDANCE

Regular attendance is expected from all students. 80% attendance is necessary as a minimum requirement to sit examinations. Inability to attend classes and/or examinations must be brought to the notice of the Manager of Student Affairs immediately.

WEIGHTED GRADE POINT AVERAGE (WGPA)

The Weighted Grade Point Average is computed by dividing the sum of the products of the number of credits of all the modules followed and the grade points earned for those modules by a student in a year, by the total number of credits for the modules followed that year. This is then multiplied by an appropriate weighting factor and summed up over the total number of years related to the specific academic qualification.

*Above information applies only to SLIIT Degree programmes.

Embark on your pathway to greatness with our extensive degree programme options at SLIIT. Please follow the application guidelines below.

Option 01:
