MESSAGE FROM THE CHANCELLOR

Professor L. L. Ratnayake
Chancellor & Chairman - SLIIT

BSc Eng. (Hons) (Sri Lanka),
MSc (Birmingham), DSc (h.c), CEng, FIE (Sri Lanka),
Int. PE (Sri Lanka), FCILT (London), FNASSL

As we commence another academic year, I am thrilled to welcome our new students to the Sri Lanka Institute of Information Technology (SLIIT) family. When SLIIT was established in 1999, its objective was to cultivate future IT leaders with a solid foundation of specialized theoretical and practical knowledge, enhancing their ability to contribute to global society. Our primary focus is on delivering high-quality academic programs that enable students to realize their intellectual potential and expand their opportunities beyond university. As the world's challenges become more complex, our institute aims to equip the next generation with the skills and personal qualities that will not only help them thrive in a challenging environment but also empower them to make a positive impact in the lives of others.

Since its inception, SLIIT has expanded its curriculum to include various disciplines. We now have highly qualified faculties and schools offering Computing, Business, Engineering, Humanities & Sciences, Architecture, Fashion Business & Management, and Graduate Studies programs. Each faculty and school offers degree programs that are designed with current trends in mind to ensure the highest possible employability rate for our students. Our faculty staff are highly accomplished academics with extensive experience in their fields of study. There is an active interaction between faculty and students, and the learning experiences gathered during the study period will pave a strong path for the overall development of our students.

The Institute has garnered numerous accolades over the years. SLIIT degrees are approved by the University Grants Commission under the Universities Act and the Ministry of Education. The Institute adheres to every quality assurance regulation set by local authorities. Today, in addition to being ranked as Sri Lanka's leading non-state higher education institute, according to international standards, the Institute has also earned memberships in Commonwealth Universities and the International Association of Universities.

SLIIT continues to expand its portfolio, with campuses in Malabe, and Colpetty, as well as centers in Kurunegala and Matara, providing the best in higher education within modern, state-of-the-art environments and infrastructure. The growing demand from students and parents who desire to be part of SLIIT has prompted us to establish two large campuses in the prominent cities of Kandy and Galle. Therefore, we launched SLIIT KANDY UNI, the latest addition to the patronage of SLIIT. Situated in the beautiful hill capital of Kandy in Pallakele, our new facility has a state-of-the-art teaching and learning environment and modern purpose-built facilities.

At SLIIT, we aim to provide a holistic learning experience, combining academics with a range of extracurricular activities from sports to clubs and societies. We believe that social skills are a vital part of a well-rounded education and that staying fit stimulates the brain. There are community-based programs that SLIIT undertakes so that our students learn empathy towards the marginalized. Our cultural events are designed to foster ethnic harmony and unity. All these opportunities play a pivotal role in molding and equipping our students to become successful in their selected fields, with the capability of integrating with any level of our society.

It is also essential to mention that our collaborations with internationally reputed universities in the UK, Australia, Canada, and the USA, continue to attract an ever-growing number of students from Asia and the African continents, making SLIIT a cultural hotspot for networking among students. With SLIIT's state-of-the-art facilities and dynamic learning environment, our eminent team of educators is driven and committed to giving their best to our students from various backgrounds and cultures.

I urge you all to take advantage of every opportunity we have made available to you to develop and groom yourselves as future graduates and corporate leaders. You may seek guidance, support, and help from our lecturers and peers to advance in life as professionals in the study programs you have opted for. As new students of SLIIT, you are the torchbearers of the country to bring about positive change in a direction that will develop overall sustainability for a better future.

Finally, let me wish you the very best of luck in your academic endeavors during your tenure as a student at the Sri Lanka Institute of Information Technology. I hope that each of you will be able to become a world-class professional who will contribute to the betterment of our motherland.

MESSAGE FROM THE VICE CHANCELLOR

Professor Lalith Gamage
Vice Chancellor/Chief Executive Officer

BSc Eng, MSc, PhD, FBCS, CEng, MIE (SL), CITP
Affiliate Professor - University of British Columbia, Canada
Adjunct Professor - Curtin University, Australia

On the threshold of celebrating 25 years of excellence, I proudly reflect on SLIIT's journey toward becoming the number one non-state university in Sri Lanka. Our commitment to excellence has elevated us to be among the top five universities nationwide, both state and non-state, and placed us in various international rankings as well.

SLIIT is defined by the inspirational lives of our graduates, who have made significant impacts in various industries and disciplines, establishing their own brands and gaining worldwide recognition. Our contribution to higher education in Sri Lanka is evident through our high-caliber graduates who use their knowledge and skills to enrich society. At SLIIT, our vision and mission are intertwined to transform each student from a child sheltered within the confines of home and school into an adult capable of acquiring new skills, advancing in knowledge, and applying that knowledge to solve problems in industry and community.

SLIIT's progress over the past years has been marked by significant achievements. We have focused on enhancing academic excellence and achieving high rankings. Recently, we secured several accreditations, including IESL recognition for our Civil and Mechanical Engineering programs. Our research initiatives have flourished, exceeding our goal to publish our research internationally and nationally and secure substantial research grants. We have also made strides in internationalization, attracting a growing number of international students and forging partnerships with overseas universities.

Our infrastructure and facilities have seen significant upgrades, including new laboratories, online repositories, and state-of-the-art library facilities. We have expanded our reach across Sri Lanka with new campuses in Kandy and Jaffna. Moreover, our collaborations with industry and government sectors have doubled, enriching the educational experience through practical problem-solving and industry-based projects. The soon-to-be-established medical faculty represents one of our key initiatives, aiming to further enhance our academic offerings. Additionally, the establishment of Centers for Artificial Intelligence fosters interdisciplinary research and innovation across various domains, further solidifying SLIIT's position as a leader in higher education.

We continuously review and update our curricula and module contents to align with the evolving needs of industries and the latest advancements in respective fields. The Industry Consultative Boards established by SLIIT ensure that our programs meet industry standards. Our students benefit from access to an honorary professor network of high-caliber professionals from Sri Lanka and around the world. These individuals deliver lectures, engage in collaborative research, and review curricula, broadening our students' knowledge and perspectives.

At SLIIT, we believe in the holistic development of our students, encouraging participation in a diverse range of extracurricular activities, including sports, student societies, and inter-faculty events. These activities cultivate teamwork, critical thinking, and leadership skills, ensuring our graduates are well-rounded individuals ready to contribute meaningfully to society and enhance the country's economic status.

We take great pride in our continuing journey to expand educational opportunities, guarantee the provision of relevant and high-quality education, and make a significant contribution to the socio-economic development of Sri Lanka.

The Sri Lanka Institute of Information Technology (SLIIT) stands today as a symbol of excellence in private tertiary education. Celebrating 25 years, SLIIT is a member of the Association of Commonwealth Universities (ACU) and the International Association of Universities (IAU) and is also the first Sri Lankan institute to be accredited by the Institution of Engineering and Technology, UK.

SLIIT has emerged as Sri Lanka's number 1 non-state higher education institution and has secured an impressive joint third place among all universities nationwide, according to the prestigious Times Higher Education World University Rankings 2025. Moreover, SLIIT holds the number one position in the AD Scientific Index World Young University Rankings 2025. Additionally, in the 2024 Scimago Institutional Rankings, we achieved 5th position overall in Sri Lanka, in the first quartile. Across all these rankings, we stand proud as the number 1 non-state higher education institution in Sri Lanka.

The Institute fosters an active research culture through initiatives such as the research grant scheme, integrating research methodology into curricula, and establishing a research center. Together with state-of-the-art facilities, SLIIT aims to offer students a unique learning experience that enables them to succeed on their life's journey.

The Institute produces highly employable graduates at all levels in IT and other industries and accommodates over 40,000 alumni with a 96% employment rate. Having started with a mere 400 students, today the Institute boasts a student population of over 25,000. The recent addition of SLIIT Kandy Uni and NorthernUni showcases our unwavering commitment to evolving into the educational hub of South Asia.

We offer a wide range of degree options to develop self-sufficient, analytically strong individuals with critical thinking skills to become performing leaders in their respective fields.

Students benefit from the best of academic and student life with multidisciplinary faculties, recreational facilities, and affiliations with leading global universities such as Curtin University, Liverpool John Moores University, The University of Edinburgh, The University of Western Australia, and The University of Queensland, among others. Furthermore, through strong industry relationships, students have the opportunity to participate in internship programs and industry placements.

Our panel of lecturers includes both in-house and visiting lecturers with excellent academic credentials and international research experience at renowned universities. They are well-equipped to guide students.

SLIIT further supports an active research culture. The research grant scheme, integration of research methodology into curricula, and establishment of a research center all aim to promote research excellence. Together with state-of-the-art facilities, SLIIT's goal is to offer students a unique learning experience that enables them to succeed in their life's journey. With superior research facilities and optimum resources, SLIIT encourages students to reach new heights in both innovation and excellence. The consistently high standards we strive to maintain ensure our graduates are not only recognized on the global platform but are also capable of effectively tackling challenges in the real world.

RESEARCH WITH IMPACT

Research forms an integral part of SLIIT. Our research arm under the SLIIT Research & International Centre is established to foster a culture of innovation amongst the academic staff and students and promote novel thinking. This facility is overseen by a committee of senior academics/researchers. Moreover, the Sri Lanka Technology Incubator provides necessary facilities for new and startup companies to take successful projects to the next level.

- Being a leading degree-awarding institution in Sri Lanka, SLIIT has received over Rs. 125 million in research grants from the government, the World Bank, and business sources.
- With the advent of the Research Grant Scheme, SLIIT's research programs have earned a stellar reputation.
- We aim higher in our academic and research activities in order to gain more visibility and recognition by prominently featuring our research pieces on international research platforms.
- Our Research arm fosters an innovative environment for interdisciplinary collaboration by allowing national and international researchers to present their work at international conferences on Software, Knowledge, Information Management, and Applications (SKIMA).
- The Faculties of Engineering and Computing offer the M.Phil. and Ph.D. programs and recently SLIIT Business School was also granted this facility by the UGC. In the near future, the Faculty of Humanities and Sciences hopes to follow suit.
- Each department has its own research clusters, each of which is headed by a senior academic/professor. In exchange, these senior academics are eligible for SLIIT's annual research grants and awards.
- Research methodology is a compulsory module for all postgraduate degrees at SLIIT.
- Each student undertakes a comprehensive research project with the guidance of SLIIT staff members.
- Grants may be utilized for research purposes at the discretion of staff and research students. These include gaining access to beneficial resources such as online publications and attending relevant conferences.
- The SLIIT Research arm is well-equipped for both staff and student research and is overseen by a committee of senior academics and researchers.
- The SLIIT Pro Vice Chancellor (Research & International) office in the Malabe Campus offers guidance and facilitate a nurturing study environment.

SLIIT COMMUNITY

Our academic experience is enhanced by many social and cultural events organised by internal student societies.

WE STRONGLY BELIEVE THAT STUDENTS NEED TO COMPLEMENT THEIR ACADEMIC WORK WITH A WIDE VARIETY OF EXTRA-CURRICULAR AND CO-CURRICULAR ACTIVITIES.

As such, SLIIT provides these opportunities and encourages students to participate in them actively.

All students entering SLIIT follow orientation courses prior to embarking on the degree. They are designed to improve English Language, Mathematical and Computer Skills. Each of these courses are highly beneficial in sculpting polished individuals.

Furthermore, as all SLIIT programmes are conducted in English medium, the English course is particularly useful. We now also provide student counselling and guidance services, established to assist and support students with any difficulties or issues that could hinder their personal and professional development.

TRANSFER PATHWAYS

If you are considering transferring to an international university to pursue a degree abroad, we offer a variety of flexible transfer pathways. These include our 1+2, 2+1, and 2+2 transfer programs in collaboration with prestigious universities in Australia, Canada, the UK, the USA, New Zealand, France and Italy. These arrangements allow you to begin your studies locally and complete the remainder of your degree at one of our partner institutions, providing you with a seamless and enriching international academic experience. Students who wish to pursue their postgraduate studies overseas are also presented with options. Explore these opportunities to broaden your horizons and enhance your global education journey.

FACULTY OF COMPUTING

The Faculty of Computing at SLIIT stands as the largest of its kind in Sri Lanka, offering a diverse range of innovative programs designed to prepare students for the rapidly evolving world of technology. With opportunities to specialize in fields such as Information Technology, Software Engineering, Data Science, Information Systems, Networking, Interactive Media, and Cyber Security, the faculty ensures that every student's passion finds its path. Students benefit from a flexible academic journey, with globally recognized degrees approved by the Ministry of Education, Sri Lanka and the University Grants Commission.

Additionally, the faculty provides access to Curtin University's offshore programs and pathways to leading partner universities in the UK, USA, Canada, and Australia. Global affiliations with the Association of Commonwealth Universities (ACU) and the International Association of Universities (IAU) ensure that programs adhere to international standards. The curriculum seamlessly integrates theoretical knowledge with practical experience, supported by advanced computer laboratories, robust internship opportunities, and a team of dedicated and expert lecturers committed to academic excellence. Continuing its tradition of innovation, the faculty has introduced new degrees in Computer Science and Computer Systems Engineering, addressing the demands of the ever-advancing tech landscape. The Faculty of Computing at SLIIT is not merely focused on educating about technology—it is empowering students to shape its future. With a commitment to fostering opportunity and innovation, the Faculty of Computing opens doors to endless possibilities in the global technology arena.

SOFTWARE ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/L's. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow Software Engineering Specialisation, students must meet the minimum GPA requirement specified by the faculty at the end of the 2nd Year 1st Semester. Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Focused on application of Software Engineering theories and practices to design, develop, and maintain solutions to complex real-world problems through a sequence of processes, including problem identification, analysis, software design, development, verification and documentation.

Solutions may include single-user applications to enterprise-level applications that can scale globally.

Covers a wide range of key knowledge areas related to Software Engineering discipline, including Requirements Engineering, Object-oriented Analysis and Design, Full-stack Development, Mobile Application Development, Enterprise-level Application Development, Architecting Software Applications that can scale globally, Software Quality Assurance, User Interaction/User Experience Design and industry best practices used in developing software.

Aimed at instilling a solid foundation in the entire software development lifecycle, well-equipped with theoretical and practical skills.

Students will undertake a mandatory six month industry placement after their second year.

- Mobile Application Engineer
- UI/UX Engineer
- Full Stack Developer
- Web Application Developer
- DevOps Engineer
- Machine Learning Engineer
- Quality Assurance Engineer
- Cloud Software Engineer
- Site Reliability Engineer
- Network Designers

DATA SCIENCE

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/ Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/L's. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow Data Science Specialisation, students must meet the minimum GPA requirement specified by the faculty at the end of the 2nd Year 1st Semester. Applicants should also pass the Aptitude Test conducted by SLIIT

ABOUT THE PROGRAMME

Data Science professionals can identify relevant questions, collect data from a multitude of different data sources, organise the information, translate results into solutions, and communicate their findings in a way that positively affects business decisions.

The curriculum has been designed to equip the undergraduates with the necessary knowledge, skills and attitudes to become effective professionals. Key knowledge domains of the programme include Machine Learning, Big Data Technologies, Cloud Computing, Internet of Things, Database Systems, Data Engineering, Programming, Data Visualisation and Statistical Modeling.

The meticulous curriculum focuses on the fundamentals of Computer Science, Statistics, and Applied Mathematics, while incorporating real-world examples. Graduates are prepared to succeed in specialised jobs involving everything from Data Pipeline and Storage, to Statistical Analysis and eliciting the story the data tells.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Data Engineer
- Business Intelligence Engineer
- Data Scientist
- Software Engineer
- Big Data Engineer
- Data Analyst
- Data Architect
- Database Administrator
- Machine Learning Engineer
- Big Data Application Developer
- DevOps Engineer
- Data Science Specialist

ARTIFICIAL INTELLIGENCE

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/ Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/L's. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow Artificial Intelligence Specialisation, students must meet the minimum GPA requirement specified by the faculty at the end of the 2nd Year 1st Semester. Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

This new specialisation is designed for students who wish to gain an accelerated early career in Artificial Intelligence. It will prepare you for a successful career in the various roles directly and indirectly connected to the world of artificial intelligence and machine learning.

Students will gain valuable hands-on experience developing & deploying various AI solutions to a variety of Industry Verticals.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Machine Learning Engineer
- Data Scientist
- AI/ML Developer
- AI Product Manager
- Robotics Engineer
- Natural Language Processing (NLP) Engineer
- AI Ethics Specialist
- Computer Vision Engineer
- AI Solutions Architect
- Big Data Engineer
- AI Trainer

CYBER SECURITY

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/ Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow Cyber Security Specialisation, students must meet the minimum GPA requirement specified by the faculty at the end of the 2nd Year 1st Semester. Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Focus on protecting computers, networks, programs and data from unintended or unauthorised access, change or destruction. Emphasis on key areas related to the discipline, including Information Governance, Risk Assessment and Management, Security Development, Information Security Architecture, Information Security Testing and Information Assurance Methodologies, Secure Operations Management, Service Delivery and Vulnerability Assessment, Incident Management, Investigation, Digital Forensics, and Information Security Audit.

Due to increasing and persistent cyber attacks, there is a demand for cybersecurity professionals with a deep understanding of the complexities of protecting and defending infrastructures and networks. This programme provides an in-depth education with leadership and ethics focus. Going beyond programming and network administration, the Cyber Security program covers the critical topics facing organisations today, including Data Protection, Legal and Compliance, Operational and Strategic Cybersecurity Management, Penetration Testing, and Digital Forensics.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Cyber Security Professionals
- Network Security Specialists
- Operations and Security Managers
- Incident and Threat Managers
- Systems Security Architects
- Risk Analysts and Risk Managers
- Computer Forensics Investigators
- Security Operations Center (SOC) Analysts

INFORMATION SYSTEMS ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/Engineering Technology streams) in one and the same sitting at the GCEA/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow Information Systems Engineering Specialisation, students must meet the minimum GPA requirement specified by the faculty at the end of the 2nd Year 1st Semester. Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Develops a sound understanding of principles and practices related to both technical and organisational aspects of ICT in graduates. ISE graduates can serve as an effective bridge between the technical and management communities within an organisation, enabling them to work in harmony to ensure that the organisation has the information and the systems it needs to support its operations. Plays a key role in determining the requirements for an organisation’s information systems, and actively involved in the requirement specification, design, implementation and management. Covers several key areas related to the discipline, including Business & Systems Analysis, Requirement Engineering, Systems Design, Business Process Re-engineering, Enterprise Resource Planning and Fundamentals of Business Management, along with Marketing, Accounting and Human Resource Management.

Will have hands-on experience through industry internships and will have opportunities to connect with successful businesses in the ICT industry. Caters to those interested in becoming specialists focused on integrating IT solutions and business processes to meet the information needs of businesses and other enterprises.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Business Analyst
- Business Process Analyst
- Systems Analyst
- Enterprise Architect
- Project Manager
- Business Information Manager
- Application Developer
- Database Administrator
- Software Quality Engineer
- Product Owner
- ICT Consultant

COMPUTER SYSTEMS & NETWORK ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in one and the same sitting including passes in Combined Mathematics and Physics.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in one and the same sitting including Combined Mathematics and Physics (or equivalent subjects in Cambridge/Edexcel A/L).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Focused on design, development and maintenance of computer and data communication networks. Design and maintain services required for a secured enterprise network infrastructure. Covers a wide range of key knowledge areas related to Computer Systems and Networking discipline, including Network Design and Management, the Convergence of IT and Telecommunications, Embedded Systems, Computer Hardware and Software, Real-time Systems and IT Technical Support.

The programme is specially designed to improve the students' knowledge of theories, principles and practices in Computer Network Engineering field and a wide range of soft skills. The key knowledge areas of the programme include Computer Network Engineering, Computer Systems Administration, Embedded Systems Engineering and Cloud Computing related Technologies.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Network Engineers
- Network Administrators
- Computer Systems Engineers
- Computer Systems Administrators
- Database Administrators
- Cloud Systems Engineers
- Scripting Engineers
- DevOps Engineers
- Security Engineers
- Infrastructure Engineers
- Network Architects
- Virtualisation Engineers
- Backup Storage Engineers
- Network Designers

INTERACTIVE MEDIA

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow the Interactive Media Specialisation, students must pass a selection interview at the end of the 2nd Year 1st Semester. Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Focused on producing computing professionals proficient in creative computing. Produces graduates with skills in producing the next generation of multimedia applications, AR/VR solutions, products, and systems.

Caters to the need of rapidly evolving, creative, media-based industries, and covers technical and applies aspects such as: Design Ideation, 3D Modelling & Animation, Digital Video Production, Digital Image Processing, UI Engineering, Game Development, etc.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- UX/UI Engineer
- Visual Concept Designer
- Game Technologist
- Game Designer/Developer Web
- Developer
- Creative Director
- Production Manager
- Mobile Application Developer
- 3D Modelers
- 2D/3D Animators
- 2D/3D Visual Concept Designers
- Digital Marketing Specialists
- Advertising Media Specialists
- Interactive Designer
- Cinematographer
- Video/Visual Production Specialist
- Audio Production Specialist
- AR/VR Developer

INFORMATION TECHNOLOGY

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 “S” passes in any stream (other than Physical Science/ Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 “D” passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

The programme inculcates the right combination of theory and practical, hands-on expertise on how to take care of both an organisation’s information technology infrastructure and the people who use it. A graduate of this programme is capable of developing/ selecting hardware and software products appropriate for an organisation, integrate those products with organisational needs and infrastructure, and install, customise, and maintain those applications.

This programme is designed for technically focused students who wish to build a solid technical foundation in information technology and its application, facilitating the students to develop strong technical skills. The programme covers a wide range of key knowledge areas related to Information Technology, including Programming, Software Engineering, Networking, Database Management Systems, Operating Systems, Web Technologies, and Human Computer Interaction.

Further, the graduates are exposed to other vital areas, such as Systems Administration, Technical Support, Project Management, Accounting, Marketing, Entrepreneurship, and Business Management.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- ICT Infrastructure Engineers
- Information Assurance Engineers
- Software Quality Assurance Engineers
- Software Engineers
- Network Engineers
- DevOps Engineers
- UI/UX Engineers
- Project Coordinators
- Business Analysts
- IT Managers
- IT Educationists

BSc (HONS) IN COMPUTER SYSTEMS ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 2 "C" passes & 1 "S" pass in Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) AND to pass the special aptitude test & interview conducted by the faculty.

Cambridge/Edexcel A/Ls : Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry) AND to pass the special aptitude test & interview conducted by the faculty.

ABOUT THE PROGRAMME

BSc (Hons) in Computer Systems Engineering degree programme produces world-class graduates equipped with strong foundations in analytical and quantitative skills with comprehensive knowledge of Electronics, Mathematics, Computer Systems, System Modeling, and Research. The degree programme aims to create a multi-faceted graduate who is accomplished in the core knowledge areas in Computer Systems and Electronic Engineering, including Software and Hardware Systems, as well as the Foundations in Mathematics, Communication Skills, and Project Management.

The programme is specifically designed to improve the students' knowledge on theories, principles, and practices in the Computer Systems Engineering discipline with a wide range of soft skills. The rapid evolution in the computing field requires Computer Systems Engineering graduates to be life-long learners to maintain their knowledge and skills within their chosen discipline.

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Computer System Design Engineer
- Aeronautics Engineer
- Electronics Engineer
- Industrial Engineer
- Computer Hardware Engineer
- Network Engineer
- Network Security Specialist
- Computer Support Specialist
- Lead Systems Engineer
- Systems Security Analysts
- Academia
- Researchers

BSc (HONS) IN COMPUTER SCIENCE

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 “S” passes in Physical Science Stream (Combined Mathematics, Physics & Chemistry or ICT) AND to pass the special aptitude test & interview conducted by the faculty.

Cambridge/Edexcel A/Ls : Minimum of 3 “C” Passes Covering Mathematics, Physics & Chemistry or Computer Science/IT AND to pass the special aptitude test & Interview conducted by the faculty.

ABOUT THE PROGRAMME

The BSc (Hons) in Computer Science degree programme produces high-quality graduates with strong analytical and quantitative skills with a comprehensive knowledge in Mathematics, Programming, Software Engineering, System Modelling, and Research. The graduates must be versatile in the knowledge drawn from the key knowledge areas of Computer Science, including Algorithms Design and Implementation, Intelligent Systems, Parallel Computing, and Computational Science.

A Computer Science graduate will have the fundamental knowledge and skills of a software engineering graduate, with an emphasis on developing their own tools, frameworks, and required algorithms. In addition, a Computer Science graduate will also be able to apply state-of-the-art Computer Science methods in Algorithms, Fault-tolerant Design, Code Optimisation, and High-performance Computing. Due to the rapid pace of change in the computing field, Computer Science graduates must be life-long learners to maintain their knowledge and skills within their chosen discipline.

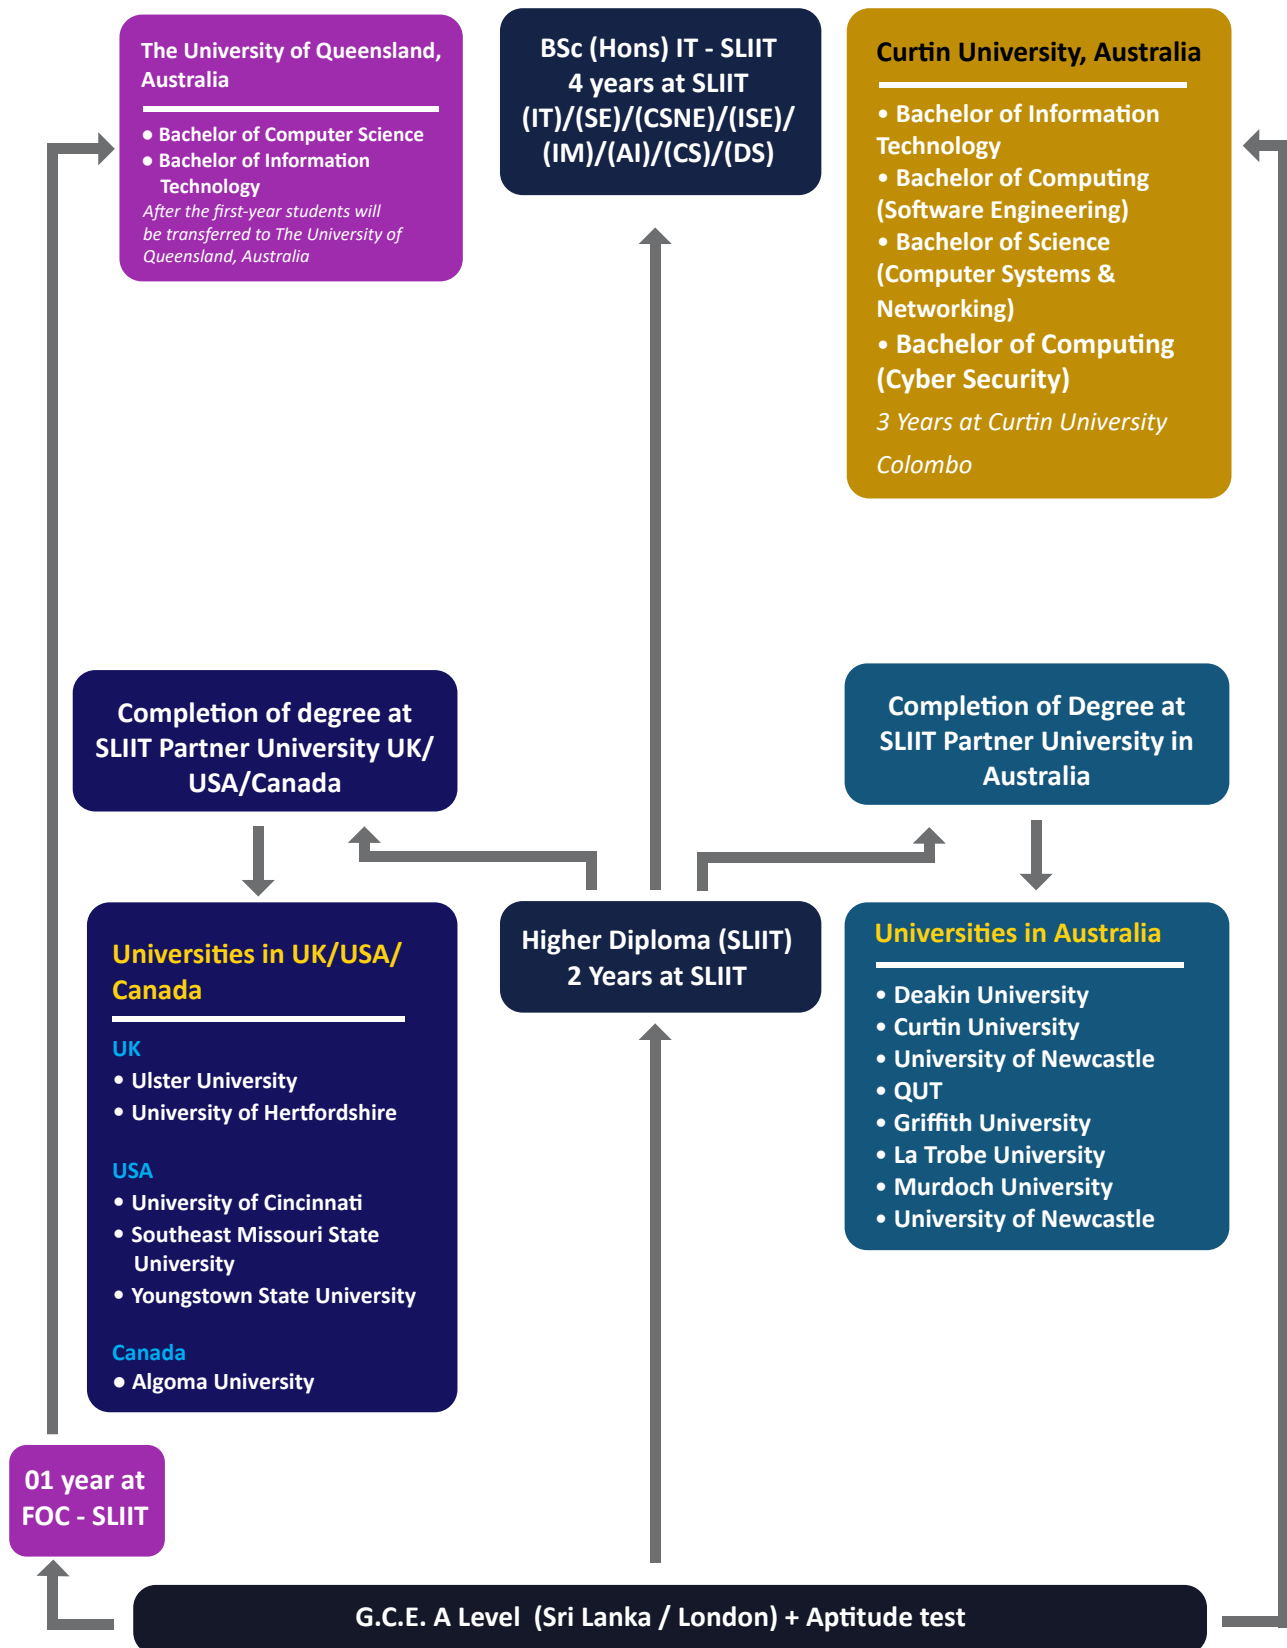

Students will undertake a mandatory six month industry placement after their second year.

CAREERS

- Computer Scientists
- High-Performance Computing Specialists
- Computational Specialists
- AI/ML Specialists
- Software Engineers
- Data Scientists
- Academics
- Researchers

YOUR DEGREE PATHWAYS

SLIIT CODEFEST

CODEFEST is the effort of SLIIT to elevate the entire nation's ICT knowledge to achieve the nation's aspiration of being the knowledge hub in Asia. Therefore, having realized the present need of the country, the Faculty of Computing of SLIIT is conducting CODEFEST, a Nationwide Software Competition in collaboration with the Ministry of Education. In addition, CODEFEST is organized as a part of a CSR project to disseminate IT knowledge across the island as a whole. Reckoned as National ICT competition in 2015, this is the biggest software competition in Sri Lanka aimed at encouraging and promoting software application design amongst school and university students. The annual increase in entries, fierce competition amongst students and a rise in event categories, has made CODEFEST an event looked forward to by many schools and universities.

The International Conference on Advancements in Computing (ICAC), organized by the Faculty of Computing, is a two-day conference featuring paper presentations, workshops, and keynote speeches. ICAC serves as a platform for national and international researchers to showcase their research output, network, and initiate collaborative work. In the conference, close to 100 technical papers are presented which are selected with an acceptance rate close to 35%. The presented papers are published in IEEE Xplore and are scopus indexed. The conference has benefited Sri Lanka and the wider community by providing a platform for researchers and academics from other countries to present their innovative work, contributing to the exchange of knowledge and ideas. The event has also helped to position Sri Lanka as a destination for academic conferences, leading to increased international participation and collaboration. Additionally, the conference has contributed to advancements in various sectors, such as agriculture, technology, healthcare, and education, by showcasing findings and outputs that can be utilized for the country's economic growth and sustainability.

OUR STUDENTS, OUR PRIDE

Equipped with the essential knowledge gained from SLIIT, I began a remarkable journey that led me to a prominent leadership position at a global IT firm serving the international technology sector.

The strong base and plentiful opportunities provided by SLIIT were instrumental in shaping my path to leadership, underscoring the transformative power of education. I believe this narrative will inspire those dedicated to hard work, highlighting the profound impact of perseverance in the field of IT education. May it stand as a testament to the importance of embracing educational pursuits, guiding individuals toward exceptional achievements.

Dr. Upendra Pieris
Founder & CEO @ Orel IT

I am an entrepreneur, innovator and avid programmer. The foundation that SLIIT created for me is an invaluable component, as dedicated members of staff, particularly the lecturers provided a solid sounding board to help hone my talent. Every course offered at SLIIT is incredibly competitive not just on a local but also global scale, with degrees affiliated with world-renowned universities, thus giving students opportunities to gain internationally recognised qualifications right here in Sri Lanka.

Mr. Chamira Jayasinghe
SLIIT - Faculty of Computing
Founder / CEO - Arimac

The fundamentals I learned at SLIIT gave me the confidence to not only face but “ace” my interview at Fidessa, the world’s #1 Equities Trading Platform providers. I subsequently worked in Technology teams at three investment banks in London; Royal

Bank of Scotland, Barclays Capital, and JP Morgan. Holding a First-Class degree at the top of my batch became less relevant with time as subject knowledge became obsolete. I believe my commitment to a lifetime of learning beyond formal education has helped me adapt to change and make progress in my career.

Mr. Dimuthu Ratnayake
SLIIT - Faculty of Computing | Vice President | Senior Equity
Trader - Northern Trust Corporation

I currently serve as a Software Development Manager at Amazon, a journey that began at SLIIT. Grateful for its solid foundation, I honed my skills and gained invaluable experiences during my time as a student. The supportive environment and cutting-edge curriculum at SLIIT paved the way for my success. Graduating, I contributed my expertise to multinational software companies and later served as a lecturer at SLIIT for four rewarding years. Today, reflecting on my career, I attribute much of my success to the institute's supportive ecosystem, a crucial factor in my growth as a leader in the dynamic world of software development.

Dr Chathuranga Manamendra
Software Development Manager at Amazon

The weekend programme option at SLIIT enabled me to kickstart my career from the first year itself and pursue my studies over the weekend. I ended up being the batch representative and topping my batch a couple of times earning full scholarships. The lecturers were really supportive, and I wouldn't be where I am today, if not for the ground work laid out by SLIIT.

Mr. Nilesh Jayanandana
SLIIT - Faculty of Computing | Architect at WSO2

SLIIT BUSINESS SCHOOL

Today, Business Management is a competitive and ever-evolving field. Graduates are expected to establish a multidisciplinary approach in any and all circumstances. Our Bachelor of Business Administration (BBA) Honours Degree allows students to apply their theoretical knowledge effectively within practical situations through valuable communication skills taught during their studies. We aim to craft seasoned graduates who not only possess all the necessary skills to succeed in Business Management, but also the right attitude. Along with the ability to think analytically, solve problems independently, they will be able to work as experts within the industry. Our Business degrees are awarded by SLIIT as approved by the Ministry of Education, Sri Lanka and University Grants Commission. The institute is also a member of the Association of Commonwealth Universities (ACU) and International Association of Universities (IAU) as well as a member of the Association to Advance Collegiate Schools of Business (AACSB).

Students have the option of completing the entire 4-year course under SLIIT as approved by the Ministry of Education, Sri Lanka and University Grants Commission or they have the option of studying the Liverpool John Moores University and Manchester Metropolitan University offshore programmes in Sri Lanka, right here at SLIIT. SLIIT Business School has partnered with The University of Queensland, which is ranked among the top 50 universities in the world, to provide interested students with the opportunity to study the first year in Sri Lanka and complete the degree while experiencing university life at a top-ranked university during the final two years. Students can also complete their degree at one of SLIIT's partner universities in Canada, Australia, New Zealand and Italy.

BUSINESS ANALYTICS

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisite specified by the faculty. The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

Graduates of this programme support companies and organisations in realising the data generated from various business processes, sources and devices, which can be used to improve their speed and effectiveness in generating business insights and intelligence for optimal decision-making purposes. Their knowledge and skills in Business Analytics can be used to gain insights to make informed business decisions and can be used to automate and optimise business processes. Data-driven companies treat their data as a corporate asset and leverage it for a competitive advantage. Our graduates are skillful at using a number of analytical tools in such companies. Data quality skilled analysts who understand the technologies and business and have an organisational commitment to data driven decision-making are crucial today for a successful business, and we focus on making these skilled hybrid analysts.

As per the above features, a significant demand exists in the modern business world for Business Analytics graduates. This is the discipline of applying quantitative analytical models to analyse data, particularly found in large volumes, to help make better business decisions. Successful Business Analytics depends on the quality of data, skilled analysts who have a thorough understanding of technologies, and the organisation's commitment to data-driven decision-making. Career opportunities for Business Analytics graduates are thriving as major organisations have adopted data driven and technology-focused approaches.

CAREERS

- Business Data Analyst
- Research Analyst
- Risk Analyst
- Operations Analyst
- Business Intelligence Consultant
- Enterprise Content Management Consultant
- Machine Learning Engineer
- Data Architect
- Data Scientist
- Chief Technology Officer (CTO)
- Chief Data Officer (CDO)

HUMAN CAPITAL MANAGEMENT

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIT.

The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

This four-year Human Capital Management (HCM) degree provides a competitive edge in producing human capitalists beyond Human Resource managers.

This course provides theoretical and practical insights into soft and hard behaviours of human capital by covering significant HCM content alongside soft skills development, and improving ethical behaviour with the intention of seeking employment in vivid industries in the capacity of HCM.

Covers the theoretical foundation of HCM, with a sound appreciation of other related business disciplines. Provides students with the knowledge, skills and social awareness necessary to manage people both nationally and internationally.

Growing awareness of the importance of HCM, has led to increasingly competitive levels of pay, and graduates can therefore, look forward to excellent career prospects.

MARKETING MANAGEMENT

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

This four-year Marketing Management degree will provide the students with the skills and experience to become a marketing professional, and the confidence to progress into a number of roles, from product marketing to public relations.

Right from the first year, students will engage in live client project work, putting their skills and knowledge into practice. There will also be opportunities to test their professional skills in a secure and supportive environment, and develop innovative approaches to solving marketing problems. They will benefit from the collaborative approach to teaching and learning, which enables our students to determine the nature, structure and content of many modules.

The programme is recognised by the Sri Lanka Institute of Marketing (SLIM), the apex body for Sri Lankan Marketers.

Marketing Management emphasises on the importance of converting an organisation's entire system into a customer-focused entity. Students are able to gain an entirely new perspective of both the organisation and the customer. Complete with universally applicable fundamentals, the study programme will provide students with an in-depth knowledge of marketing, as practised in today's competitive business environment.

ACCOUNTING & FINANCE

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisite specified by the faculty. The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

The programme offers a well-rounded mix of modules covering all aspects of Accounting and Finance that blends together an understanding of the financial world and the topical issues affecting that world. The content of this programme is reviewed periodically to ensure it is kept up-to-date and in line with industry needs.

Students are provided with a thorough grounding of the theory and practice of Accounting and Finance embedded with IT not only in preparation for employment, but also for further academic and professional advancement.

This programme is recognised by the Chartered Institute of Management Accountants (CIMA) and the Institute of Certified Management Accountants of Sri Lanka (CMA), who are members of the International Federation of Accountants (IFAC), and CMA being a member of the South Asian Federation of Accountants (SAFA) and the Confederation of Asian and Pacific Accountants (CAPA).

Moreover, the Chartered Institute for Securities and Investments (CISI) has recognised this degree by exempting the foundation level completely. Allows students to acquire in-depth knowledge typically required by an expert in Finance and Accounting. Electives available in the final year allow students options for further specialisations in the selected fields.

LOGISTICS & SUPPLY CHAIN MANAGEMENT

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

Here we target future leaders and managers in the fast-growing Logistics & Supply Chain sector. Our graduates gain knowledge and understanding of Purchasing, Materials Management, Supply-chain Management, Transportation, Customs Regulations, Foreign Exchange, International Trade, and Information Technology. This area has become an extremely important and vital pre-requisite in effectively managing any type of business today. It provides a solid theoretical and conceptual knowledge and the capacity to apply analytical methods to facilitate sound operational and strategic business decisions.

Provides students with the core knowledge necessary for a wide range of logistics and supply chain activities such as demand planning, purchasing, inventory control, material handling, product and service support, IT, transportation, distribution, warehousing and strategic supply chain management. Focuses on the analysis, design, implementation, planning, control and improvement of manufacturing and service processes.

Prepares students for professional careers with manufacturers, distributors, transportation carriers, logistics service providers and consulting firms. The curriculum provides the required theoretical conceptual base and analytical methods for making sound operational and strategic business decisions.

CAREERS

- Procurement Managers
- Logistics Managers
- Procurement/Purchasing/Sourcing Executives
- Supply Chain Executives
- Strategic Buyers
- Demand Planners
- Shipping and Logistic Executives
- Operations Specialists
- Logistics Assistants
- Logistics Analysts

BUSINESS MANAGEMENT

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIT.

The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

The dynamic business environment demands multiple skills and abilities from management graduates. Rather than being specialised in a single area of knowledge, the graduates entering the business community would benefit by being equipped with knowledge in multiple areas important to a business. This offers flexibility to the industry to shape young graduates to their specific job requirements with minimum investment. The business community's need to recruit multi-skilled graduates who have exposed themselves to a wide range of knowledge and skills is intended to be catered to through the introduction of this BBA (Hons) Business Management programme.

This specialisation seeks to provide an academic experience with a strong emphasis on the development of business knowledge, skills and capabilities appropriate to the rapidly changing global, cultural and technological business environment. The course aims to develop an enquiring, critical and reflective approach to ideas and issues, enabling successful graduates to contribute proactively to the world of private business, to public organisations, to the main business related professions, to self-employment, and to the wider society within which businesses operate.

CAREERS

- Consultants
- Business Executives
- Managers
- Business Development Executives
- Academics/Lecturers
- Business Coordinators
- Entrepreneurs
- Bankers
- Research Executives
- Management Trainees

MANAGEMENT INFORMATION SYSTEMS

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

The application of IT in Business Management has become a must in the current business environment to enhance the quality of life for individuals in society. MIS provides the vital and necessary link between business and information technology and improves productivity in any business. Solving business problems using IT is essential in the fast-moving business world.

Our graduates are capable enough to support modern business organisations to achieve their goals. Students in the modern environment should be interested in how to apply information technology to improve business and enhance the quality of life for individuals in society. The Management Information Systems degree is where business meets technology. Students will obtain the required theoretical and practical knowledge with other skills through this four-year program. With this MIS specialisation, students are introduced to the following areas for their careers to become business analysts, consultants, innovators and entrepreneurs.

Students interested in MIS are typically good problem solvers, can multi-task, take challenges easily, always seek and initiate new projects, can handle ambiguity, like to work in teams, can see both the big-picture and work on the details, and they will work hard for high payoff.

CAREERS

- Business Analyst
- System Analyst
- Functional/Technical Lead
- Project Manager
- E-Commerce Specialist
- UI/UX Designers
- Quality Assurance Engineer
- Database Administrator
- Enterprise Systems Consultant
- IS Strategy Consultant
- Chief Technology Officer (CTO)

QUALITY MANAGEMENT

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisite specified by the faculty. The programme will be available upon meeting the minimum student enrollment.

ABOUT THE PROGRAMME

Quality Management plays a crucial role in any company's growth and performance. It is also an essential resource in the competition for customer relationships, striving to deliver a superior experience. The extensive knowledge provided by the Quality Management specialisation provides students with a deeper understanding of four primary areas. First, it deepens the knowledge of quality concepts (Lean Six Sigma, Toyota Production System, Lean Management, etc.). Second, it focuses on a wide range of problem-solving techniques such as Kaizen, QC Circle, DMAIC, Focused Brainstorming, Process Mapping, SIPOC Diagram, Forcefield Analysis, Matrix Analysis, C&E Analysis, Failure Mode Analysis, Performance Sampling, Check Sheets, Analytical Charts, Pareto Charts, Run Charts, Multi-Vari Charts, Correlation Charts, etc. Third, concentrates on Quantitative and Qualitative Forecasting techniques. Finally, it enlightens the ISO Standards that are mandatory in carrying out professional careers in ensuring quality in all business processes. As a result, students will be equipped with artificial intelligence and analytical tools for making sound operational and strategic business decisions in Quality Management. This specialisation offers a wide-range of knowledge, skills, and practical experience related to the Quality Management discipline including quality standards, quality assurance, quality control, product improvement, process control, reliability, inspection, and Total Quality Management with contemporary IT applications. A graduate of the Quality Management discipline becomes a highly valued asset for almost any organisation. To ensure the effectiveness of management systems and to strengthen the long-term competitive position, a company must engage qualified management professionals to manage and maintain standards, as well as to conduct inspections and audit processes. Quality management experts guarantee that products and services achieve a positive reputation in the market by exceeding customers' expectations, which is critical for survival. With the recent advent of quality management, now is an excellent moment to pursue a degree in this discipline, as there is a great demand for Quality Management specialists in the modern business world.

CAREERS

- Quality Management Consultant
- Quality Management Specialist
- Corporate Quality Director
- Quality Manager
- Quality Assurance Audit Manager
- Quality Assurance Analyst
- Quality Management Executives
- Quality Control Officers – Testers/Inspectors

BACHELOR OF BUSINESS ADMINISTRATION (HONS)

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream & a "C" pass for O/L English.

OR successful completion of SLIIT City Uni Foundation.

Applicants should also pass the Aptitude Test conducted by SLIIT

LIVERPOOL
JOHN MOORES
UNIVERSITY

ABOUT THE PROGRAMME

Undertaking a BBA(Hons) will give you a thorough preparation for business life. The aim is to develop competence in the management of money, people, products, processes and markets. We start with broad coverage of the academic disciplines that underpin business. You have the opportunity to undertake a mixture of core and optional modules that will focus on areas such as Diversity Management, Researching and Developing a Business Plan and Corporate Governance. This wide range of skills are necessary for today's competitive workplace, so as a graduate, it will be a great advantage, offering numerous career prospects.

CAREERS

A wide array of professional positions in the field of business encompassing, but not restricted to:

- Project Managers
- Marketing Managers
- Human Resources Managers
- Operations Managers
- Business Development Managers
- Management Consultants
- Entrepreneurs

BSC (HONS) FASHION BUSINESS & MANAGEMENT

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream & a "C" pass for O/L English

OR successful completion of SLIIT City Uni Foundation.
Applicants should also pass the Aptitude Test conducted by SLIIT.

**Manchester
Metropolitan
University**

ABOUT THE PROGRAMME

The BSc (Hons) Fashion Business and Management degree is offered by Manchester Fashion Institute of Manchester Metropolitan University, United Kingdom. It responds to the needs of the rapidly evolving global fashion industry, where the customer is steering businesses to think and act smarter. Successful companies are putting their customer at the heart of the brand. Marketing, buying, merchandising, data insight, digital channels and in-store have to work together to design a service to bring about a total customer experience. This requires fashion graduates to have the vision, entrepreneurial thinking, business management and marketing skill sets to be successful within this vibrant industry. The course is broad but focused on developing knowledge of the fashion industry of tomorrow, building creative thinking and commercial acumen.

Joining the BSc (Hons) Fashion Business and Management programme will take you on a journey that will put you at the forefront of current thinking within the fashion industry and prepare you to excel as a graduate and a future leader. Teaching and learning on the course is supported by real-world scenarios and contexts, challenging you to engage in contemporary business issues through live projects and problem-based learning. You will acquire invaluable insight into the fundamentals of global business strategy, digital-driven marketing, finance, sustainability, supply chain, data analytics and innovative entrepreneurship.

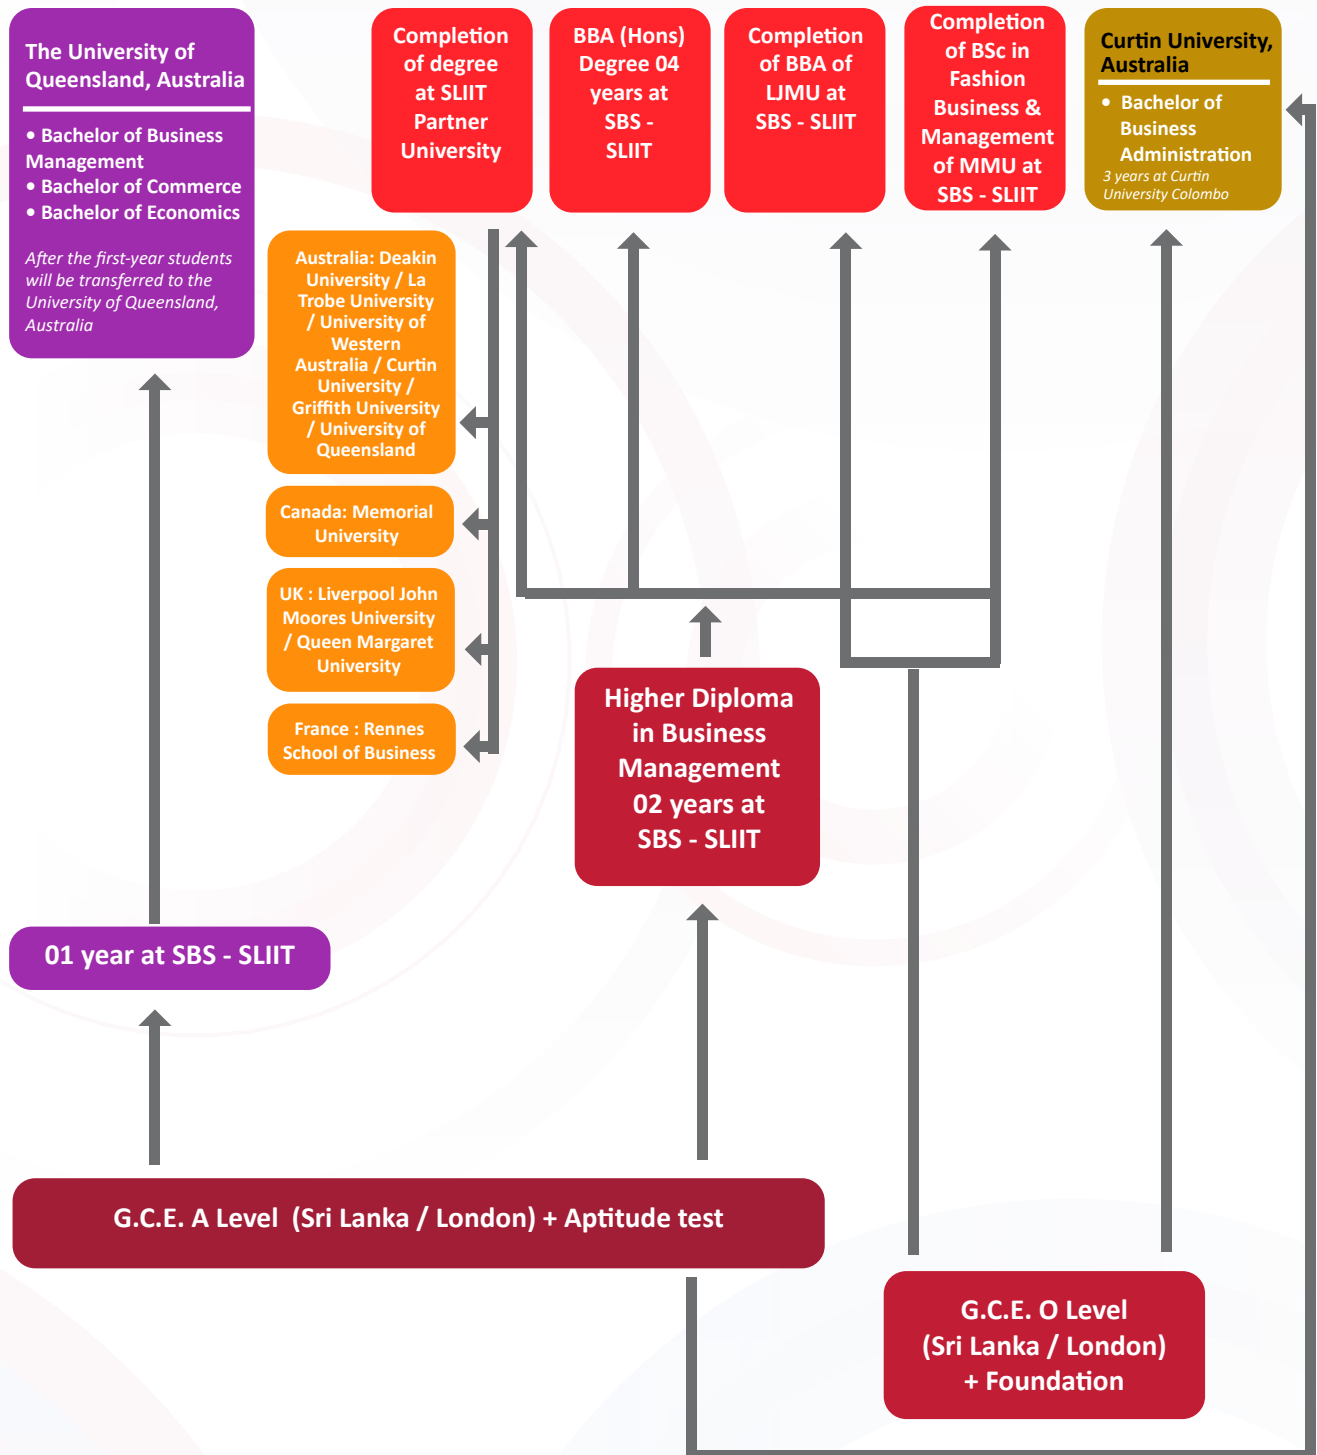

CAREERS

A wide array of professional positions in fashion Industry, encompassing, but not but not restricted to:

- Marketing Managers
- Sourcing Managers
- Customer Experience Managers
- Retail Managers
- Wholesale Managers
- Multi-Channel Analysts
- Brand Managers
- Digital Marketing Managers
- Social Media Managers
- Buyers
- Merchandisers
- Business Owners/Entrepreneurs

YOUR DEGREE PATHWAYS

The SLIIT Business School annually organises 'Soft Skills+', an inter-school quiz competition and soft skills workshops sparking an interest in soft skills, whilst improving general knowledge amongst school children. Though in-class lessons are valuable, soft skills such as teamwork, problem-solving, creativity and thinking out of the box are equally important. Emphasis on competitive examinations amongst secondary schools leave little time for the development of these important skill sets: hence, the main initiative for this programme. The event is open to students from Grade 11- Grade 13, representing state, private and international schools. All winners and participants will receive certificates and prizes. This is organised as a Corporate Social Responsibility (CSR) initiative by SLIIT Business School.

SLIIT Business School, the proud host of the ICSDB conference is a global platform spotlighting cutting-edge research across diverse tracks such as Digital Business, Innovation, Economics, Finance Marketing, Logistics, Artificial Intelligence, Human Capital Management, Analytics and many multidisciplinary fields. The event creates a plethora of research papers from international scholars, showcasing the breadth of expertise. Setting itself apart, ICSDB featured the prestigious ICSDB Excellence Awards, acknowledging businesses for their significant contributions to sustainable and digital practices. Renowned for its influential role in business education, SLIIT Business School consistently shapes industry discourse, with events like ICSDB leading the way.

OUR STUDENTS, OUR PRIDE

I am immensely grateful for the transformative journey I experienced at SLIIT. Pursuing my Bachelor of Business Administration degree at SLIIT was a pivotal choice that laid the foundation for my success. The university's dedicated faculty, equipped with profound knowledge and industry insights, played a critical role in shaping my understanding of the corporate environment. Graduating with a second upper was not just a testament to my hard work but a reflection of the academic excellence fostered at SLIIT. The skills and insights gained during my time there paved the way for my professional endeavors. I currently thrive in my role at Acuity Knowledge Partners, accumulating over 7 years of rich experience in the fields of Investment Research and Corporate Finance. I credit SLIIT for instilling in me the confidence and competence needed to navigate the complexities of the corporate world. SLIIT stands out not just as an institution of learning but as a catalyst for career growth. It's more than a university; it's a stepping stone to success, and I am a living testament to the impact it can have on one's professional journey.

Ajitha Udayanga

Delivery Lead - Investment Research at Acuity Knowledge Partners

I do remember how SLIIT Business Faculty supported and guided me to develop my confidence, trust and skills to achieve multiple goals in my life. Being the Captain of the SLIIT Rugby Team, the President of the SLIIT Sports Council and now the President of the SLIIT Business Faculty Alumni, I've gathered so many wonderful experiences and learning in my life. The exposure I received from SLIIT during my study period is unforgettable and with those experiences, I've achieved so many goals in my life. Thank You SLIIT for guiding me to get the best in me.

Kasun Deemantha Caldera

**Head of Operation- Sri Lanka | EdLogica, Supporting at Richmond American University London
Director - Colombo Institute of Higher Education**

When choosing a university degree, I wanted to select a valuable program which provided me with sound academic and practical knowledge to meet modern business requirements, while ensuring a great university experience. SLIIT Business Management program lived up to the expectations providing an exceptional platform with flexible studying opportunities to fast-track my career. Reflecting on my decision to join SLIIT, today I'm delighted to see how the program has supported me to come up to leading roles in my career journey at world class organizations.

D. Gajaba Weerasinghe

Product Manager at IFS R&D International (Pvt) Ltd

Education imbues individuals with a set of sound disciplines and that embellishes their odysseys more splendidly. Undoubtedly, SLIIT is the catalyst that paved the right foundation and precipitated my odyssey fluorescently with the right directions for the pinnacle. The phenomenal experience I was privileged through SLIIT is immensely imperative and I'm forever grateful to my alma mater for nurturing and moulding me with quality education and overall quality experience.

Chathura Randika

Deputy Head - Training & Operations Excellence at Advantis Express (Pvt) Ltd.

Choosing SLIIT for higher studies has been a great decision as it had provided me with a wide range of experienced lectures as well as a wide exposure for the subjects itself. This had made the adoptability for my professional career much smoother. I am forever grateful for the knowledge and experience made available in the course of my Accounting and Finance Special Degree programme.

Shamini Mithrarathna

Manager - Regulatory reporting and Taxation at Citibank N.A - Sri Lanka

FACULTY OF ENGINEERING

SLIIT is a pioneer in providing education across a multitude of disciplines, offering students a great deal of freedom in choosing the right pathway. We at the SLIIT Engineering faculty, aim to instil in students the knowledge, skills and attitudes required to work in the industry as practising engineers and quantity surveyors. We are dedicated to educating and training each student to the highest standard and preparing them for employment at various levels. During their undergraduate studies, we provide them with compulsory on-the-job training, which will give them valuable hands-on experience within their respective fields of study. Our highly qualified and experienced full-time academic staff and excellent in-house state-of-the-art laboratory facilities will ensure that students one day will leave the faculty with the best learning experience.

Our graduates will find that the qualifications they earn at SLIIT are fully recognized by the industry. The Institution of Engineers, Sri Lanka (IESL) has conditionally recognized both our Civil and Mechanical Engineering degree programs, and recognition of the other programs by the IESL is currently underway. All Engineering degrees awarded by SLIIT are approved by the Ministry of Education, Sri Lanka, and the University Grants Commission. Furthermore, our Engineering undergraduate curricula are prepared according to Washington Accord Accreditation requirements. Our Quantity Surveying programme is offered in collaboration with the highly ranked Liverpool John Moores University (LJMU), UK. SLIIT offers the first two years of the three-year Quantity Surveying programme from Liverpool John Moores University (UK), and the student can fully complete the degree programme while in Sri Lanka. Moreover, our Quantity Surveying degree is seeking accreditation/recognition by the Institute of Quantity Surveyors Sri Lanka (IQSSL) and Royal Institute of Quantity Surveyors, UK (RICS). We are also a Member of the Association of Commonwealth Universities and the International Association of Universities (IAU).

In addition to more than 10 other partnerships with leading universities around the world, the Faculty of Engineering at SLIIT has partnered with The University of Queensland and The University of Edinburgh, both ranked among the top 50 universities globally, to provide interested students with the opportunity to study the first two years in Sri Lanka and complete the degree while experiencing university life at a top-ranked university during the final two years. Our graduates enjoy excellent local, foreign and international job prospects in the industry. Many have also secured postgraduate opportunities in some of the best global universities around the world - a testimony to the excellent standards we maintain in our programs. Furthermore, the Faculty of Engineering now offers MPhil and PhD programs in Engineering, which are approved by the Ministry of Education, Sri Lanka. Students are provided with full or partial scholarships with stipends. Also, the faculty has a strong track record of securing local, foreign and international research grants.

ELECTRICAL & ELECTRONIC ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

The BSc Engineering Honors in Electrical & Electronic Engineering program is designed with a strong emphasis on both theoretical and practical learning. It equips students with essential technical knowledge and provides hands-on experience in real-world scenarios. The course structure aims to develop interdisciplinary problem-solving skills, social awareness, and the confidence needed to produce outstanding, high-caliber engineers. The curriculum is crafted in close collaboration with industry experts, ensuring that graduates are well-prepared to meet industry demands. Additionally, students will acquire the vital skills expected in the field, making them highly competent and industry-ready professionals.

First two years: Develops a foundation in Mathematics, Sciences, Basic Engineering Sciences and practical skills.

Third year: Focuses on the application of Electrical & Electronic Engineering exposing students to real life engineering challenges.

Final year: Primarily focuses on providing exposure to real-world electrical and electronic systems used in the industry. Essential soft skills such as technical communication, presentation skills and non-engineering aspects, such as legal, personal, management and business essentials are taught to comply with the professional engineering requirements of the curriculum. The final year project module evaluates the student's research competency, practical skills, and professionalism.

Students may choose subjects from the following specialized areas in their final year:

- Electrical Power Engineering
- Telecommunication
- Data communication
- Renewable Energy
- Robotics
- Machine Learning
- Internet Of Things and Big Data Analytics
- Automation and Process control etc.

Students are also required to complete a mandatory 24-week industrial training program, divided into two 12-week sessions, at the end of their second and third years.

CAREERS

- Electrical Engineer
- Electronics Engineer
- Power Systems Engineer
- Control Systems Engineer
- Telecommunications Engineer
- Automation Engineer
- Renewable Energy Engineer
- Embedded Systems Engineer

Engineers may also establish their own consultancy practices, manufacturing or construction firms, and also be employed internationally.

CIVIL ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Civil Engineering is a profession that deals with the design, construction and maintenance of physical infrastructure and the built environment. Civil Engineering work includes design, construction, operation and maintenance of buildings, roads, railways, bridges, dams, reservoirs, tunnels, waterways, underground structures, ports, off-shore structures, etc. The Civil Engineering course is an excellent blend of science and engineering fundamentals and essential practical skills. Problem and project-based learning is a key feature of the degree programme. It enhances creative, innovative and teamwork skills among students. The Civil Engineering programme at SLIIT includes project work based on laboratory experiments, literature reviews, fieldwork and seminars. Students who follow the Civil Engineering program undergo six months of compulsory industrial training at the end of their 2nd and 3rd years, split into two periods of three months each.

First year: Developing a foundation in Mathematics, Sciences, Basic Engineering Sciences and practical skills.

Second year: Further expands the knowledge in mathematics, sciences, basic engineering sciences and practical skills. Design is a key feature in second year but with well-defined problems of the main domains of Civil Engineering, namely, Structural, Geotechnical, and Hydraulics.

Third year: Third-year modules The complexity increases In the third year, modules, but within somewhat well to loosely defined framework. In third year, in addition to subjects from the main Civil Engineering domains, students are taught subjects from the other Civil Engineering or complementary domains such as transportation, environmental engineering and management. In the third-year, students will participate in a residential survey camp.

Fourth year: In the fourth-year students are taught how to work on advanced open-ended design problems.

Also, students will get the opportunity to seek specialised knowledge in selected domains of Civil Engineering (Structural, Geotechnical, Hydraulics, Transportation, etc.) by way of technical electives. Fourth-year students will do the Civil Engineering Research and Comprehensive design projects, both of which are year-long projects.

As contributions of civil engineers are largely to and for human society, the modules for all four years are designed and executed in such a way that students will get the required practical and soft skills with an appreciation for engineering ethics. Year two and three Students are given the opportunity to do Humanities modules in year two and three.

CAREERS

- Structural Engineer
- Geotechnical Engineer
- Environmental Engineer
- Water Resources Engineer
- Design Engineer/Consulting Engineer
- Contracting Engineer
- Engineering Project Manager
- Building Services Engineer
- Irrigation Engineer
- Coastal Engineer
- Infrastructure Planning Engineer
- Engineering Regulators
- Quality Control and Quality Assurance Engineers
- Marketing Engineers
- Academics and Researchers

Engineers may also establish their own consultancy practices, manufacturing or construction firms, and also be employed internationally.

MATERIALS ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Materials Engineering has played such an important role in the development of society that many of the modern advancements would not have been possible without it. New materials have been developed all the time which has helped develop new products and produce novel technologies to improve almost every aspect of human life. Materials engineers provide material solutions for engineering problems. They study the structure, properties and behaviour of materials, develop processes for manufacture and explore new ways to recycle and dispose of products. Materials engineers examine how material properties depend on the microscopic structure and apply their expertise to select the most suitable materials for a product.

Materials Engineering is a truly interdisciplinary field of study combining many specialisations such as Chemistry, Physics, Mathematics and Engineering. The honours degree being offered covers all key areas of Materials Engineering to prepare graduates for the competitive global economy and open doors to exciting career opportunities. The programme is delivered by highly qualified lecturers and is supported by tutorials, laboratory work, projects, field visits and an industrial training programme.

Year 1: Developing a foundation in Mathematics, Sciences, Basic Engineering Sciences and practical skills.

Year 2: In addition to expanding on Mathematics and Engineering subjects, core Materials Engineering modules are introduced.

Years 3 - 4: A more focused Materials Engineering curriculum is followed, with the option of electing highly specialised modules in the 4th year. A comprehensive materials-related project is undertaken in the same year.

CAREERS

- Materials Engineer
- Metallurgist
- Polymer Engineer
- Ceramic Engineer
- Composite Engineer
- Materials Development Engineer
- Materials Processing Engineer
- Research and Development Engineer
- Failure Analysis Engineer
- Quality Assurance Engineer
- Semiconductor Processing Engineer
- Materials Performance Engineer
- Corrosion Engineer
- Materials Design Engineer
- Academics and Researchers

Engineers may also establish their own consultancy practices, manufacturing or construction firms, and also be employed internationally.

MECHANICAL ENGINEERING

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Mechanical Engineering is the study and development of machines and systems that have useful applications. Mechanical Engineers apply the principles and problem solving techniques of engineering from design to manufacture and marketplace for any product or solution. Mechanical Engineering involves systems that use principles of motion, energy, and force ensuring the designs to function safely, efficiently, and reliably at a competitive cost. It is a highly diversified field of Engineering. It involves areas such as mechanics, thermodynamics, combustion and energy systems, aerodynamics and fluid mechanics, design and manufacturing and mechatronics.

The Mechanical Engineering degree has a set of state-of-the-art subjects intended to provide the required knowledge and hands-on skills. The degree programme includes lectures, labs, engineering design work and projects. The Mechanical curriculum has been designed in consultation with industry and academic experts in the field. Hence, the graduates could pursue careers in both academia and industry.

First Year: Provides a foundation in Mathematics, Sciences, Basic Engineering Sciences and practical skills.

Second Year: Provides the mathematical background together with core engineering subjects with an introduction to Mechatronics. After the 2nd year students will undergo industrial training to see how Engineering is applied in industry.

Third Year: Students will further specialise in Mechatronics and Mechanical Engineering subjects. After the 3rd year students will undergo their second industrial training.

Fourth Year: Students will further specialise in the area of Mechatronics. They will also learn about the engineering profession, management and marketing. A comprehensive research project will be undertaken by the students to apply the knowledge they acquired during the course.

CAREERS

- Mechanical Engineer
- Automobile Engineer
- Automation Engineer
- Maintenance Engineer
- Design and Manufacturing
- Thermal Engineer
- Industrial Engineer
- Entrepreneur
- Academic
- Research and Development Engineer

Engineers may also establish their own consultancy practices, manufacturing or construction firms, and also be employed internationally.

MECHANICAL ENGINEERING (MECHATRONICS SPECIALISATION)

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Mechatronics is the synergistic integration of mechanics, electronics and computer engineering towards developing automated products and systems. Mechatronic Engineers provide solutions to robotics, automated manufacturing, smart products and other contemporary engineering problems. It is a very modern and emerging area of Engineering. Through mechatronics, students gain specialised knowledge of robotics, industrial automation, sensors, instrumentation, control systems and artificial intelligence. Mechatronic Engineers possess a broad multidisciplinary knowledge of engineering together with hands-on skills to implement such systems. The Mechatronics specialisation in Mechanical Engineering has a set of state-of-the-art subjects intended to provide the required knowledge and hands-on skills. The degree programme includes lectures, labs, engineering design work and projects. The Mechatronics curriculum has been designed in consultation with the industry and academic experts in the field. Hence, the graduates could pursue careers in both academia and industry.

Year 1: Provides a foundation in Mathematics, Sciences, Basic Engineering Sciences and practical skills.

Year 2: Provides the mathematical background together with core engineering subjects with an introduction to Mechatronics. After the 2nd year, students will undergo industrial training to see how engineering is applied in the industry.

Year 3: Students will further specialise in Mechatronics and Mechanical Engineering subjects. After the 3rd year, students will undergo their second industrial training.

Year 4: Students will further specialise in the area of Mechatronics. They will also learn about the engineering profession, management and marketing. A comprehensive research project will be undertaken by the students to apply the knowledge they acquired during the course.

CAREERS

- Mechanical Engineer
- Robotics Engineer
- Electronics Design Engineer
- Automation Engineer
- Instrumentation Engineer
- Control Systems Engineer
- Data Scientist/Big Data Analyst
- Software Engineer
- Entrepreneur
- Academic
- Research and Development Engineer

Engineers may also establish their own consultancy practices, manufacturing or construction firms, and also be employed internationally.

BSc (HONS) QUANTITY SURVEYING

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in Physical Science stream & a "C" pass for O/L English, OR Minimum of 3 "S" passes in Biology/Commerce/Engineering Technology streams, "B" pass for O/L Mathematics & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in Mathematics stream (subjects equivalent to the Physical Science Stream in Local A/Ls) & a "C" pass for O/L English, OR Minimum of 3 "D" passes in Biology/Commerce streams, "B" pass for O/L Mathematics & a "C" pass for O/L English.

Applicants should also pass the Aptitude Test conducted by SLIIT

ABOUT THE PROGRAMME

The study programme will cover subject areas ranging from measurement, estimating and costing, cost management, contract administration, contract law, construction technology, project management, building information modelling and quantity surveying practice. The teaching staff will consist of experienced academics and professional Quantity Surveyors, Engineers, and other high-calibre subject specialists.

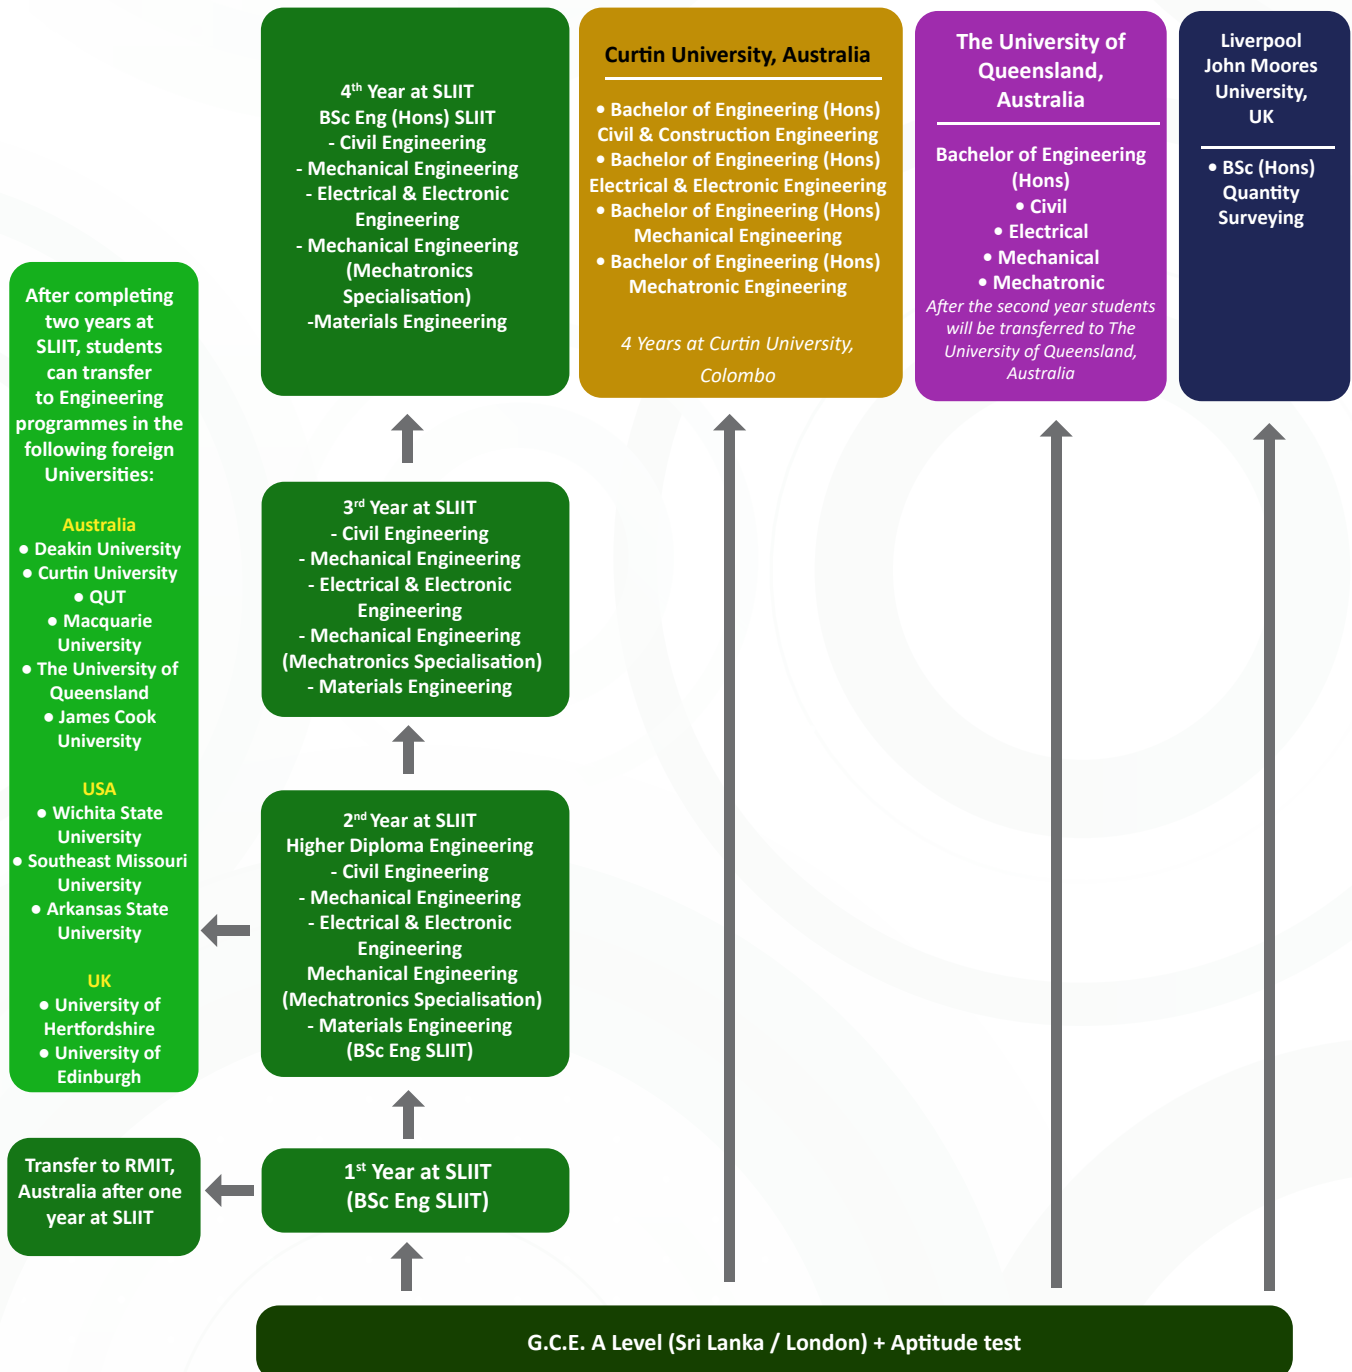

The LJMU degree in Quantity Surveying will open up many other professional avenues for graduates. This degree will also allow entry to Masters programmes in areas such as Contracts and Dispute Resolution, Procurement Advising and Consultation, and Project Management.

CAREERS

- Quantity Surveyor
- Contract Administrator
- Construction Economist
- Estimator
- Cost Manager
- Contract Manager
- Commercial Manager
- Procurement Specialist
- Project Manager
- Claim Consultant
- Adjudicator, Arbitrator, Mediator
- BIM Manager/Coordinator
- Carbon Accountant
- Expert Witness
- Sustainability Advisor
- Technical Auditor
- Development Appraiser
- Value Manager
- Risk Manager
- Green Assessor
- Academic and Researcher

YOUR DEGREE PATHWAYS

ROBOFEST is an annual robotics competition organized by the Faculty of Engineering at the Sri Lanka Institute of Information Technology (SLIIT). The competition's journey began in 2010, when it was exclusively open to SLIIT students. In 2011, the event expanded its horizons, inviting students from across the nation to participate in school, undergraduate, and open categories. By 2012, the platform had become accessible to students from all corners of Sri Lanka.

The most recent event in 2024 was an inclusive gathering, welcoming students from schools and universities throughout Sri Lanka and even extending its reach to industrial professionals eager to showcase their local innovations. The remarkable interest displayed by students from across the country underscores the profound impact ROBOFEST has made on young minds over the years, forging a new path into the world of robotics.

The School Category Champion for ROBOFEST 2024 was the Mavericks from Badulla Central College, and groups from Sumedha College, Gampaha and St. Sebastian's College, Moratuwa winning second and third places, respectively. One of SLIIT's groups Phantom was the winner of the University Category, whereas groups of the University of Moratuwa secured both second and third places. ROBOFEST's mission is to provide school and undergraduate students with a platform to design, build, and acquaint themselves with cutting-edge technologies in the realm of robotics. This competition offers every student the opportunity to shine and showcase their talents on the grand stage.

The SLIIT International Conference on Engineering and Technology (SICET), organised by the Faculty of Engineering offers a unique platform for participants to discuss emerging trends in the fields of engineering and its related disciplines. SICET fosters a multidisciplinary approach to innovation and research and provides a unique opportunity for academics, student researchers, and industry professionals to showcase their pioneering ideas. Participants can also interact with peers from a wide spectrum of engineering disciplines.

SICET 2024 kicked off with several pre-conference workshops conducted in online, physical, and hybrid modes. The SICET 2024 inauguration ceremony was held at Waters Edge, Battaramulla on July 24 with Mrs. Thilaka Jayasundara, Secretary, Ministry of Education gracing the occasion as the Chief Guest. Prof. Ranjith Dissanayake, President of the Institution of Engineers, Sri Lanka and Vice President of the Chamber of Construction Industry (CCI) were the Guests of Honour. Around 300 participants from academia including from overseas and local state and non-state universities, and industry professionals attended the conference, and many presented their works.

A unique highlight of the conference was the launch of the SLIIT Engineering Excellence Award, for the very first time, based on specific competition criteria with several leading industries participating. An independent panel evaluated the entries. Winners were recognised under the manufacturing and engineering services categories and received accolades. SICET 2024 provided a platform for participants to explore the latest advancements in Engineering and Technology research and foster collaborations. It also offered a unique opportunity to network with experts from diverse fields.

OUR STUDENTS, OUR PRIDE

I personally experienced that the Civil Engineering curriculum at SLIIT is comprehensive and versatile, which ensures a smooth transition from undergraduate studies to graduate studies. The strong foundation laid by SLIIT helped me to reach great heights in my academic and professional life and played a key role in securing the PhD opportunity at the University of Manitoba, Canada.

Dr. Randula Senerathbandara
TREK Geotechnical Inc., Winnipeg, Manitoba

My decision to select SLIIT for my BSc degree in Electrical and Electronic Engineering has been a valuable turning point in my life. The vast amount of academic and practical knowledge given over a period of 4 years has been of great help for my successful career journey. Proper guidance offered by the experienced lecture staff have helped me perform outstandingly in the competitive industry and come a long way in a fulfilling career, along with many achievements. My gratitude will always be to the amazing lecturers and the staff for building an accomplished career and helping me to grow into a respected member in the profession.

Janaka Ranathunga
Assistant Divisional Manager, Nan Yang Garment Co Ltd Bangkok and Former Senior Automation Engineer at MAS Active Founder of Unipix-Lab

I have established a successful career in Mechanical Engineering. After earning a Mechanical Engineering degree, I quickly rose to become the Engineering Manager at Rockland Distilleries, a leader in the beverage industry.

A very market oriented skill training and a hands-on experience to the industry is uniquely delivered so to get a head start when we, graduates go into the industries.

Kasun Abeysinghe
Manager of Engineering | Rockland Distilleries (Pvt) Ltd

Embarking on my PhD journey at Memorial University in Newfoundland, my focus on application of artificial intelligence for autonomous navigation of aerial vehicles traces its roots to the solid foundation laid at SLIIT. Armed with a first-class honors degree in Mechanical Engineering (Mechatronics specialization) I seamlessly transitioned into academia as an assistant lecturer at SLIIT while pursuing my MPhil degree. Reflecting on this transformative period, SLIIT served as the crucible where my academic and research prowess was honed. The dedicated academic panel provided insightful mentorship, guiding me through the intricacies of my chosen fields. State-of-the-art laboratory facilities not only facilitated hands-on learning but also ignited my passion for experimentation. The abundance of research opportunities offered a platform to explore and contribute to cutting-edge developments. Collectively, SLIIT's unwavering support, exceptional facilities, and dynamic research environment were instrumental in shaping my journey, propelling me towards my PhD pursuits, and sculpting the professional I am today.

Thakshila Thilakanayake
Ph.D. Candidate | Intelligent Systems Laboratory
Memorial University of Newfoundland Canada

I completed my BSc (Hons) in Quantity Surveying program at the Department of Quantity Surveying, SLIIT, affiliated with Liverpool John Moores University, United Kingdom. The program focused on both theory and practical learning, which helped me understand the real-world challenges in the construction industry. The lecturers were very supportive, and the modern facilities provided a great learning environment. I was able to develop strong skills in cost management, procurement, and contract administration, which are very useful in carrying out my current role work activities as a Senior Executive in Procurement in one of the leading private sector organizations. The program reshaped me to face real-world challenges with confidence and perform well in the industry. I am very thankful to SLIIT FOE and the Department of Quantity Surveying for being part of my successful journey.

Chathupama Abeysekara
Senior Executive (Procurement) | DIMO PLC, Colombo.

FACULTY OF HUMANITIES & SCIENCES

The Faculty of Humanities & Sciences strives to develop professionals in the areas of Education, Sciences, Biotechnology, English, Mathematics, Psychology, Nursing and Law. The Faculty aims to develop balanced individuals with a critical understanding of the real world problems and find solutions to them.

We have invested heavily in developing the infrastructure required for the programmes including state-of-the-art laboratories, smart classrooms, moot court, and access to e-repositories and reference books. The Faculty also has an experienced and continuously expanding panel of 50+ full-time academics, including 12 PhDs and 5 Professors. We invite you to study with us towards a fulfilling career in one of the fields we offer and you are passionate about.

The Association of Commonwealth Universities

SCHOOL OF NURSING IS REGISTERED WITH PRIVATE HEALTH SECTOR REGULATORY COUNCIL

SLIIT SCHOOL OF NURSING IS RECOGNISED AS A GOVERNMENT APPROVED NURSING SCHOOL

HIGHER DIPLOMA IN NURSING PROGRAMME HAS (TVEC) ACCREDITATION OF NVQ LEVEL 6

A QUALIFYING LAW DEGREE (QLD), RECOGNISED BY SOLICITORS REGULATION AUTHORITY & BAR STANDARDS BOARD, UK

FOREIGN DEGREES ARE RECOGNISED BY MINISTRY OF EDUCATION SRI LANKA AND UNIVERSITY GRANTS COMMISSION.

BSc (HONS) IN FINANCIAL MATHEMATICS & APPLIED STATISTICS

• SPECIALISING IN ACTUARIAL SCIENCE • SPECIALISING IN APPLIED ECONOMETRICS

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream (Covering Combined Mathematics).

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream (Covering Mathematics).

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

This is a unique degree in Sri Lanka which covers major sections of Mathematics, Statistics, Accounts and Economics and IT. The course has been designed for those who are interested in learning about the recent applications of Mathematics and Statistics to the financial sector and pursuing a career as an actuary. An actuary is a mathematician responsible for estimating risks, mainly in the insurance, banks and financial security industries, but in any organization. Actuarial Science is a discipline that assesses financial risks in the insurance and finance fields, using mathematical and statistical methods. Actuarial Science applies the mathematics of probability and statistics to define, analyze, and solve the financial implications of uncertain future events.

We develop our course modules very often so that the students can complete a few modules of the professional examinations in Actuarial Science before they graduate. The details of course modules can be seen in the SLIIT website.

A new module, "Artificial Intelligence and Machine Learning in Financial Decision Making" will be introduced as a non-GPA subject with effect from the 2022 batch. At the end Semester 1 in Year 3, there is a six-month industrial training for students in insurance companies, state and private banks, hotels, data analyses companies, research institutes and other private organizations in addition to the six-credit research project in the 4th year.

The Bureau of Labor statistics projects that employment of actuaries will grow 23% from 2022 which is considerably faster than the average for all occupations. The actuaries consistently rank as one of the top business jobs, top Science, Technology, Engineering and Mathematics (STEM) jobs, top paying jobs, in the world. Thus, there is a growing need for graduates of Financial Mathematics and Applied Statistics who can put their specialist skills to use in creating new and innovative tools and systems and solving various types of risks faced by finance and insurance companies.

Those who complete the first two years can transfer to Butler University, USA, to obtain the BS in Actuarial Science. Students will not be required to take an English Language proficiency exams such as TOEFL or IELTS. The tuition fee is currently reduced by 40% for SLIIT students and they can work for 12 months under Optional Practical Training (OPT), and for STEM fields, students can work up to 2 more years after OPT under an appropriate job offer related to the degree. Furthermore, we have a 2+2 program with Bond University in Australia.

CAREERS

- Actuarial Analysts
- Business Analysts
- Budget Analysts
- Enterprise Risk Actuaries
- Financial Analysts
- Insurance Underwriters
- Insurance Claims Adjusters
- Insurance Actuaries
- Investment Banker
- Life insurance Actuaries
- Property and Casualty Insurance Actuaries
- Pension and Retirement Benefits Actuaries

BSc (HONS) IN BIOTECHNOLOGY

ENTRY REQUIREMENTS

Local A/L: Minimum of 3 "S" Passes with any combination of the following subjects: Biology, Chemistry, Physics, Combined Mathematics, Higher Mathematics, Agricultural Science, Science for Technology, Bio Systems Technology, Agro Technology or Bio-Resource Technology.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" Passes with any combination of the following subjects: Biology, Chemistry, Physics, Mathematics or Further Mathematics.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Faculty of Humanities and Sciences offers BSc (Hons) in Biotechnology for those who wish to pursue a career in the biotechnology industry and in Academia. The programme provides appropriate theoretical and practical knowledge through lectures, laboratory experiments, research, industrial experience, field visits and internship programmes.

WHY CHOOSE?

- The Academic Staff - The degree programme staff are both experienced and contemporary, with many years of teaching at National and International Universities.
- The degree has been listed, first and foremost, locally developed and accredited/approved by the Ministry of Education/UGC and offered in a non-state institute (SLIIT).
- Covers a wide array of areas including Plant Agriculture, Animal Science, Environmental Management, Food Innovation, Bioinformatics, Genomics/Proteomics, Genetic Engineering, Molecular Biology, Microbiology, Healthcare/Beauty care/ Pharmaceuticals and Diagnostics.
- Development of advanced modules, teaching and research practicums, and electives allowing students to take ownership of their own learning to meet their individualised goals in more focused areas of practice.
- Breadth and depth of industry affiliations, nationwide - helps internship, research projects and career opportunities.
- A curriculum that reflects hours of instruction to afford a more independent learning environment.

CAREERS

- Academics - Lecturers
- Research Scientists
- Medical Laboratory:
 - Scientists
 - Managers
- Biotechnologists in:
 - Pharmaceuticals
 - Agriculture
 - Environmental Science
 - Plant and Animal Sciences
 - Nutrition
 - Forensics
- Bioinformaticians
- Clinical Research Associates
- Science Journalists

BSc (Hons) PSYCHOLOGY

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" Passes in any subject stream or equivalent qualification in the same sitting and General English "S" Pass or equivalent qualification.

Cambridge/Edexcel: Minimum of 3 "D" Passes in any subject stream

Pass Aptitude Test conducted by SLIIT, and the Interview conducted by the School of Psychology, SLIIT.

ABOUT THE PROGRAMME

The BSc Hons (Psychology) is a Ministry of Education approved, UGC recognized 4-year degree program designed to provide students with a comprehensive understanding of the mind and behaviour within the unique cultural context of Sri Lanka. This program offers an in-depth exploration of human development, cognition, emotion, social behaviour, and mental health, equipping students with the knowledge and skills necessary for meaningful contributions to society.

Emphasizing practical application and cultural relevance, the program prepares graduates to address the growing mental health needs in Sri Lanka and beyond. Students are trained to apply psychological principles in diverse real-world settings and are encouraged to pursue specialized postgraduate studies or embark on careers in related sub-specialities such as education, counselling, research, special education, and other areas of psychology.

Graduates are also equipped with a range of transferable skills—including critical thinking, problem-solving, and effective communication—that enable them to thrive in various industries, making this degree a versatile foundation for a rewarding career in both psychology and interdisciplinary fields.

CAREERS

- Clinical Psychologist
- Counseling Psychologist
- Psychotherapist
- Marital & Family Counselor
- Psycho-social Worker
- Mental Health Researcher
- Addiction Counselor
- Child Psychologist
- Educational Psychologist
- School Counselor
- Special Needs Teacher
- Early Childhood Specialist
- Business Psychologist
- HRM Consultant
- HR Researcher
- Marketing Strategist
- Ergonomics Specialist
- Corporate Trainer
- Brand Consultant

BEd (HONS) IN BIOLOGICAL SCIENCES

ENTRY REQUIREMENTS

- i. Minimum 3 "S" passes in G.C.E A/L (Sri Lanka) or Minimum 3 "D" passes in Cambridge or Edexcel A/Ls, including Biology & Chemistry in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.
- ii. Any other equivalent qualification considered by the SLIIT.

ABOUT THE PROGRAMME

The BEd (Hons) in Biological Sciences is a four-year full-time degree programme. This degree demonstrates command and understanding of the subject matter related to Biology and Chemistry disciplines and teaching principles to exhibit professional competence in teaching Biology and Chemistry for secondary classes including Advanced Level. The graduates will be able to utilise different generic skills in teaching and learning and display commitment to teaching with a professional and ethical attitude with a global perspective. The students are expected to engage in a compulsory teaching practice of at least 10 weeks in a school setting, in addition to conducting a research study; as requirements for the completion of the degree programme.

WHY CHOOSE?

- Be a Professional teacher in Biology and Chemistry.
- 10 weeks of teaching practicum in a school setting.
- Covers the contents related to education in Postgraduate Diploma in Education in addition to Biology and Chemistry.
- Taught in English medium, which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools
- Openings in local or foreign funded programs concerned with education.
- Gain a recognized and accredited (by UGC Sri Lanka) qualification to teach English.

CAREERS

- English medium teaching opportunities in State and Private sector
- Lecturers in Noncommissioned Officer Education System
- University Lecturers
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, program officers, curriculum developers etc. in local or foreign funded programs concerned with education.
- Qualified to sit the competitive examinations held to fill various government positions

BEd (HONS) IN ENGLISH

ENTRY REQUIREMENTS

Local A/Ls : Minimum 3 "S" passes in any stream with English as a Main Subject.

Cambridge/Edexcel A/Ls : Minimum 3 "D" passes with English/ English Literature as a Main Subject.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

The BEd (Hons) in English is a four-year full-time degree programme. This programme is aimed at developing professional teachers to teach English as a subject in secondary schools up to GCE Advanced Level. It provides a balance between the disciplines of English Language, Literature and Education. The initial two years of the study programme intend to lay a solid foundation in the field of English Language, English Literature and Education studies while the last two years focus more on the practical aspects of teaching English Language and Literature.

The students are expected to engage in a compulsory teaching practice of at least 10 weeks in a school setting, in addition to conducting a research study; as requirements for the completion of the degree programme. The programme thus ensures that the students develop a thorough subject knowledge and obtain adequate training and practice in teaching English in order to become professionally qualified, competent teachers of English.

WHY CHOOSE?

- Gain a recognized and accredited (by UGC Sri Lanka) qualification to teach English.
- Obtain a thorough knowledge on English Language, English Literature and Teaching English as a Second Language (TESL).
- Availability of 2+2 transfer options
- Pursue postgraduate studies in language and/or education.
- Openings in local or foreign funded programs concerned with education.

CAREERS

- English medium teaching opportunities in State and Private sector
- University Lecturers
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in Educational projects funded by the International Organisations
- Research assistants, program officers, curriculum developers etc. in local or foreign funded programs concerned with education.
- Qualified to sit the competitive examinations held to fill various government positions

BEd (HONS) IN SOCIAL SCIENCES

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in Arts or Commerce Streams.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in Arts or Commerce Streams.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

The BEd (Hons) in Social Sciences is a four-year full-time degree programme. In the four years of study, we provide a balance between both theoretical and practical essence of Social Sciences and Education related subjects. This degree runs alongside courses focusing on developing skills essential for teaching subjects related to Social Sciences at secondary schools, including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be acceptable locally and globally. The students are expected to engage in a compulsory teaching practice of at least 10 weeks in a school setting, in addition to conducting a research study; as requirements for the completion of the degree programme.

WHY CHOOSE?

- Be a professional Secondary school teacher in Social Sciences.
- 10 weeks of teaching practicum in a school setting.
- Covers the contents of the Postgraduate Diploma in Education in addition to Social Sciences
- Taught in English medium, which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools
- Gain a recognized and accredited (by UGC Sri Lanka) qualification to teach English.

CAREERS

- Teachers in Government schools
- Teachers in Private or International schools
- Private Universities as junior Academics
- Teacher Educators
- Education Administrators
- Training executives in private/semi governmental organisations
- Research associates in NGOs
- Development officers in NGOs
- To gain teaching opportunities in foreign countries.
- Qualified to sit the competitive examinations held to fill various government positions

BEd (HONS) IN PHYSICAL SCIENCES

ENTRY REQUIREMENTS

- i. Minimum 3 "S" passes in G.C.E A/L (Sri Lanka) in the Physical Science Stream including Mathematics (Combined Mathematics or Higher Mathematics) and Physics or a minimum 3 "D" passes in Cambridge or Edexcel A/Ls, including Mathematics and Physics in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.
- ii. Any other equivalent qualification considered by the SLIIT

ABOUT THE PROGRAMME

The BEd (Hons) in Physical Sciences is a four-year full-time degree programme. In the four years of study, we provide a balance between both the theoretical and practical the essence of Physics, Mathematics and Education related subjects. This degree runs alongside courses focusing on developing skills essential for teaching Physics and Mathematics at the secondary schools, including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be acceptable locally and globally.

WHY CHOOSE?

- Be a Professional teacher in Physics and Mathematics.
- 10 weeks of teaching practicum in a school setting.
- Covers the contents related to education in Postgraduate Diploma in Education in addition to Physics and Mathematics.
- Taught in English medium, which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools
- Openings in local or foreign funded programs concerned with education.

CAREERS

- English medium teaching opportunities in State and Private Sector
- University Lecturers
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, program officers, curriculum developers etc. in local or foreign funded programs concerned with education.
- Pension and Retirement Benefits Actuaries
- Qualified to sit the competitive examinations held to fill various government positions

BA (HONS) IN ENGLISH STUDIES

ENTRY REQUIREMENTS

Local A/Ls : Minimum 3 "S" passes with English as a Main Subject or minimum 3 "S" passes in any stream in English Medium.

Cambridge or Edexcel A/Ls : Minimum 3 "D" passes with English/English Literature as a Main Subject or minimum 3 "D" passes in any stream.

Applicants must pass the aptitude test conducted by SLIIT.

ABOUT THE PROGRAMME

BA (Hons) in English Studies offers modules addressing the theoretical and practical foundations of Language, Literature, Stylistics, Critical Thinking, Communication, and Soft Skills in English. The degree programme will focus on students mastering the linguistic and communicative skills required in a wide spectrum of employment in the educational, cultural, aesthetic, mass media, commercial, legal, administrative, current affairs, managerial, and public relations sectors. By attending lectures and seminars, taking part in group presentations, classroom discussions, workshops, and job-oriented internships, and producing classroom and take-home assignments, the students are supposed to gather hands-on expertise in the chosen areas of specialization.

CAREERS

Employment opportunities in many sectors such as:

- Mass Media
- Education
- Diplomatic Service
- Legal Drafting
- Advertising
- Creative Writing
- Journalism
- Corporate Communication
- Business Writing
- Publishing

BSC (HONS) IN PSYCHOLOGY - LJMU, UK

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" Passes in any stream OR

Cambridge/Edexcel A/Ls: Minimum of 3 "D" Passes in any stream
OR

Successful completion of a Foundation Programme accepted by
SLIIT

AND Pass Aptitude Test conducted by SLIIT, and Interview
conducted by the School of Psychology, SLIIT

ABOUT THE PROGRAMME

Psychology is the study of the mind and behaviour of humans and animals. It is a broad field that encompasses a wide range of topics, including human development, cognition, emotion, and social behaviour. The field of Psychology is increasingly in demand worldwide.

There is an increasing global need for trained professionals in the field of Psychology. Psychology and its teachings can be applied in many day-to-day life settings, and trained professionals are able to apply the findings and principles of Psychology effectively in diverse fields. An individual with a Psychology degree has the option of opting for postgraduate level studies or to work within and outside of Psychology depending on their interests and skills. Individuals with postgraduate level qualifications will be eligible to engage in rewarding careers as Psychologists in specialised sub-disciplines in Psychology.

CAREERS

- Clinical Psychologist
- Counseling Psychologist
- Psychotherapist
- Marital & Family Counselor
- Psycho-social Worker
- Mental Health Researcher
- Addiction Counselor
- Child Psychologist
- Educational Psychologist
- School Counselor
- Special Needs Teacher
- Early Childhood Specialist
- Business Psychologist
- HRM Consultant
- HR Researcher
- Marketing Strategist
- Ergonomics Specialist
- Corporate Trainer
- Brand Consultant

LLB (HONS) LAW - LJMU, UK

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” Passes in any stream & a “C” Pass for O/L English AND pass an Interview.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” Passes in any stream & a “C” Pass for O/L English AND pass an Interview.

Applicants should also pass the Aptitude Test conducted by SLIIT.

To apply to the Sri Lanka Law College to sit for the Special Entrance Examination held in respect of any year, a candidate is required to have obtained two credit (C) passes and one simple pass in one and the same sitting at the G.C.E A/Ls Sri Lanka or London and to possess Credit passes in O/L English and in Sinhala or Tamil Languages at the G.C.E O/Ls Sri Lanka or London or an examination recognized by the Department of Examinations of Sri Lanka as equal to the above examination.

ABOUT THE PROGRAMME

The Faculty offers a fully-franchised LLB (Hons) Law programme in affiliation with Liverpool John Moores University, UK to provide students with a competitive qualification that they would need to pursue employment in the field of law and legal studies. The three (3) year LLB (Hons) degree programme seeks to transform undergraduates into legal professionals who can compete not only locally but also globally. It consists of core modules which provide students with a firm grasp of the fundamentals of English law, and option modules which give the students an opportunity to acquire knowledge in specialised areas of Law such as human rights, commercial law, international law etc. The degree offers a variety of industry focused modules such as clinical legal education, mediation skills and practice, negotiation skills and practice that allow students to gain specialist skills and knowledge required for successful careers in the legal field.

WHY CHOOSE?

- Obtain an LLB from a World Ranking UK University, here in Sri Lanka
- Become a globally recognized legal professional
- Opportunity to become a lawyer in Sri Lanka as well as in the United Kingdom
- Acquire in depth legal knowledge as well as develops skills sought by employers
- Acquire specialist knowledge in areas of law of your choice (such as Human Rights, mediation, negotiation, Commercial Law and International Law)
- Learn from a highly qualified and experienced panel of lecturers in a university environment

CAREERS

An LLB (Hons) degree can open a variety of career pathways both locally and globally.

Some of the career pathways available for law graduates include working as:

- Attorneys-at Law of the private bar
- State Counsels of the Attorney General's department
- Judges in courts of law
- Officers of Government Departments and Ministries including the Legal Draftman's Department
- Instructing Attorneys or Counsels at Law Firms
- Legal officers in private companies and banks
- Politicians
- Academics or researchers
- Officers in NGOs and international organizations (such as the UN, Red Cross etc.)
- Officers at Legal Processing Outsourcing Companies (LPOs)
- Professional arbitrators
- Professional negotiators
- Professional mediators

LLB (HONS) LAW

ENTRY REQUIREMENTS

Two (2) Credit (C) passes and one (01) Simple Pass (S) in any Stream in one and the same sitting at the G.C.E (Advanced Level) Examination conducted by the Department of Examination of Sri Lanka or equivalent qualification and a Credit pass (C) in the English Language and a Credit pass (C) in the Sinhala or Tamil Language at the G.C.E (Ordinary Level) examination conducted by the department of examination of Sri Lanka or equivalent qualification and pass the Aptitude Test conducted by SLIIT and the interview conducted by the School of Law, SLIIT.

ABOUT THE PROGRAMME

The four-year (full-time) LLB program offered by SLIIT is approved by the Ministry of Higher Education and provides a comprehensive legal education that combines both indepth theoretical and practical knowledge. The curriculum is designed to produce competitive legal professionals equipped to excel in various areas of law. It includes skill-related modules on alternative dispute resolution, ensuring students are prepared for real-world legal challenges. Based on their preferences, the programme allows the students to take either a research oriented or a practice oriented approach to study in its final year through options of dissertation and internship.

Students have the opportunity to specialize in key fields like public law, civil law, and commercial law. Additionally, the program explores emerging branches of law such as information technology law, international investment law, health law and education law, reflecting the evolving nature of the legal profession and offering a wide array of pathways for specialization.

WHY CHOOSE?

- Obtain LLB (Hons) from Sri Lanka's No. 01 non state university
- Become a highly skilled and competent legal professional
- Acquire in depth theoretical and practical knowledge of law
- Specialize in areas of law of your choice (such as Public Law, Civil Law, Commercial Law and International Law)
- Acquire knowledge on wide range of optional modules including emerging branches of law (such as information technology law, international investment law, health law and education law)
- Choose a research-oriented or a practice-oriented approach to study in the final year through optional modules of dissertation and internship.
- Learn from a highly qualified and experienced panel of lecturers in a university environment

CAREERS

An LLB (Hons) degree can open a variety of career pathways both locally and globally.

Some of the career pathways available for law graduates include working as:

- Attorneys-at Law of the private bar
- State Counsels of the Attorney General's department
- Judges in courts of law
- Officers of Government Departments and Ministries including the Legal Draftman's Department
- Instructing Attorneys or Counsels at Law Firms
- Legal officers in private companies and banks
- Politicians
- Academics or researchers
- Officers in NGOs and international organizations (such as the UN, RedCross etc)
- Officers at Legal Processing Outsourcing Companies (LPOs)
- Professional arbitrators
- Professional negotiators
- Professional mediators

HIGHER DIPLOMA IN NURSING

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes obtained from the following subject streams: Biological Science, Physical Science, Bio Systems Technology or Engineering Technology streams AND an Interview.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes with any combination of the following subjects: Biology, Chemistry, Physics, Mathematics, Further Mathematics, Psychology, Computer Science or Information Technology AND an Interview.

Successful completion of SLIIT CITY UNI Foundation Certificate in Health & Life Sciences AND pass an Interview.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

This programme aims to produce nursing professionals who will be able to practice both locally and internationally. The students will be trained by an experienced panel of lecturers from the nursing field. Those who successfully complete the 3-year Higher Diploma in Nursing will be able to enter the final year of the Bachelor of Nursing programme at Deakin University, Australia.

WHY CHOOSE?

- After the completion of the 3-year Higher Diploma programme, students will be able to travel to Australia to enter the final year of the nursing degree programme at Deakin University.
- Students who complete the Nursing degree at Deakin University are eligible to apply for registration as a registered nurse (RN) at Nursing and Midwifery Board of Australia
- A panel of experienced high-quality lecturers from the field of Nursing
- Availability of skills lab with modern state-of-art facilities
- Practical exposure will be in Leading Private sector hospitals in Sri Lanka
- Teaching and Learning are facilitated through an attractive Learning Management system at SLIIT.
- School of Nursing is registered with the Private Health Sector Regulatory council.
- SLIIT School of Nursing is recognised as a government approved Nursing School
- Higher Diploma in Nursing Programme has (TVEC) accreditation of NVQ Level 6

SICASH

SLIIT International Conference on Advancements in Sciences and Humanities (SICASH), organised annually by the Faculty of Humanities and Sciences, SLIIT is a multidisciplinary research conference, which brings together researchers from a broad range of disciplines coming under the umbrellas of natural sciences and humanities. Featuring seven tracks under the areas of Natural Sciences, Education, Law, English Language and Literature, Psychology, Nursing and Health Science, and Mathematics and Statistics, it provides a forum for local and international researchers to present and share their latest research findings, and network with peers and experts from their respective disciplines. Papers submitted to the conference are subject to stringent review by a panel of discipline experts to ensure quality and standard. The conference papers selected for oral presentations are published in the conference proceedings, while a select few are published in the journal of the Faculty of Humanities and Sciences. The conference was held for the fifth consecutive time in December 2024 with the participation of a large number of academics, students, researchers, and discipline experts, and was commended by all attendees for the high quality of the research presented and the contribution made to dissemination of knowledge.

SciFest

The SciFest event, organized by the Faculty of Humanities and Sciences through the Department of Applied Sciences is a comprehensive event that tested students' knowledge through a quiz competition and various other aspects and also allows them to showcase their work in an exhibition. The exhibition served as a platform for students to display their projects, research findings, and innovative ideas. The interactive sessions by senior professors and academics organized through SciFest provide a learning environment and encourage intellectual exchange within the academic community and the student community in the field of Applied Sciences.

MathFest

MathFest is another significant event organized by the Faculty of Humanities and Sciences through the Department of Mathematics & Statistics, to celebrate and explore the diverse aspects of mathematics and statistics, aiming to enhance interest and awareness among school children in GCE(AL) math stream. MathFest is a collaborative effort of the Department of Mathematics and Statistics, organized with the support of Ministry of Education. The MathFest included a variety of activities designed to promote interest, engagement, and appreciation for Mathematics and Statistics, among school children. This event commenced in 2023, with St. Joseph's College, Colombo 10 emerging as the winner that year. In 2024, the winner was Royal College, Colombo 07.

National Educator Awards

National Educator Awards is an initiative to recognise and reward outstanding educators of Sri Lanka who have made valuable and significant contributions to the development of the Sri Lankan community in diverse ways through their respective disciplines. National Educator Awards 2024 invites applications from outstanding educators in Sri Lanka under thirteen (13) categories, Applied Sciences, Architecture, Business and Management, Computing, Education, Engineering, Hospitality, Language and Literature, Law, Mathematics and Statistics, Nursing and Health Sciences, Psychology and Counselling, Quantity Surveying.

OUR STUDENTS, OUR PRIDE

After four years at SLIIT as a B Ed student I am ready to take up the challenges of becoming a university academic. SLIIT has molded me, laid a strong foundation and given me the necessary confidence and competencies to go forward in my career. I am already appointed as an instructor at the Faculty of Humanities & Sciences.

Rashmi Perera

Instructor, SLIIT (FHS), Former President of FHSSC - 2020

Regarding my higher education, SLIIT was the number 1 choice for my career pathway. The BSc Nursing programme, of Deakin University offered at SLIIT is a valuable chance for a Nursing student. As I approach graduation, I will not just leave with a Diploma, but with a sense of purpose and a commitment to make a positive impact in the lives of those I will serve. The SLIIT Nursing Program is not only equipping me with the skills and knowledge needed for a successful career in Nursing but also fosters a sense of community and camaraderie that will stay with me throughout my professional journey.

Sarani Attanayake

2nd year 1st semester Nursing

As a BSc (Hons) Psychology graduate at SLIIT, choosing this prestigious university as my higher academic destination was one of the best decision I have ever made. The SLIIT Faculty of Humanities and Sciences not only imparted knowledge but became pillars of support to professional development. Their unwavering encouragement empowered me to not only chase my dreams but also uncover a better version of myself. Grateful for the chance to study at this prestigious university, I consider my time at SLIIT as transformative, thanks to an exceptional lecture panel and a conducive learning environment.

Madubashani Jayasena

Graduate from School of Psychology

Proceeding the BSc (Hons) Biotechnology degree at SLIIT was a transformative experience. This program has given me a broad understanding of the topic by skillfully combining the most advanced theory with practical laboratory utilization. From genetic engineering to plant tissue culture and bioinformatics, every module was a step towards expertise. The wide nature of the degree has given me a range of skills and prepared me for a promising future in the developing field of biotechnology and it continues to prepare me for the real-world challenges. Gaining a BSc (Hons) Biotechnology at SLIIT is not just a degree; it is a thrilling adventure into the future of scientific innovation.

Kaja Sooriarachchi
BSc (Hons) Biotechnology

The BSc (Hons) Degree in Financial Mathematics and Applied Statistics at SLIIT has been a pivotal journey, providing theoretical depth alongside hands-on applications. As a pioneering program in Sri Lanka, it served as my gateway into the convergence of mathematics, statistics, economics, finance, and actuarial science. The mentorship and unwavering support from our lecturers nurtured an environment where learning thrived, preparing me to face the challenges of a data-driven world.

Suban Kokilakumar
Financial Mathematics and Applied Statistics

Enrolling in SLIIT's LLB (Hons) program has been an unequivocal game-changer for my legal aspirations. As a law student, I have been exposed to countless opportunities and diverse learning experiences. At SLIIT, I had access to a world-class education provided by highly qualified and dedicated lecturers. SLIIT ensures a vibrant and unforgettable university experience, making every moment, both within and outside the lecture halls, incredibly enriching. Overall, the program offers a comprehensive curriculum and an outstanding learning experience that has surpassed my expectations, shaping my journey towards a successful legal career.

Niruthmi Wickremasinghe
Graduate from the School of Law

SCHOOL OF ARCHITECTURE

SLIIT School of Architecture was established in 2016 with the intention of producing architecture graduates of the highest calibre who are creative, world class and are sought after by the industry and clients due to their high skill levels and professionalism. Both the BSc (Hons) degree in Architecture and the MSc degree in Architecture are presently offered at SLIIT in collaboration with Liverpool John Moores University UK. While this provides our students with an international platform and exposure, one of the key focuses of the SLIIT architecture program is also to foster the Sri Lankan identity in Architecture. Students are given a solid base by exposure to Sri Lankan architecture and heritage through the most eminent experts in academia while also exposing them to international standards of working, current technologies and global knowledge of architecture and its practices. SLIIT School of Architecture has achieved Part 1 full accreditation from the Sri Lanka Institute of Architects for the BSc (Hons) Architecture (LJMU) / Advanced Diploma in Architecture (SLIIT) programme.

BSc (HONS) IN ARCHITECTURE

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English & Mathematics.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English & Mathematics.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ABOUT THE PROGRAMME

Architecture is an art, a vocation, it is also a science, a business and a passion for life. It is helping the man-made environment harmonise with the natural environment. Architects create a legacy for future generations that embody the culture and traditions of the era. This professional pathway is ideal for creative people with sensitivity, imagination and an ability to appreciate the technical aspects of building and construction. An architect is ultimately responsible for determining the aesthetics and functionality of the living environment; therefore, it is essential that an architectural education develops attributes in students which incorporate knowledge, skills and sensitivity. These skills will be imparted and diligently assessed during the course of your architectural journey at SLIIT.

RESOURCES AND FACILITIES: The program is directed and conducted by a team of dedicated Professors, PhD holders, dedicated Chartered Architects, and subject specialists for each module. Students benefit from designated individual workspaces in modern studio environments with 24-hour access. Modern studio environments, lecture rooms, computer labs, and advanced printing technology at SLIIT provide an international-standard study environment.

CAREERS

- Professional Architects
- Landscape Architects
- Interior Designers
- Urban Designer
- Town and Country Planners
- Conservation Specialist
- Project Managers
- Academics
- Product Designers
- 3D Modelers - Construction Industry/
Film Industry/Gaming Industry

BA (HONS) INTERIOR DESIGN

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English.

Applicants should also pass the Aptitude Test conducted by SLIIT.

**LIVERPOOL
JOHN MOORES
UNIVERSITY**

ABOUT THE PROGRAMME

The School of Architecture offers the BA (Hons) Interior Design program as a fully franchised UK degree in partnership with Liverpool John Moores University. This three-year program equips students with a globally recognized qualification, blending creative innovation and technical expertise. Through studio-based learning, lectures, and workshops, the curriculum balances artistic vision with practical skills, addressing Sri Lanka's cultural context while embracing global design principles. Graduates are prepared to excel locally and internationally, with strong problem-solving abilities, communication skills, and confidence to tackle complex spatial and social design challenges.

CAREERS

- Interior and Spatial Designers: Craft functional and visually appealing spaces for residential, commercial, and public settings.
- Exhibition Designers: Design engaging displays for museums, galleries, and trade shows, integrating spatial design and multimedia.
- Production Designers: Create sets for theatre, TV, and film, enhancing storytelling through collaboration with directors and art teams.
- Visual Merchandisers: Develop retail displays that attract customers and showcase brand identity through effective use of layout, lighting, and colour.

MSc ARCHITECTURE

This is a full-time two-year Master's degree in Architecture offered by Liverpool John Moores University in the UK at SLIIT School of Architecture in Sri Lanka. The students will directly register with both SLIIT and LJMU for both the years of study since the entire degree programme is offered by LJMU. Students having an LJMU BSc (Hons) Architecture degree or any other Part I equivalent bachelor's level degree (minimum 3-year) in Architecture are eligible to apply for this MSc Architecture postgraduate degree at SLIIT.

WHAT WILL YOU LEARN OR BETTER, 'GAIN':

- Ability to generate complex design proposals, understanding of current architectural issues, originality in the application of subject knowledge.
- Exposure to comprehensive range of visual, graphical, oral, and written media, analyze, critically appraise and explain design proposals with the use of latest modern technology.
- Ability to evaluate materials, processes and techniques that apply to complex architectural designs and building construction, and to integrate these into practicable design proposals.
- Advanced knowledge through research to produce clear, logically argued, and original written work relating to architectural history, theory, culture, environment, design, and technology.
- Understanding of the context of the architect and the construction industry, including the architect's role in the processes of procurement, and building production, in the setting of legislation and financial feasibility.

WHAT CAN YOU DO AFTER MSc ARCHITECTURE:

This programme groom students to become skilled professionals in the current global trend in the field of architectural practice and in academia. After completing the Master's degree students will be able to start work as Architectural Designers/ Architectural Interns in Architectural firms under Chartered Architects or join government institutes or authorities. With the postgraduate degree, the students can pursue research to continue education up to PhD levels.

With Part 1, 2 professional qualification from SLIA, students will be eligible to sit for Charter Examinations (part-3) conducted by Sri Lanka Institute of Architects following a required, monitored training period.

OUR STUDENTS, OUR PRIDE

BSc (Hons) in Architecture, offered by Liverpool John Moores University and conducted by SLIIT is a well-organized and structured course with up to date course material including industrial norms and theories exposing the students to the whole new world of architecture. Throughout the course, lecturers who have been academically and professionally well experienced are delivering the best for their students. Deliverables are consisted of both theoretical and practical knowledge, in a way in which students shall be exposed to real-world scenarios, thereby developing them to be renowned professionals in the future. As the first batch, we were able to set a benchmark for students in the years to come and also to work closely with the staff, headed by the Head of the School of Architecture, to make their vision come to fruition. I'm proud to say that as a student from the very first batch, I was able to be on the dean's list twice during my period of study. Architecture is all about following your passion, which cannot be taught to the core but here at SLIIT students are being guided to explore, identify and bring out our passion and style to be showcased as an architectural marvel. Everything mentioned above paved the way for me to complete my undergraduate degree with a First class and to be a recipient of the Chancellor's Scholarship awarded by LJMU for graduate studies. Whichever future holds for me, what SLIIT taught will forever be a guiding light for my path through architecture and life.

SANDALI THIRANAGAMA

BSc (Hons) in Architecture

PART II ARCHITECTURAL ASSISTANT - CHAPMAN TAYLOR ARCHITECTS
in the United Kingdom.

Former ARCHITECTURAL INTERN - B.G.J.F. CONSULTANCY & SERVICES
(PVT) LTD. in 2019.

The BSc (Hons) Architecture Degree by SLIIT which is awarded by Liverpool John Moores University (LJMU), is a complete and a well-structured programme in order to gain overall Bachelor Level experience in becoming an Architect. Architecture is a vast subject, and is not only about producing drawings in order to create a building. They say, 'Architects should know something about everything'. In order to see what is unseen, Architects should be sensitive, creative and practical in every aspect of designing. SLIIT School of Architecture is a great platform to grasp a variety of design knowledge and industrial experience. During my 3-years in SLIIT, I have been guided through tangible and intangible educational approaches. I have participated in many workshops conducted by the school and many architectural exhibitions, and inter-university competitions conducted by the local and international bodies. Events organized by the school brought our hidden talents and colors to life and helped me in building my personality. The time I have spent in SLIIT School of Architecture was the greatest experience in my life which I think is essential in becoming an experienced professional. I have been able to successfully complete the 3-years degree program with a first Class Honours awarded by the Liverpool John Moores University UK and received the Prof. Nimal de Silva Gold Medal Given by SLIIT School of Architecture for the best overall performance. I have been able to apply and be one of the candidates who was awarded the chancellor's scholarship which is offered from LJMU in order to complete my Masters in UK. The opportunity I received is priceless in the sense of exposure I am getting, while studying abroad. I am grateful and thankful to SLIIT and the Lecturers for giving me this experience in my Bachelor level Architectural studies with the greatest facilities a university could offer and uplifting me to archive greater in life.

RANJAKA HETTIARACHCHI

BSc (Hons) in Architecture

LECTURER - SLIIT SCHOOL OF ARCHITECTURE

Former ARCHITECTURAL INTERN - MICD ASSOCIATES in 2019.

WELCOME TO SLIIT GLOBAL PATHWAYS!

SLIIT Global Pathways offers an exceptional opportunity for students to commence their studies at SLIIT and transfer to globally renowned universities. With a proven academic framework, guaranteed entry, and exclusive financial benefits, the program ensures a smooth transition to top-tier institutions, preparing students for a successful international career.

OUR GLOBAL UNIVERSITY PARTNERS

- The University of Edinburgh
- The University of Queensland
- The University of Western Australia

About SLIIT Global Pathways

1. The University of Edinburgh:

- Ranked 27th in the QS World University Ranking 2025
- Over 24,000 international students
- 400+ years of academic excellence
- Leading sustainability initiatives
- Top-tier research and teaching resources

2. The University of Queensland:

- Ranked 40th in the QS World University Ranking 2025
- Member of Australia's prestigious Group of Eight
- World-class employability outcomes
- Cutting-edge research facilities
- Diverse international student community

3. The University of Western Australia:

- Ranked 77th in the QS World University Rankings 2025
- Nine subjects ranked in the world's top 50
- Strong industry connections and employability
- Vibrant campus life with 100+ clubs
- Affordable living and sunny climate

The University of Edinburgh

The University of Edinburgh is one of the world's leading universities, known for its historic contributions to knowledge and innovation. With a legacy of excellence, Edinburgh offers students from SLIIT a chance to engage with advanced research and intellectual leadership across multiple disciplines. Graduates from Edinburgh are equipped to make a profound impact on a global scale.

The University of Queensland (UQ)

The University of Queensland (UQ) is one of Australia's foremost research and teaching institutions. UQ is committed to delivering excellence in education by fostering the transfer of knowledge, cultivating research opportunities, and nurturing global collaborations. With over a century of academic excellence, UQ equips students to become leaders in an ever-evolving global landscape. When transferring from SLIIT, students are entitled to a 25% concession on their annual course fee.

The University of Western Australia (UWA)

The University of Western Australia (UWA) is a proud member of Australia's prestigious Group of Eight. With a commitment to world-class education and research, UWA has cultivated a rich tradition of academic excellence. Students transferring to UWA through SLIIT will have access to cutting-edge resources and research opportunities, helping them excel on a global stage.

BACHELOR OF COMMERCE

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

The Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Commerce program offers students deep insights into accounting, finance, and economics. Students learn to analyze financial data, manage resources, and understand market trends. Graduates are prepared to work in various sectors including banking, corporate finance, and consultancy.

Duration: 3 Years

Entry: February / June

Location:
Year 1 - SLIIT Sri Lanka
Year 2 & 3 - The University of Queensland, Australia

University Transfers:
Guaranteed transfer to year 02 of The University of Queensland, Australia
(Conditions Apply)

CAREERS

- Accountants
- Financial Analysts
- Auditor
- Investment banker
- Tax consultant
- Financial planner

BACHELOR OF ECONOMICS

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

The Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Economics offers students an in-depth understanding of economic theory, policy analysis, and quantitative methods. Students gain the ability to analyze global markets, forecast economic trends, and develop policy solutions. The program equips graduates for roles in finance, consultancy, and government.

Duration: 3 Years

Entry: February / June

Location:
Year 1 - SLIIT Sri Lanka
Year 2 & 3 - The University of Queensland, Australia

University Transfers:
Guaranteed transfer to year 02 of The University of Queensland, Australia
(Conditions Apply)

CAREERS

- Economists
- Policy Analysts
- Financial Consultants
- Economic researcher
- Market Analysts
- Investment Analysts
- Video/Visual Production Specialist
- Audio Production Specialist
- AR/VR developer

BACHELOR OF BUSINESS MANAGEMENT

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Business Management at the University of Queensland equips students with essential management, leadership, and strategic thinking skills. Students will learn the fundamentals of business operations, marketing, finance, and human resource management, preparing them for leadership roles in global business environments.

Duration: 3 Years

Entry: February / June

Location:

Year 1 - SLIIT Sri Lanka

Year 2 & 3 - The University of Queensland, Australia

University Transfers:

Guaranteed transfer to year 02 of The University of Queensland, Australia

(Conditions Apply)

CAREERS

- Business analyst
- Marketing Managers
- Human Resources Managers
- Project manager
- Financial consultant
- Operations manager

BACHELOR OF ENGINEERING (HONS) CIVIL

ENTRY REQUIREMENTS

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and same sitting OR

2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and same sitting AND

Pass the Aptitude test conducted by SLIIT.

Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Engineering (Hons) in Civil Engineering at the University of Queensland is designed to equip students with the skills and knowledge required to design, construct, and maintain infrastructure such as roads, bridges, buildings, and water systems. The program combines practical and theoretical knowledge to address real-world engineering challenges and prepare students for diverse career opportunities in the civil engineering field.

Duration: 4 Years

Entry: February / June

Location:

Year 1 & 2 - SLIIT Sri Lanka

Year 3 & 4 - The University of Queensland, Australia
(1+3 option also available)

University Transfers:

Guaranteed transfer to year 03 of The University of Queensland, Australia
(Conditions Apply)

CAREERS

- Civil engineer
- Structural engineer
- Geotechnical engineer
- Environmental engineer
- Transport engineer
- Water resources engineer

BACHELOR OF ENGINEERING (HONS) ELECTRICAL

ENTRY REQUIREMENTS

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and same sitting OR 2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and same sitting AND Pass the Aptitude test conducted by SLIIT.

Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Engineering (Hons) in Electrical Engineering focuses on the design and development of electrical systems and components. Students gain deep knowledge in electrical circuits, power systems, and electronics while learning to design solutions for energy efficiency, telecommunications, and electronics systems.

Duration: 4 Years

Entry: February / June

Location:
Year 1 & 2 - SLIIT Sri Lanka
Year 3 & 4 - The University of Queensland, Australia
(1+3 option also available)

University Transfers:
Guaranteed transfer to year 03 of The University of Queensland, Australia
(Conditions Apply)

CAREERS

- Electrical engineer
- Power systems engineer
- Electronics engineer
- Telecommunications engineer
- Automation engineer
- Renewable energy consultant

BACHELOR OF ENGINEERING (HONS) MECHANICAL

ENTRY REQUIREMENTS

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and same sitting OR

2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and same sitting AND

Pass the Aptitude test conducted by SLIIT.

Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Engineering (Hons) in Mechanical Engineering teaches students the principles of mechanics, thermodynamics, and materials science. Students learn to design, analyze, and improve mechanical systems ranging from engines to advanced robotics. The program prepares graduates for diverse roles in industries such as manufacturing, aerospace, and automotive engineering.

Duration: 4 Years

Entry: February / June

Location:

Year 1 & 2 - SLIIT Sri Lanka

Year 3 & 4 - The University of Queensland, Australia
(1+3 option also available)

University Transfers:

Guaranteed transfer to year 03 of The University of Queensland, Australia
(Conditions Apply)

CAREERS

- Mechanical engineer
- Aerospace engineer
- Automotive engineer
- Manufacturing engineer
- Robotics engineer
- Energy systems engineer

BACHELOR OF ENGINEERING (HONS) MECHATRONIC

ENTRY REQUIREMENTS

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and same sitting OR 2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and same sitting AND Pass the Aptitude test conducted by SLIIT.

Applicant should maintain minimum GPA of 2.5 to transfer.

THE UNIVERSITY OF QUEENSLAND
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Engineering (Hons) in Mechatronics combines mechanical, electrical, and computer engineering to equip students with skills in automation, robotics, and smart systems. The program provides hands-on experience in designing and controlling systems and prepares students for cutting-edge roles in robotics and AI-driven industries.

Duration: 4 Years

Entry: February / June

Location:

Year 1 - SLIIT Sri Lanka

Year 2 to 4 - The University of Queensland, Australia

University Transfers:

Guaranteed transfer to year 02 of The University of Queensland, Australia (Conditions Apply)

CAREERS

- Mechatronics engineer
- Robotics engineer
- Automation engineer
- Control systems engineer
- Industrial designer
- AI systems developer

BACHELOR OF INFORMATION TECHNOLOGY

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 "S" passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 "S" passes in any stream (other than Physical Science/Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 "D" passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

* Students following The University of Queensland transfer pathway programme need to follow the compulsory Mathematics module in the IT Bridging programme.

* The Applicant should maintain minimum GPA of 2.5 to transfer.

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ABOUT THE PROGRAMME

The Bachelor of Information Technology program equips students with strong foundational knowledge in computer systems, software development, and IT project management. The program also emphasizes practical skills in database management, web development, and network security, preparing graduates to excel in the rapidly evolving tech industry.

Duration: 3 Years

Entry: February / June

Location:

Year 1 - SLIIT, Sri Lanka

Year 2 & 3 - The University of Queensland, Australia

University Transfers:

Guaranteed transfer to year 02 of The University of Queensland, Australia
(Conditions Apply)

THE UNIVERSITY OF QUEENSLAND 'DESIGNING SOLUTIONS FOR IMPACT' COMPETITION

Emphasizing a commitment to nurture innovation and entrepreneurial thinking among youth, SLIIT, hosted Sri Lanka's first-ever University of Queensland's 'Designing Solutions for Impact' challenge recently, showcasing the potential of young minds to create meaningful solutions using technology. This is an innovative inter-school competition that aims to encourage entrepreneurship amongst high school students. The groundbreaking initiative provided a platform for young minds to explore and develop entrepreneurial skills and learn how to harness the power of technology to address real-life problems.

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/Ls and pass the Aptitude Test conducted by SLIIT.

To progress from the second year to the third year of the specialization or to transfer, the students should maintain the minimum GPA requirement specified by the faculty.

THE UNIVERSITY OF
**WESTERN
AUSTRALIA**

ABOUT THE PROGRAMME

This program combines the foundational knowledge of computer science with specialized training in cyber security. Students learn to design secure systems, identify vulnerabilities, and respond to cyber threats, ensuring businesses and institutions are protected from cyber-attacks. The program prepares graduates for the high-demand field of cyber security.

Duration: 3 Years

Entry: February / June

Location:

Year 1 - SLIIT, Sri Lanka

Year 2 & 3 - The University of Western Australia

University Transfers:

Guaranteed transfer to year 02 of The University of Western Australia
(Conditions Apply)

CAREERS

- Cyber security analyst
- Ethical hacker
- Information security manager
- Network security administrator
- Cyber security consultant
- Security systems developer

BACHELOR OF ARTIFICIAL INTELLIGENCE

ENTRY REQUIREMENTS

Math is a core requirement for entry to the program.

A-Level Requirements (Maths Stream Only)

- Local A-Level: Minimum 9 points
- London A-Level: Minimum 6 points

Grade conversion: A = 5, B = 4, C = 3, D = 2, S/E = 1
English Proficiency

DEAKIN
UNIVERSITY

ABOUT THE PROGRAMME

Experience the best of both worlds with Deakin University's Bachelor of Artificial Intelligence program, delivered at SLIIT in Sri Lanka. Here's what makes this program stand out:

- **Exclusive Opportunity in Sri Lanka:** Study the only Australian Bachelor of AI program available locally, gaining access to Deakin's expertise without leaving home.
- **Stay Close to Home:** Enjoy the comfort and convenience of studying in Sri Lanka while earning a degree recognized worldwide.
- **Global-Standard Curriculum:** Learn from the exact same syllabus as Deakin University in Australia, ensuring you graduate with a world-class education.
- **Direct Access to Deakin Resources:** As a Deakin student, you'll have full access to their library and study materials to support your learning journey.
- **Industry-Driven Learning:** Gain hands-on experience with practical labs, real-world projects, and opportunities to engage with industry leaders.
- **Engaging Faculty Interaction:** Benefit from direct engagement with Deakin faculty who visit Sri Lanka every semester, bringing the global classroom experience to you.

This program is designed to prepare you for an exciting career in the growing field of Artificial Intelligence while offering the flexibility, support, and resources you need to succeed.

CAREERS

- AI Specialist
- Data Scientist
- Machine Learning Engineer
- Robotics Developer

Duration: 3 Years

Entry: March and July

Location:

Students have the flexibility to either complete all three years of the degree at SLIIT in their home country or transfer to Deakin University in Australia and complete any part of your studies in Australia at any point of during the degree.

The Colombo Academy of Hospitality Management (Pvt) Ltd. (CAHM), Sri Lanka's largest private Hospitality Education Institute, is in partnership with William Angliss Institute (RTO 3045), Australia. Based in the SLIIT Campus in Malabe, we are a dedicated Centre for providing education and delivering Australian Qualifications in Hospitality, Tourism, Foods and Events. William Angliss Institute, Australia has a proud history of over 80 years, and at the Melbourne Campus, annually have over 22,000 local clients and students, and 1,800 international students from over 60 countries with more than 100,000 graduates worldwide.

Our training facilities feature fully-equipped hot, cold, and patisserie kitchens, an on-site restaurant, and a café designed to simulate a real-world environment. We also maintain numerous partnerships with respected local and international establishments, allowing us to teach skills using actual industry tools and have them engage directly with our students. Our courses are designed with industry needs in mind and work to ensure that our graduates are 'Career-Ready.'

MBA

MASTER OF BUSINESS ADMINISTRATION

ABOUT THE PROGRAMME

The course content of the SLIIT MBA programme has been carefully designed to meet current industry needs in consultation with industry experts and academia from locally and globally renowned institutions and approved by the Ministry of Higher Education. The SLIIT - MBA would stand out as a unique programme among MBAs offered in Sri Lanka due to its novel attributes.

Availability of renowned professors from high ranking overseas and Sri Lankan universities and professional organizations is a strength of this Programme.

The panel of lecturers hold a PhD or a higher educational qualification, with hands-on experience in the field of business.

Interaction sessions with high caliber business personalities (local and foreign) are provided.

The course content is designed with inputs from industry experts and is approved by the Ministry of Higher Education

ELIGIBILITY REQUIREMENTS

- A bachelor's degree in Business Administration/ Public Administration/ Commerce/ Human Resource Management/ Marketing/ Accountancy/ Finance/ Estate Management and Valuation/ Business Economics/ Operation Management/ Management Information Systems/ Economics from a recognized university.
- A bachelor's degree in any subject area from a recognized University with one year's post-qualifying work experience.
- A Postgraduate Diploma of not less than one year or Higher Degree in Management Studies from a recognized University.
- A Postgraduate Diploma or Higher degree in any other field from a recognized University with two years' experience.
- Professional qualifications with two years' post-qualifying experience as approved by SLIIT.
- In addition, a formal interview will be conducted.

CAREERS

- Entrepreneurs
- Business Consultants
- Chief Executive Officers
- Managing Directors
- Chief Marketing Officers
- Academic positions
- General Managers
- Human Capital Development Managers
- Chief Financial Officers
- Chief Operations Managers
- Project managers
- Management Analysts
- Investment Analysts

MSC

MASTER OF SCIENCE

ABOUT THE PROGRAMMES

SLIIT is a premier degree-awarding institute approved by Ministry of Education Sri Lanka and University Grants Commission encompassing the award of Master's degrees in

- Information Technology
- Information Systems
- Information Management
- Information Technology Specialising in Cyber Security
- Information Technology Specialising in Enterprise Applications Development

INFORMATION TECHNOLOGY

The Master of Science Degree in Information Technology is specially designed with a structure to provide a core of advanced knowledge in Information Technology supplemented by a range of options within the areas of Software Engineering, Computer Networks, e-business Technologies, Database Management and Administration, Business Information Systems, etc.

The degree is designed to impart knowledge to the current and emerging developments in IT as well as to provide an in-depth knowledge in advanced topics on Information Technology to master the challenges of information driven economy government agencies searching for tomorrow's digital business thinkers and leaders.

This programme is designed to produce graduates with necessary knowledge, skills and attitudes in Information Technology, Computer Science and Software Engineering fields.

INFORMATION SYSTEMS

The Master of Science Degree in Information Systems covers areas of critical importance to IT employers, such as project and change management, emerging technologies, IT strategy and governance, and compliance, security and service provision. Students will develop a strong capacity in supporting, managing and changing business processes through information and communications technology and information systems.

Students will also develop valuable transferable skills in solving business problems, collaboration, project management and application of models, frameworks, and management theory. After the successful completion of this programme, individuals can embark on engaging themselves in high-end top firms and government agencies searching for tomorrow's digital business thinkers and leaders.

Graduate jobs include roles such as management consultant, systems analyst/designer, IT infrastructure manager, business analyst, data architect, IS Lead Auditor, Chief Information Officer, Chief Knowledge Officer, Chief Privacy Officer, and Project Manager.

CYBER SECURITY

The Master of Science Degree in Information Technology Specialising in Cyber Security intends to address a key global issue facing the government, businesses and individuals.

The widespread use and dependence on online services bring about new challenges of ensuring our digital economy remaining secured, resilient, and trusted. Increasing vulnerability witnessed by the intensity of malicious cyber activities have led to the urgent need for specialists in the field.

Currently there is a demand for graduates with the knowledge and skills required to develop and maintain a secured computing infrastructure, handle and address cyber security threats and manage data access in a distributed network.

INFORMATION MANAGEMENT

The Master of Science Degree in Information Management gives the students a real competitive edge in modern business development and planning, using Information Technology tools. This programme guides students through a proven framework for integrating IT with business by developing comprehensive Information Technology Strategic Plans. The Programme empowers students with information literacy skills and the technical background necessary to function in a fast-changing business environment with increased use of computer networks, electronic publishing and the Internet. On completion of the programme, students will be able to utilize tools, techniques and technology effectively within organizations and be able to evaluate and select appropriate methods and technologies for representing, managing and disseminating information. Moreover, students will be able to get a comprehensive understanding of the tools, techniques and technologies used in secure information management in organizations. This course will enable participants to develop a critical awareness of modern Information and Communication Technology in strategic management, decision making and identifying IT infrastructure. This programme is specially designed for IT graduates and professionals with managerial experience.

MSC IN ARCHITECTURE

This is a full-time two-year Master's degree in Architecture offered by Liverpool John Moores University in the UK at SLIIT School of Architecture in Sri Lanka. The students will directly register with both SLIIT and LJMU for both the years of study since the entire degree programme is offered by LJMU. Students having an LJMU BSc (Hons) Architecture degree or any other Part I equivalent bachelor's level degree (minimum 3-year) in Architecture are eligible to apply for this MSc Architecture degree at SLIIT. For more details refer page 79

ENTERPRISE APPLICATIONS DEVELOPMENT

The Master of Science Degree programme in Information Technology Specialising in Enterprise Applications Development is designed for those aspiring to be Software Architects. Software Engineers and Software Developers need to learn techniques and technologies to architect and engineer large scale software projects.

This programme development will fulfill a long felt need of practicing software engineers and developers who require a master's level postgraduate degree to advance their career.

MPhil PhD

MASTER OF PHILOSOPHY (MPhil)

MPhil Degrees of SLIIT are offered in Computing, Engineering and Business fields. They are research based degrees and endeavor to make original contributions to the expansion of the knowledge base by providing meaningful solutions to current industry problems that could subsequently evolve as emerging technologies. The degree envisages in developing critical thinking and the capacity and skills in conducting research of high value, of committed and inspired students with scientific curiosity who envision a life-long career based on research capabilities.

DOCTOR OF PHILOSOPHY (PhD)

PhD Degrees of SLIIT are offered in Computing, Engineering and Business fields. They are research-based degrees and endeavor to make original contributions by the discovery of new knowledge to foster the development of the identified thrust areas and potentially coupled with providing meaningful solutions to current industry problems that could subsequently evolve as emerging technologies. The degree envisages in developing the capacity and skills in conducting high quality research in locally important thrust areas of global value, of determined and inspired students with high scholastic aptitude who envision emerging as academics and leading researchers. SLIIT's Honorary Professors' Network could also be used as an effective complementary platform for providing foreign supervisors in conducting related research.

POSTGRADUATE DIPLOMA IN EDUCATION

If you are a graduate teacher or a graduate aspiring to be a teacher in the future, PGDE is a MUST have qualification for you to be accepted as a fully qualified professional teacher. The PGDE is also relevant and essential to educational administrative personnel. The programme is specially designed for graduate teachers, lecturers, education administrators and other prospective teachers, with well-rounded modules covering the theory and practice of education. Further, the content of this programme is periodically reviewed to be in line with the transformations and advancements in education in the 21st century.

The candidates must undergo a ten-week practicum in a school under a Mentor who will help the candidates to master the art and science of teaching. This programme is approved by the Ministry of Education, the University Grants Commission of Sri Lanka, and other relevant authorities.

MASTER OF EDUCATION

Furthering teaching careers, the Master of Education (MEd) programme is in-line with Sri Lanka Qualifications Framework (SLQF) Levels 9 for the 12-month programme and Level 10 for the 24-month programme. The duration can be selected based on the student's convenience. However, students who opt for the 24-month programme are eligible to register for the PhD after the successful completion of the MEd.

OUR STUDENTS, OUR PRIDE

The knowledge I gained from both my undergraduate and postgraduate studies at SLIIT was undoubtedly helpful for my career and supported me in performing my day-to-day tasks.

SLIIT - MSc in Information Management
Ms. Tharindi Nimansa
Business Analyst Next, United Kingdom

The SLIIT MBA programme was excellent, and I was able to gain practical knowledge that allows me to flourish in today's competitive market. I must be very grateful to the panel of lecturers and the administration regarding the prompt action taken towards the Covid-19 situation and for arranging online classes without any delay or without compromising on the quality which helped us to complete the programme on time.

SLIIT - MBA
Mr. Dharshana Rathnaweera
Director Colombo Institute of Higher Education

SLIIT is delivering the right content aiming to fill the industry-required knowledge gaps. Programmes were successfully adapted even under the COVID situation with a well-organized online way of delivering the content.

SLIIT - MSc in IT Specialising in Enterprise Applications Development
Mr. Sumudu Prabasitha
Lead Architect
Cambio Software Engineering

I made the right decision choosing SLIIT, as the knowledge I gained is immeasurable. Thank you for changing me to a more advanced individual, personally and professionally.

SLIIT - MSc in Information Technology
Sumudu Chathurika
Consultant/Lecturer
NIBM

I knew my decision was correct because of the good standards and the quality of the education which I experienced during my undergraduate years at SLIIT. Talking about the degree programmes, I learned a lot of new things and a lot of new skills which I could effectively apply to my career as a Software Engineer. I am grateful for SLIIT for providing us the best possible platforms and the infrastructure to complete our studies with success. And at the same time, I am grateful to all the lecturers, for being very supportive throughout the degree programme. I am really happy for where I am today and for anyone who's looking to pursue their higher education I proudly recommend SLIIT.

SLIIT - MSc in Information Systems
Ms. Kaveesha Perera
ERP Application Engineer | ABUS Security Tech Germany

COMPUTING

BSc (Hons) Degree in Information Technology Specialising in

- Information Technology
- Artificial Intelligence
- Information Systems Engineering
- Software Engineering
- Interactive Media
- Cyber Security
- Data Science

Local A/Ls : Minimum of 3 "S" passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 "S" passes in any stream (other than Physical Science/ Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT. Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 "D" passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT. Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

To be eligible to follow Artificial Intelligence, Software Engineering, Data Science, Cyber Security & Information Systems Engineering Specializations, students must meet the minimum GPA requirement specified by the faculty at the end of the 2nd Year 1st Semester.

To be eligible to follow the Interactive Media Specialization, students must pass a selection interview at the end of the 2nd Year 1st Semester.

Applicants should also pass the Aptitude Test conducted by SLIIT.

• Computer Systems & Network Engineering

Local A/Ls : Minimum of 3 "S" passes in one and the same sitting including passes in Combined Mathematics and Physics.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in one and the same sitting including Combined Mathematics and Physics (or equivalent subjects in Cambridge/Edexcel A/L).

Applicants should also pass the Aptitude Test conducted by SLIIT.

• BSc (Hons) in Computer Science

Local A/Ls : Minimum of 3 "S" passes in Physical Science Stream (Combined Mathematics, Physics & Chemistry or ICT) AND to pass the special aptitude test & interview conducted by the faculty.

Cambridge/Edexcel A/Ls : Minimum of 3 "C" Passes Covering Mathematics, Physics & Chemistry or Computer Science/IT AND to pass the special aptitude test & Interview conducted by the faculty.

BSc (Hons) in Computer Systems Engineering

Local A/Ls : Minimum of 2 "C" passes & 1 "S" pass in Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) AND to pass the special aptitude test & interview conducted by the faculty.

Cambridge/Edexcel A/Ls : Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry) AND to pass the special aptitude test & interview conducted by the faculty.

BUSINESS

BBA (Hons) Degree Specialising in

- Business Management
- Human Capital Management
- Marketing Management
- Accounting & Finance
- Logistics & Supply Chain Management
- Business Analytics
- Management Information Systems
- Quality Management

Local A/Ls : Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

For Foreign Degree Programs, the above requirement and other requirements specified by the university will be applicable.

ENGINEERING

BSc Eng (Hons) Degree in

- Civil Engineering
- Electrical & Electronic Engineering
- Materials Engineering
- Mechanical Engineering
- Mechanical Engineering (Mechatronics Specialisation)

Local A/Ls : Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls : Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

HUMANITIES & SCIENCES

BEd (Hons) in

• Physical Sciences

Minimum 3 "S" passes in G.C.E A/L (Sri Lanka) in the Physical Science Stream including Mathematics (Combined Mathematics or Higher Mathematics) and Physics or a minimum 3 "D" passes in Cambridge or Edexcel A/Ls, including Mathematics and Physics in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Only offered under the MOE Loan Scheme.

• Biological Sciences

Minimum 3 "S" passes in G.C.E A/L (Sri Lanka) or Minimum 3 "D" passes in Cambridge or Edexcel A/Ls, including Biology & Chemistry in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Only offered under the MOE Loan Scheme.

• English

Local A/Ls : Minimum 3 "S" passes in any stream with English as a Main Subject.

Cambridge/Edexcel A/Ls : Minimum 3 "D" passes with English/English Literature as a Main Subject.
Applicants should also pass the Aptitude Test conducted by SLIIT.

• Social Sciences

Local A/Ls : Minimum of 3 "S" passes in Arts or Commerce Streams.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in Arts or Commerce Streams.
Applicants should also pass the Aptitude Test conducted by SLIIT.

• BA (Hons) in English Studies

Local A/Ls : Minimum 3 "S" passes with English as a Main Subject or minimum 3 "S" passes in any stream in English Medium.

Cambridge or Edexcel A/Ls : Minimum 3 "D" passes with English/English Literature as a Main Subject or minimum 3 "D" passes in any stream.
Applicants must pass the aptitude test conducted by SLIIT.

BSc (Hons) in

• Biotechnology

Local A/L : Minimum of 3 "S" Passes with any combination of the following subjects: Biology, Chemistry, Physics, Combined Mathematics, Higher Mathematics, Agricultural Science, Science for Technology, Bio Systems Technology, Agro Technology or Bio-Resource Technology.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" Passes with any combination of the following subjects: Biology, Chemistry, Physics, Mathematics or Further Mathematics.
Applicants should also pass the Aptitude Test conducted by SLIIT.

• Financial Mathematics & Applied Statistics

Local A/Ls : Minimum of 3 "S" passes in any stream (Covering Combined Mathematics).

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in any stream (Covering Mathematics).
Applicants should also pass the Aptitude Test conducted by SLIIT.

• BSc Hons (Psychology)

Local A/Ls : Minimum of 3 "S" Passes in any subject stream or equivalent qualification in the same sitting and General English "S" Pass or equivalent qualification.

Cambridge/Edexcel : Minimum of 3 "D" Passes in any subject stream.

Pass Aptitude Test conducted by SLIIT, and the Interview conducted by the School of Psychology, SLIIT.

• LLB (Hons)

Two (2) Credit (C) passes and one (01) Simple Pass (S) in any Stream in one and the same sitting at the G.C.E (Advanced Level) Examination conducted by the Department of Examination of Sri Lanka or equivalent qualification and a Credit pass (C) in the English Language and a Credit pass (C) in the Sinhala or Tamil Language at the G.C.E (Ordinary Level) examination conducted by the department of examination of Sri Lanka or equivalent qualification and pass the Aptitude Test conducted by SLIIT and the interview conducted by the School of Law, SLIIT.

• Higher Diploma in Nursing

Local A/Ls : Minimum of 3 "S" passes obtained from the following subject streams: Biological Science, Physical Science, Bio Systems Technology or Engineering Technology streams AND an Interview.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes with any combination of the following subjects: Biology, Chemistry, Physics, Mathematics, Further Mathematics, Psychology, Computer Science or Information Technology AND an Interview.

Successful completion of SLIIT CITY UNI Foundation Certificate in Health & Life Sciences AND Applicants should also pass the Aptitude Test conducted by SLIIT.

MANCHESTER METROPOLITAN UNIVERSITY

• BSc (Hons) Fashion Business and Management

Local A/Ls : Minimum of 3 "S" passes in any stream & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in any stream & a "C" pass for O/L English OR successful completion of SLIIT City Uni Foundation. Applicants should also pass the Aptitude Test conducted by SLIIT.

LIVERPOOL JOHN MOORES UNIVERSITY

• BSc (Hons) Psychology

Local A/Ls : Minimum of 3 "S" Passes in any stream OR

Cambridge/Edexcel A/Ls : Minimum of 3 "D" Passes in any stream OR

Successful completion of a Foundation Programme accepted by SLIIT AND Pass Aptitude Test conducted by SLIIT, and Interview conducted by the School of Psychology, SLIIT.

LIVERPOOL JOHN MOORES UNIVERSITY

● BSc (Hons) Quantity Surveying

Local A/Ls : Minimum of 3 "S" passes in Physical Science stream & a "C" pass for O/L English, OR Minimum of 3 "S" passes in Biology/Commerce/Engineering Technology streams, "B" pass for O/L Mathematics & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in Mathematics stream (subjects equivalent to the Physical Science Stream in Local A/Ls) & a "C" pass for O/L English, OR Minimum of 3 "D" passes in Biology/Commerce streams, "B" pass for O/L Mathematics & a "C" pass for O/L English.

Applicants should also pass the Aptitude Test conducted by SLIIT.

● LLB (Hons) Law

Local A/Ls : Minimum of 3 "S" Passes in any stream & a "C" Pass for O/L English AND pass an Interview.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" Passes in any stream & a "C" Pass for O/L English AND pass an Interview.

Applicants should also pass the Aptitude Test conducted by SLIIT.

To apply to the Sri Lanka Law College to sit for the Special Entrance Examination held in respect of any year, a candidate is required to have obtained two credit (C) passes and one simple pass in one and the same sitting at the G.C.E A/Ls Sri Lanka or London and to possess Credit passes in O/L English and in Sinhala or Tamil Languages at the G.C.E O/Ls Sri Lanka or London or an examination recognized by the Department of Examinations of Sri Lanka as equal to the above examination.

● Bachelor of Business Administration (Hons)

Local A/Ls : Minimum of 3 "S" passes in any stream & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream & a "C" pass for O/L English

OR successful completion of SLIIT City Uni Foundation. Applicants should also pass the Aptitude Test conducted by SLIIT

● BA (Hons) Interior Design

Local A/Ls : Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English.

Applicants should also pass the Aptitude Test conducted by SLIIT.

● BSc (Hons) Architecture

Local A/Ls : Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English & Mathematics.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English & Mathematics.

Applicants should also pass the Aptitude Test conducted by SLIIT.

THE UNIVERSITY OF QUEENSLAND

- Bachelor of Engineering (Hons) Civil
- Bachelor of Engineering (Hons) Electrical
- Bachelor of Engineering (Hons) Mechanical
- Bachelor of Engineering (Hons) Mechatronic

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and same sitting OR 2 "B" passes and 1 "C" pass in Cambridge/Edexcel A/Ls in the Physical Science Stream (Mathematics, Physics, Chemistry) in one and same sitting AND Pass the Aptitude test conducted by SLIIT. Applicant should maintain minimum GPA of 2.5 to transfer.

- Bachelor of Commerce
- Bachelor of Economics
- Bachelor of Business Management

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge/Edexcel A/Ls in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT. The Applicant should maintain minimum GPA of 2.5 to transfer.

- Bachelor of Computer Science
- Bachelor of Information Technology

Local A/Ls : Minimum of 3 "S" passes in the Physical Sciences stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification. OR Minimum of 3 "S" passes in any stream (other than Physical Science/Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT. Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls : Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls. OR Minimum of 3 "D" passes in any other subjects (other than Mathematics related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT. Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

* Students following The University of Queensland transfer pathway programme need to follow the compulsory Mathematics module in the IT Bridging programme.

* The Applicant should maintain minimum GPA of 2.5 to transfer.

CURTIN UNIVERSITY COLOMBO

(For further information regarding admissions and fees, students may visit www.curtincolombo.lk or contact the student recruitment team through 076 555 8989/077 443 4432/ inquiries@curtincolombo.lk)

NOTE: A/L results need to be obtained in one & the same sitting & the results should appear in one certificate. (Applicants are also required to pass the aptitude test & interview (where applicable) conducted by SLIIT in addition to fulfilling the above entry criteria).

BACHELOR'S DEGREES GRADES & REQUIREMENTS (OFFERED BY SLIIT)

GRADING SYSTEM

SLIIT uses 12 grades in assessing student performance. These are A+, A, A-, B+, B, B-, C+, C, C-, D+, D and E. To obtain a pass in a subject, a student must score a grade 'C' or above. The value of each grade and definition of student performance is shown below.

GRADE	GRADE PTS.	MARKS RANGE
A+	4.00	90 - 100
A	4.00	80 - 89
A-	3.70	75 - 79
B+	3.30	70 - 74
B	3.00	65 - 69
B-	2.70	60 - 64
C+	2.30	55 - 59
C	2.00	45 - 54
C-	1.70	40 - 44
D+	1.30	35 - 39
D	1.00	30 - 34
E	0.00	00 - 29

GRADE POINT AVERAGE (GPA) PER SEMESTER

The GPA is computed by dividing the sum of the products of the number of credits for each course followed and the grade points earned for that course by a student, by the total number of credits for the courses followed during the semester.

CLASS ATTENDANCE

Regular attendance is expected from all students. 80% attendance is necessary as a minimum requirement to sit for examinations. Inability to attend classes and/or examinations must be brought to the notice of the Manager of Academic Affairs / Student Services immediately.

WEIGHTED GRADE POINT AVERAGE (WGPA)

Yearly Grade Point Average is computed by dividing the sum of the products of the number of credits of all the courses followed and the grade points earned for those courses by a student in a year, by the total number of credits for the courses followed that year. This is then multiplied by an appropriate weighting factor and summed up over the total number of years related to the specific academic qualification to calculate the WGPA. Weights may vary based on the programme requirements.

SCHOLARSHIPS

SLIIT SCHOLARSHIPS

SLIIT awards scholarships to students with excellent Grade Point Average (GPA) based on their outstanding academic achievements during each semester.

SLIIT SCHOLARSHIP BASED ON A/L PERFORMANCE

Scholarships based on A/L performance are offered to selected students who have obtained 3 As in Sri Lankan A/Ls or 3 A*s in Edexcel/Cambridge A/Ls. Those who receive this scholarship are eligible for a full tuition fee waiver during the 3 or 4 years of study at SLIIT.

- Scholarships are awarded to a maximum quota assigned to each faculty -

INDUSTRY SPONSORED SCHOLARSHIPS

Leading IT & Software Development companies offer scholarships to selected students following the SLIIT BSc Honours degree.

IFS SCHOLARSHIPS

The Industrial and Financial Systems (IFS) Graduate Scholarship Programme offers full-tuition scholarships to complete the BSc Hons Degree in Information Technology, along with an internship at IFS. Selected candidates follow the academic programme at SLIIT 3 days per week and do internships at IFS 4 days per week. IFS pays all tuition fees along with providing the students a monthly allowance. On successful completion of the degree, candidates are eligible for permanent positions at IFS.

LOLC SCHOLARSHIPS

LOLC Technologies provides a comprehensive scholarship programme for SLIIT undergraduate students whilst enabling them to obtain unique exposure. The company provides comprehensive unmatched training on state-of-the-art technologies with hands-on experience during the first year conducted by their well-experienced specialists. It also includes various business domain knowledge and soft skills. Candidates also get the opportunity of visiting various business entities and get hands-on, practical experience. The total course fee of the selected candidate are sponsored by LOLC Technologies, and a monthly stipend is also given throughout the programme. Upon successful completion of the degree, candidates are eligible to continue their career in local and overseas branches of LOLC Technologies.

FEES - 2025 INTAKE

(Note: Please use SLIIT paying-in slips and please mention your Application No. or NIC No.)

An all-inclusive fee is charged to cover lectures, tutorials and examinations, as well as access to computer laboratory and library facilities, payable prior to the commencement of the course. Fees should be credited to one of the following bank accounts in favour of the Sri Lanka Institute of Information Technology

BANK OF CEYLON

Super Grade Branch Colpetty, at any Bank of Ceylon branch, or BOC e-banking payment interface for SLIIT students.

Account No: 0001630552

SAMPATH BANK

At any Sampath Bank branch, or through Sampath Vishwa payment interface for SLIIT payments.

Account No: 00 399 0000033

HATTON NATIONAL BANK

At the Malabe branch or any other HNB branch.

Account No: 156010007350

FACULTY OF COMPUTING

INFORMATION TECHNOLOGY | INFORMATION SYSTEMS ENGINEERING

- The fee is Rs. 340,000/- per semester.

COMPUTER SYSTEMS & NETWORK ENGINEERING | CYBER SECURITY SOFTWARE ENGINEERING | DATA SCIENCE | INTERACTIVE MEDIA | ARTIFICIAL INTELLIGENCE

- The fee is Rs. 340,000 per semester till year 2 semester 1 and Rs. 350,000 per semester from year 2 semester 2 onwards.

COMPUTER SCIENCE | COMPUTER SYSTEMS ENGINEERING

- The fee is Rs. 360,000/- per semester.

FACULTY OF ENGINEERING

CIVIL ENGINEERING | ELECTRICAL & ELECTRONIC ENGINEERING | MECHANICAL ENGINEERING | MATERIALS ENGINEERING | MECHANICAL ENGINEERING (MECHATRONICS SPECIALISATION)

- The fee is Rs. 425,000/- per semester.

SLIIT BUSINESS SCHOOL

BUSINESS MANAGEMENT | HUMAN CAPITAL MANAGEMENT | MARKETING MANAGEMENT | ACCOUNTING & FINANCE | LOGISTICS & SUPPLY CHAIN MANAGEMENT | MANAGEMENT INFORMATION SYSTEMS | QUALITY MANAGEMENT

- The fee is Rs. 340,000/= per semester

BUSINESS ANALYTICS

- The fee is Rs. 340,000 per semester till year 2 semester 1 and Rs. 350,000 per semester from year 2 semester 2 onwards.

FACULTY OF HUMANITIES & SCIENCES

BIOTECHNOLOGY

- The fee is Rs. 390,000/- per semester

FINANCIAL MATHEMATICS & APPLIED STATISTICS

- The fee is Rs. 310,000/- per semester

PSYCHOLOGY

- The fee is Rs. 340,000 per semester

ENGLISH STUDIES

- The fee is Rs. 230,000 per semester

LAW

- The fee is Rs. 310,000 per semester

BACHELOR OF EDUCATION DEGREES

- The fee is Rs. 210,000/- per semester.

LIVERPOOL JOHN MOORES UNIVERSITY

BACHELOR OF BUSINESS ADMINISTRATION (HONS)

- The fee is Rs. 340,000 per semester +£ 1100 (£ 1100 to be paid at the beginning of the final year)

PSYCHOLOGY | QUANTITY SURVEYING

- The fee is Rs. 340,000 per semester +£ 1100 (£ 1100 to be paid at the beginning of the final year)

ARCHITECTURE

- The fee is Rs. 430,000 per semester +£ 1100 (£ 1100 to be paid at the beginning of the final year)

LAW

- The fee is Rs. 310,000 per semester +£ 1100 (£ 1100 to be paid at the beginning of each year)

INTERIOR DESIGN

- The fee is Rs. 340,000 per semester +£ 1100 (£ 1100 to be paid at the beginning of each year)

THE UNIVERSITY OF QUEENSLAND

CIVIL | MECHANICAL | ELECTRICAL ENGINEERING | MECHATRONIC

- The fee is Rs. 610,000 per semester

BUSINESS MANAGEMENT | COMMERCE | ECONOMICS

- The fee is Rs. 490,000 per semester

MISSION OF SLIIT LIBRARY

SLIIT Library Learning Commons is dedicated to empowering lifelong learning and strengthening the SLIIT community by providing accessible resources, innovative services, and a welcoming space for collaboration, discovery, and growth.

LIBRARY FACILITIES

Library facilities at the Malabe and Metro Campuses, as well as at the Regional Centers, support a wide range of academic disciplines across various levels of study, from undergraduate programs to professional development and postgraduate research. The library offers an extensive collection of high-quality books, periodicals, core textbooks, recommended e-books, scholarly databases, and multimedia resources. Students are able to browse a range of books and magazines available at all Campuses, reserve books, renew borrowed books and request new books using the Library website. All resources are managed through the SLIIT Automated Library System, ensuring easy access and efficient service delivery.

With a commitment to fostering academic success and innovation, the SLIIT Library provides an environment that encourages learning, discovery, and creativity. The library's future-focused approach continually adapts to meet the evolving needs of the academic community, making it an essential resource for students, faculty, and researchers.

ONLINE LIBRARY ACCESS

Studying away from the campus is not a barrier to connecting with the SLIIT library. SLIIT libraries are accessible 24/7 online, and the library team is equipped with knowledge and technology to serve library users.

All registered students are able to access the SLIIT Digital Library consisting of e-books, e-magazines such as Harvard Business Review, MIT Technology Review, Time Magazine and The Economist, etc., past examination papers, recommended texts for related courses, Open Access e-resources, plagiarism detection service, range of dictionaries, glossaries and other reference materials.

SOME OF THE BENEFITS INCLUDE:

Wi-fi facilities & adequate workstations

Students are allowed to bring their laptops and tablets to the reference desk. The Reading Room adjoining the library available for study is equipped with power points for laptops and provides wireless Internet access. Our libraries are continuously enhanced to cater to the ever-increasing number of students. Libraries are open to SLIIT students daily, including weekends, from 8.00 am-7.00 pm. They are closed only on Poya days and other special holidays specified in the SLIIT calendar. To become a library member, students are requested to submit a duly filled online membership form available through the library website.

ADDITIONAL SERVICES AVAILABLE FOR ALL SLIIT LIBRARY USERS

- E-newspaper clippings
- Current awareness services (CAS)
- E- selective dissemination of information (SDI) service
- E- document delivery service
- Interlibrary loans
- User awareness services
- Book a study space
- User service through the help desk / ask librarian
- And many more...

NETWORKS WITH OTHER INSTITUTIONS

SLIIT is a member of the Commonwealth University Libraries network and a member of the Sri Lanka Scientific and Technology Information Network (SLSTINET). This allows the SLIIT library to access numerous scientific databases. SLIIT also maintains strong working relationships with other libraries in Sri Lanka and holds a Corporate Library Membership with the Chartered Institute of Accountants of Sri Lanka library, as well as with the British Council. Furthermore, SLIIT has access to the Curtin University library and databases, and it liaises with library professionals at Curtin University to provide ongoing research support to SLIIT students. The SLIIT Library also has full access to the Liverpool John Moores University (LJMU) Library.

STATE OF ART NEW LIBRARY @ MALABE CAMPUS

A fully-fledged separate Learning Commons Centre is at Malabe Campus. This enables all department libraries to be located centrally with better accessibility for student activities such as workstations, reading, discussion areas, presentations units, etc.

LABORATORY FACILITIES

SLIIT offers free WIFI access in all student areas, and boasts a wide range of laboratory facilities across its campuses and centres. Significant investments in each of the laboratories ensures that students are, in turn, able to make the most of these resources in order to support their education.

MALABE CAMPUS LABS

The Malabe campus labs consist of Computer, Engineering and Surveying laboratories, and are equipped with fully-functional, modern computers and technology. These labs are consistently upgraded and monitored to ensure they are continually up-to-date and fully functional.

COMPUTER LABORATORIES:

- Lab B401 : 62 Computers
- Lab B402 : 62 Computers
- Lab B403 : 62 Computers
- Lab A406 : 62 Computers
- Lab A410 : 31 Computers
- Lab A410 : 31 Computers
- Lab A411 : 31 Computers
- Lab A412 : 62 Computers
- Lab N3A : 62 Computers
- Lab N3B : 62 Computers
- Lab F13-E1 : 31 Computers
- Lab F13-E2 : 31 Computers
- Lab F13-A : 31 Computers
- Lab F13-B : 31 Computers
- Lab F13-C : 62 Computers
- Lab G1301 : 62 Computers
- Lab G1302 : 62 Computers
- Lab G1303 : 62 Computers
- Lab G1304 : 62 Computers
- Lab G1305 : 62 Computers
- Lab Data Com 40 Computers
- Lab Embedded : 18 Computers
- Lab Cyber : 60 Computers

SURVEYING LABORATORIES:

The SLIIT surveying laboratories are particularly catered for our Architecture and Quantity Surveying students, and have been designed and constructed to include the following:

- Measurements Laboratory
- QS Computer Laboratory
- Surveying Laboratory
- Materials Laboratory

ENGINEERING LABORATORIES:

Our engineering laboratories are completely state-of-the-art, fitted with cutting-edge technology and superior functionalities. Engineering students of all disciplines are able to access these labs as and when required, guided by their respective lecturers. All equipment and facilities are continuously improved and modernised so as to provide our students with avant-garde resources every step of the way. The following are featured at SLIIT's Engineering laboratories:

- Engineering Mechanics Laboratory
- Structural Engineering Laboratory
- Civil Engineering Materials Laboratory
- Hydraulics and Hydrology Laboratory
- Surveying Laboratory
- Geotechnical Laboratory
- Traffic and Transportation Engineering Laboratory
- Environmental Engineering Laboratory
- Electrical Power Systems Lab
- Communication Lab
- Digital Electronics Lab
- Analog Electronics Lab
- Embedded Design Lab
- DIY Workshop
- Networking Lab Machines and Power Electronics Lab
- Mechanical Engineering Workshop
- Robotics Laboratory
- Thermo/Fluids Laboratory
- Mechanics Laboratory
- Automobile Laboratory
- Mechatronics Laboratory
- Industrial Automation Laboratory
- Control Systems Laboratory
- Material Processing Laboratory
- Material Characterisation Laboratory
- 4th Floor E405B: 48 Computers
- 7th Floor : AR-Lab : 41 Computers

HUMANITIES AND SCIENCES LABORATORIES

- Science Laboratories
- Biology and Chemistry Laboratory
- Plant Tissue Culture Laboratory
- Molecular Biology Laboratory
- Advanced Biotechnology Laboratory
- Animal Cell Culture Laboratory
- Health Sciences Laboratories
- Nursing Skills Laboratory
- Physiotherapy Lab
- Moot Court
- Psychology Lab

SLIIT BUSINESS SCHOOL

- 3rd Floor D301 : 62 Computers
- 3rd Floor D302 : 64 Computers

METRO CAMPUS LABS

Students at our Metro Campus are provided with the following:

16th floor

- 1601 : 30 computers

15th floor

- 1501 : 58 computers
- 1502 : 22 computers
- 1503 : 32 computers

MATARA CENTRE LABS

Matara Centre occupies fully completed superior computer laboratories along with modern facilities. It includes the following labs:

- Lab 1 (201) : 64 computers
- Lab 2 (502) : 32 computers
- Lab 3 (401) : 32 computers
- Lab 4 (501) : 24 computers

KANDY UNI

The labs at our SLIIT Kandy Uni also integrate the institute's commitment to uphold and maintain first class standards. To that effect, the computer labs at this centre include:

- A403 - 60 all in one pc lab
- A404 - 60 all in one pc lab
- A405 - 60 all in one PC lab

KURUNEGALA CENTRE LABS

The SLIIT Kurunegala Centre consists of computer labs and is comprised of:

- Lab 1 : 35 computers
- Lab 2 : 15 computer

NORTHERN UNI LABS

Students at our Northern Uni are provided with the following:

- Lab 1 : 72 computers
- Lab 2 : 42 computers
- Lab 3 : 30 computers

IN-HOUSE INTERNSHIP PROGRAMMES AT SLIIT

SLIIT recognises that establishing early contact with working environments is a key component of the students' education and professional development. The Industrial Training Unit was launched with the goal of industry training (internships).

SLIIT maintains strong connections with government authorities and private sector organisations such as Pearson, Virtusa and 99x and further takes advantage of these relationships to setup different industrial training and placement opportunities for students.

Aside from providing students with professional prospects and hands-on experience in their relevant fields, companies, in turn, are able to approach a large number of students in-house for their employment needs.

Additionally, they can also harness and cultivate novel ideas for their own projects as a result. A non-GPA module named Industry placement - 6 months has been introduced for the BSc Honours Degree in IT to stress the importance of industry experience.

The assigned 8-course credits are met by undergoing a recommended period of 6 months of training in the industry which allows students to develop soft skills together with technical exposure.

RESEARCH & DEVELOPMENT FACILITIES

The overarching goal of SLIIT as a premier tertiary educational institute in Sri Lanka is to raise the quality of our research to a higher level. We aim to consistently foster an environment that promotes a vibrant research culture. SLIIT has integrated research methodology as a module into both undergraduate and postgraduate curricula, to successfully promote research opportunities amongst both the academic and student groups. SLIIT encourages research in three ways. The first criteria being reputation, which is achieved by publishing in conferences and journals of the highest caliber, calculated by the impact factor. The second factor is volume, which is the number of publications, and the third factor is influence, which is the extent to which other researchers checked, verified, and used our research content in their work.

Staff performances are also evaluated against these three research criteria to foster a robust research culture and encourage them to conduct research that will be published in high-end academic journals and conferences, thereby securing national, regional, and international research awards and external research funding.

RESEARCH PROFILE

SLIIT has emerged as Sri Lanka's number 1 non-state higher education institution and has secured an impressive joint third place among all universities nationwide, according to the prestigious Times Higher Education World University Rankings 2025. Moreover, SLIIT holds the number one position in the AD Scientific Index World Young University Ranking 2025. Additionally, in the 2024 Scimago Institutional Ranking, we emerged 5th position overall in Sri Lanka, in the first quartile. Across all the rankings, we stand proud as the number 1 non-state higher education institution in Sri Lanka. SLIIT was also ranked among the top 750 higher education institutes in Asia and among top 07 in Sri Lanka, in the QS Asia University Rankings 2023. We endeavour to be ranked among all major global university rankings, with the goal of being recognized for the quality of our education and research. All faculties hold annual international conferences at which students and staff can present their research, with the goal of publishing the same with the approval of the authors to faculty journals which are released annually or biannually. We aim to increase the quality of these journals over time, have them included in indexed databases, and encourage authors from across the globe to publish in these journals.

MECHANISMS

Research conducted for Master's and MPhil/PhD programs paves the way to increase the quantity and quality of SLIIT's research profile, allowing staff members to participate in cutting-edge projects. This in turn contributes to the development of a critical mass for research and results in our content being recognized in the national and international arena providing financial assistance such as Monthly Research Allowances and internal research grants of up to 400,000 LKR per year to academic staff members to conduct research. Also, financial assistance is provided for all academics in order for their research output to be disseminated at national and international conferences and published in the top 10% of journals worldwide, such as Scopus, Web of Science, or equivalent. To facilitate commercialization, a SLIIT Innovation centre was recently established for researchers to discuss with commercial partners, to bring their work to the market. With a thorough legal framework in place, these researchers will also be supported by research grants of up to 400,000 LKR. This encourages collaboration with local and foreign researchers via online facilities to collaborate with SLIIT on research projects.

RESEARCH CENTERS

While Faculty Industry engagement units together with SLIIT innovate works in taking these research to the industry, each faculty has research groups which are multidisciplinary. Legal mechanisms, which include an Intellectual Property Advisory Committee and an Ethics Review Committee, have been put in place to allow SLIIT to commercialize its research and connect its expertise to the needs of the outside world. The SLIIT research centre's additional workshops assist SLIIT postgraduate students to improve their skills in research. The SLIIT Research Centre at the Malabe Campus provides a nurturing study environment, and superior computer facilities, and is freely available for research discussions.

SLIIT SRI LANKA TECHNOLOGY INCUBATOR: CONCEPT-NURSERY FACILITIES

The Sri Lanka Technology Incubator, also known as the 'concept nursery,' is located at the SLIIT Malabe Campus and is designed to build, help, and promote both innovators and new enterprises. These companies can access the Institute's cutting-edge facilities, which include a contemporary networking backbone, while providing access to business and technical experience, financial resources, worldwide industry contacts, communication facilities, business counseling, business plan preparation, and marketing. They can also draw on a large pool of specialized experience and carefully selected, highly-trained students for their initiatives. Students can then gain vital experience in an innovative working environment.

WAY FORWARD

The objective of SLIIT is to find commercial partners for research work and take this to the next level and bring the research to the market. Thereby, staff members will be enticed to take part in all-sponsored research projects on campus, addressing a jointly identified issue with the aid of a partnering organization where they can work together to develop solutions and perfect the technology to bring products to a commercial level. Forging partnerships with institutions such as The University of Queensland, LJMU and Curtin University with the cooperation of our Honorary Professors' Network overseas, to conduct joint supervision research projects to facilitate research conducted on campus. Working towards establishing centers of excellence in research for specialized research areas such as sustainability and robotics, where timely and cutting-edge research work on current research topics will be conducted. Currently, this is done through the respective research groups and faculties, supplemented by SLIIT Innovate. SLIIT aims to get listed in high-end research journals and publications.

STUDENT SERVICES

At our institution, the Student Services Division is dedicated to fostering an enriching and supportive environment, ensuring that every student has the opportunity to thrive academically, socially, and personally. We provide a comprehensive range of services designed to enhance the overall student experience, prioritizing academic success, personal growth, and community engagement.

STUDENT SUPPORT SERVICES

Our student support system is robust and accessible, providing assistance 24/7 to address any concerns or challenges students may encounter. With dedicated help desks and a strong emphasis on proactive engagement, students can easily access guidance on academic, administrative, and personal matters.

COUNSELING & WELL-BEING

Student mental and physical well-being are at the heart of our mission. We offer professional counseling services through clinical psychologists to support mental health, foster resilience, and promote a balanced lifestyle. The Student Well-Being Center and Medical Center provide holistic care, ensuring students receive timely medical attention and mental health support.

SPORTS & EXTRACURRICULAR ACTIVITIES

The vibrant Sports Division encourages students to excel in athletics, with facilities and support for over 20 sports, including representation at national and international levels. Our athletes include world-class competitors, including a Paralympian, exemplifying the values of determination and excellence. Beyond sports, students can explore their passions and develop leadership skills by joining a variety of clubs, societies, and faculty-specific communities.

SLIIT STUDENT TRANSPORT

SLIIT offers a convenient and reliable intercampus transport service, operating on a regular schedule from key, high-demand areas to facilitate student accessibility and convenience. This service is designed to ensure safe and efficient travel for students, enhancing their overall academic experience. The implementation of a QR based payment system streamlines the process, providing a modern, user-friendly, and secure method for fare transactions. This initiative reflects SLIIT's commitment to integrating technology into its services to meet the evolving needs of its student community.

SLIIT ENGLISH HELP DESK

Clear communication and skilful use of the English language are of key importance to professionals in all industries today. As such, all students are required to take the prescribed courses for their degree. SLIIT offers a novel method of assisting students in this area as and when required through the English Help Desk. This is manned by the staff of the English Language Teaching Unit.

SLIIT MEDICAL FACILITY

SLIIT places a high priority on the health and well-being of its students and staff, recognizing it as a fundamental aspect of a supportive academic environment. To this end, SLIIT offers a full-time medical consultancy service at the Malabe campus, ensuring that professional healthcare support is readily accessible. This comprehensive service, available free of charge, reflects the institution's commitment to fostering a safe and healthy community where individuals can focus on their academic and professional pursuits with peace of mind.

CAREER GUIDANCE UNIT (CGU)

The SLIIT Career Guidance Unit (CGU) plays a pivotal role in shaping the professional journey of undergraduates by equipping them with the knowledge, skills, and competencies essential for thriving in diverse industries. Through strategic collaboration with industry leaders, the CGU organizes a range of technical and non-technical workshops tailored to specific courses, along with career readiness sessions focusing on critical aspects such as CV writing, interview techniques, and professional etiquette. These initiatives go beyond the academic curriculum, offering students valuable opportunities to enhance their professional expertise and apply theoretical knowledge in real-world contexts, thereby bridging the gap between academic learning and industry expectations.

To strengthen connections between students and the corporate world, the CGU fosters partnerships with leading organizations, facilitating meaningful interactions and opportunities. Flagship events such as the SLIIT Career Week and HR Forum provide platforms for students to network with potential employers across IT, Engineering, Business, and Humanities and Sciences sectors. Additionally, the CGU supports employers in vacancy postings and CV collection and organizes industry visits to further enhance university-industry collaboration. This comprehensive approach ensures that SLIIT graduates are not only prepared for their chosen career paths but also positioned to excel in a competitive global workforce.

FACILITIES FOR ACADEMIC AND PERSONAL GROWTH

Modern facilities, including state-of-the-art lecture halls, an extensive library, and innovation incubators, provide an environment conducive to learning and creativity. These resources are complemented by a strong emphasis on community and extracurricular engagement, ensuring that students develop holistically. At the core of our services is the belief that education extends beyond the classroom. Through personalized support, diverse opportunities, and world-class facilities, we empower students to achieve their full potential while building meaningful connections and memories that last a lifetime.

SLIIT WEIGHT TRAINING CENTER

The SLIIT Weight Training Centre, located at the Malabe Campus, is a state-of-the-art facility designed to support students in achieving their fitness and strength training goals. Equipped with modern, high-quality equipment, the center provides an ideal environment for both beginners and advanced fitness enthusiasts. It caters to a wide range of training needs, promoting physical well-being and encouraging students to maintain a healthy and active lifestyle. This facility is a testament to SLIIT's commitment to holistic student development, ensuring that physical fitness is seamlessly integrated into the academic journey.

SLIIT SPORTS, CLUBS & SOCIETIES

SLIIT is proud to host 50 clubs and societies, each established to reflect various study program specializations, specific vocations, shared interests among the student community, or affiliations with global organizations. Notable examples include the Data Science Student Community, Faculty of computing Media Club, Biotechnology student community, English Literary Association, Gaming Club, IET Student Chapter, Rotaract Club, Leo Club, and AIESEC.

PHYSICAL EDUCATION & SPORTS

Promotes sports and recreational activities. At SLIIT, students engage in a wide range of competitive and recreational sports, including Archery, Badminton, Basketball, Carrom, Chess, Cricket, Football, Futsal, Hockey, Karate, Mixed Martial Arts, Netball, Rugby, Swimming, Table Tennis, Tennis, Taekwondo, Track and Field, Powerlifting and Volleyball. The Malabe campus has excellent indoor and outdoor sports facilities. These include a playground, indoor badminton courts, volleyball court, a basketball court, tennis courts, swimming pool and well-equipped weight training centre.

FACULTY OF COMPUTING STUDENT COMMUNITY (FCSC)

Aims to enhance the knowledge of IT students and accustom them to the ever-changing IT industry. This is done through activities such as workshops and guest lectures by leading IT professionals in the industry, enabling better student interaction and knowledge-sharing.

SLIIT BUSINESS SCHOOL STUDENT COMMUNITY (SBSC)

Formed under the main student body, the Student Interactive Society (SIS), this comprises the undergraduates of the SLIIT Business School. The committee acts as the student representative and, facilitating necessary programmes along with the management of SLIIT Business School.

FACULTY OF ENGINEERING STUDENT COMMUNITY (FESC)

Considered the main student community of the Faculty of Engineering, functioning under the guidance of the Student Interactive Society (SIS). FESC mainly focuses on the academic problems and the difficulties of engineering students, and works together with senior staff of the faculty and the community for solutions.

FACULTY OF HUMANITIES & SCIENCES STUDENT COMMUNITY (FHSSC)

The Faculty of Humanities and Sciences is a multidisciplinary faculty, with FHSSC serving as the student body representing students across diverse disciplines, including Financial Mathematics, Biotechnology, law, Psychology, Nursing, English, Social sciences, Physical Sciences. FHSSC is dedicated to enhancing student satisfaction by addressing both academic and non-academic concerns while enriching the overall student experience at SLIIT. To achieve its goals, the FHSSC collaborates closely with senior faculty members, seeking their guidance and support to effectively serve the student community

FOSS COMMUNITY

Free and Open Source Software helps expand the scope of Information and Communication Technology (ICT). The FOSS Community at SLIIT helps raise awareness among students to learn the concepts of Open Source Software movement, facilitating a base to link with the global community.

SLIIT ALUMNI ASSOCIATION

Formed under the main student body, the Student Interactive Society (SIS), this comprises of undergraduates of the Business Management stream. The committee acts as the student representative, facilitating necessary programmes along with managing the School of Business.

ROTARACT CLUB

A service club established for SLIIT students under 'Rotary International'. Membership is open to all SLIIT students, and aims at developing professional and leadership skills, emphasising on respect for the rights of others, promoting ethical standards and the dignity of all useful occupations. It also creates opportunities for members to initiate community development projects, promoting peace and understanding within the community, interacting with sponsoring Rotary Clubs and actively participating in the activities undertaken by them. Rotaractors conduct projects under four categories: professional development, community service, club service and international understanding.

THE GAVEL CLUB

A community that provides the student body with opportunities to develop communication skills as well as means for self-improvement. Since its formation in 2012, the Gavel Club has thrived under the guidance and support of the SLIIT Toastmasters Club, as well as other academic staff. As a communication and leadership programme modelled after Toastmasters International, the Gavel Club is a way of providing the Toastmasters experience to groups who may be eligible for regular membership. The Toastmaster title is globally recognised as an accredited name. Not only does the Gavel Club allow students to earn this title, but it also prepares these students for the demands of the real world after university.

SLIIT GAMING COMMUNITY/GAME FEST

Formed in 2013 by a group of young, dynamic individuals with a passion for digital games, including game designing and developing. A multipurpose group to create opportunities amongst those interested in this particular field. The community mainly intends to teach the fundamentals of game designing and development, providing resources and instructions to those willing to embark on creating or designing games and game testing.

THE LEO CLUB OF SLIIT

The Leo Club of SLIIT (SLIIT Leos) stands as one of the premier clubs in Leo District 306 C1, Sri Lanka, and Leo Multiple District 306. It holds the prestigious title of 'The Most Outstanding New University Leo Club of Sri Lanka, Leostic Year 2017/2018.' We have successfully undertaken various projects in the realms of healthcare, eldercare, child welfare, support for disabled individuals, and education. In 2022, we achieved the remarkable feat of securing 1st Runner-Up in 'The Most Outstanding Leo Club in District 306 C1, Leostic Year 2020/2021.

INTERACTIVE MEDIA OF SLIIT

The Interactive Media Student community at SLIIT is a specialization -based student club dedicated to hosting various events for SLIIT students. This community consistently provides a platform for students to show case their talents and skills.

SPORTS ACHIEVEMENTS

SLIIT encourages students to regularly participate in competitions both on National and International levels. Participation in these competitions has been very rewarding, securing highly acclaimed awards. Some such past achievements by SLIIT students are recorded below.

- SLIIT Aquaclash Swimming Championship: Overall champions
- SLIIT Dozens' Rugby Tournament 2024: Champions
- SLIIT Legacy Shield Football Championship 2024: Champions
- SLIIT Shuttlers Triumph at APIIT Extravaganza 2024: Champions
- APIIT Extravaganza 7s Rugby Tournament 2024: Champions
- SLIIT Shuttlers Triumph at Green Shuttle Fiesta 2024 Badminton Championship: Champions
- WBC Muay Thai Fight Night 2024 - Battle of the Titans: Champion - Ashen Bandara
- Cage Rage MMA Championship 2024: Champion - Theminda Lakshan, Chamoth Udayakantha
- Galina claims bronze at world pars swimming cup 2024: Galina basnayaka won the bronze medal
- SLIIT Relay Carnival: Open Men's Championship | Open Women's 1st Runners Up | Overall Champions
- PERA 3x3 Basketball Tournament: SLIIT Team A emerged as the champions of the tournament, securing the championship title
- SLIIT Golden Rally Tennis Tournament 2024: 1st Runners Up
- SLIIT 7s Hockey Tournament 2024: 2nd Runners Up both men and women
- ICBT SmashDown Badminton Championship 2024: Champions
- The SLAM - SLIIT Carrom Championship 2024: Men's - 2nd Runners up , Women's - Champions
- WBC MuayThai Amateur Tournament: Lakshan secured a silver medal in the 57kg category for the 18+ age group, while Mindiya earned a bronze medal in the 63.5kg category
- National Athletic Trial: Gold medal with 1.68m in the Women's High jump event - Koshila Amarasinghe
- National Athletic Trial: Silver medal with 11.36m distance in the Women's shot-put event - Kavya Jayasuriya
- PERA 6S' Hockey Tournament: Both the men's and women's teams advanced to the quarter-final stage
- Shuttle ShowDown Badminton Championship: SLIIT men's team emerged as champions, while the SLIIT women's team secured the position of second runners-up

- Hukies Basketball 3*3 Showdown: SLIIT Runners-up
- 54th National Carrom Championship: Men's Singles: Senath Rajapakse - Ranker's event (Sri Lankan best 32), Sachintha Heshan - 3rd round, M. Haseer - 2nd round | Women's Singles: Kusalya Widanagama - pre quarter finals, Turanja Geekiyanage - 2nd round Nuwani Viyana - 3rd round | Men's Doubles: Senath Rajapakse , Sachintha Heshan - 3rd round | Women's Doubles: Kusalya Widanagama , Vindi Wijesiri - 2nd round | Mixed Doubles: Senath Rajapakse , Kusalya Widanagama - quarter finals (won against Sri Lankan No.3 - pre quarter)

ACADEMIC ACHIEVEMENTS

SLIIT encourages students to regularly participate in competitions both on National and International levels. Participation in these competitions has been very rewarding, securing highly acclaimed awards. Some such past achievements by SLIIT students are recorded below

- Team FlexiMind - First Runners-Up in the Tertiary Student Project Applications category at the Asia Pacific ICT Alliance Awards (APICTA) 2024.
- Team FlexiMind - Gold Award in the Tertiary (Business) category at the National ICT Awards – NBQSA 2024.
- Team Lankan Legacy - Silver Award in the Tertiary (Business) category at the National ICT Awards – NBQSA 2024.
- Team DataEye - Silver Award in the Postgraduate category at the National ICT Awards – NBQSA 2024.
- Team RetinaX - Bronze Award in the Tertiary (Technology) category at the National ICT Awards – NBQSA 2024.
- Team Electro Wizards - 1st Runner-Up at the CodeSprint 8 competition, organized by the IEEE IIT Student Branch.
- Team Electro Wizards - 2nd Runner-Up at the IEEE Sri Lanka Circuit Challenge.
- Dr. Charitha Senevirathna obtained his Doctorate (PhD) from the Royal Melbourne Institute of Technology (RMIT). He is the first Civil engineering graduate to obtain a PhD.
- Chamath Welikala a graduate of the Civil Engineering Department came 2nd runner up of the Manamperi Award (Best Undergraduate Engineering Project in Sri Lanka) awarded by the Sri Lanka Association for the Advancement of Science. SLIIT Business School was runner-up at the inaugural ACCA Virtual Finhack 2023.

ACADEMIC STAFF

Professor Lalith Gamage -Vice Chancellor/ Chief Academic Officer/ Chief Executive Officer

BSc Eng, MSc, PhD, MBCS, C.Eng, MIE (SL)

Affiliate Professor - University of British Columbia, Canada

Adjunct Professor - Curtin University, Australia

Prof. L.L.Ratnayake	BSc Eng (Hons.) Sri Lanka, M. Sc. (Birmingham) , C. Eng., FIE (SL), Int. PE (SL), FNASSL, MCILT (London)
Prof. R.K.N.D.Rajapakse	BSc Eng (Hons) D.Eng, P.Eng.(BC), FCAE, FEIC, FCSCE
Prof. S.K. Halgamuge	BSc. Eng (Hons) (Moratuwa) Dipl.-Ing.(Darmstadt) PhD (Darmstadt)
Prof. S.D.G.S.P.Gunawardane	PhD.(MulT, Japan)
Prof. U. G. A. Puswewala	BSc.(Moratuwa), MSc. (AIT, Bangkok), PhD.(University of Manitoba, Canada)
Prof. L. D. K. B. Gamage	BSc Eng, MSc, PhD, MBCS, C.Eng, MIE (SL)
Prof. G. M. S. Kapurubandara	BSc (UOC, Sri Lanka), MSc Comp Sc (AIT,Thailand), PhD (WSU,Australia)
Prof. K. N. Pulasinghe	BSc (Hons) (Moratuwa), PhD (Saga),MIEEEE, CMA (Australia)
Prof. T. A. S. S. Thelijjagoda	BA (Sp)(Hons)(Sri J), MEng (Gifu), PhD (Gifu), MIEEEE, MIET, MAIS, MCSSL
Prof. H. S. C. Perera	BSc (Hons) (Moratuwa), MSc , PhD (AIT, Thailand)
Prof. E. C. Kulasekere	BSc (Moratuwa), MSc (Miami, USA), PhD (Miami, USA)
Prof. S. C. S. Karunaratne	BSc (Moratuwa), M.Eng, (Saitama, Japan), PhD (Saitama, Japan)
Prof. R. P. N. U. Amarasinghe	BSc. Eng (Moratuwa), MSc. Eng (TU, Thailand) , PhD (KSU, USA)
Prof. H. S. Thilakasiri	BSc Eng(Hons) (Moratuwa), MSc (Lond, UK), PhD (USF, USA)
Prof. P. I. A. Gomes	BSc Eng(Hons) (Moratuwa), MSc (Moratuwa), PhD (Saitama, Japan)
Prof. P.K.W. Abeygunawardhana	BSc Eng (Hons) (Moratuwa), MSc (Keio,Japan), PhD (Keio Japan)
Prof. C. S. Jayawardena	BSc Eng (Hons) (Moratuwa), MEng (Moratuwa), PhD (Saga), MIET, SMIEEEE, CIPT FBCS, Ceng MIESL
Prof. W. D. A. Senevirathna	BSc (J'pura), MBA (Colombo), PhD (NIDA, Thailand)
Prof. B. C. N. Peiris	BSc Agriculture (Peradeniya), MSc , PhD (Penn.State, USA) , DSc (SUSL)
Prof. M.D.R.K. Jayathilaka	BA (Colombo), M.Econ (Colombo), MSc (NUS), PhD (Griffith, Australia)
Prof. S.E. Peiris	BSc (Peradeniya),MSc(Pennsylvania),PhD(London)
Prof. N. Nagendrakumar	BSc Biz Admin (J'pura), MSc (J'pura), PhD (PIM, J'pura)
Prof. R.K.N.D. Rajapakse	BSc Eng (Hons) D.Eng, P.Eng.(BC), FCAE, FEIC, FCSCE
Prof. T.S.G. Peiris	BSc (Colombo), MSc (NZ), PhD (Colombo)
Prof. M.L. De Silva	MSc.(Moratuwa)
Prof. M. H. Liyanage	BSc Eng (Hons) (Peradeniya), MEng (AIT, Thailand), PhD (Newfoundland, Canada)
Prof. R.A. Attalage	BSc Eng (Hons) (Moratuwa), M.Eng (AIT, Thailand), D.E.A, PhD (Ecole des Mines de Paris, France)
Prof. C.A. Saliya	BCom.(Sp)(Colombo), MBA.(J'Pura), PhD(AUT,New Zealand)
Prof. P.L.S. Peter	PhD (Netherlands) MSc (USA) MPhil (Netherlands) BSc (special) (Kelaniya)
Prof. H.M.R.P. Herath	PhD (Newcastle, UK) , MBA (PIM) , BBMgt (Kelaniya)
Prof. W.P.S. Dias	PhD (London) BSc (Hons.) (Sri Lanka) DIC (London)
Prof. J.A.D.N. Kumara	PhD (University College Dublin, Ireland) , MSc (Eastern Mediterranean, Cyprus) , BEng (Dawood, Pakistan)
Prof. M.A.R.M. Fernando	PhD (Chalmers, Sweden) , BSc (Peradeniya)
Prof. S. D. Udayanga	BSc (Hons) (Peradeniya) , PhD (Mae Fah Luang, Thailand)
Prof. G. N. Kodagoda	BSc (Hons) (Moratuwa), MPhil (Moratuwa), PhD (SHU)
Prof. J.A.D.C.A. Jayakody	BSc (Hons) (Greenwich, UK), MSc (SLIIT), MIEEEE,MIET, CITP, PhD (Curtin)
Prof. T.C. Jayaruk	BSc (Hons) (Colombo), PhD (Alabama, USA)
Prof. D. P. Nawinna	BSc (Curtin), BSc IT (Hons) (SLIIT), MSc (SLIIT), PhD (Curtin, Australia)
Prof. T. W. A. Karunasena	BSc (Curtin), BSc (Sp) IT (SLIIT) MSc (SLIIT), PhD (RMIT)
Prof. K. K. N. A. Jayasuriya	BBM (Kelaniya), MBA (Anglia Ruskin, UK), MBA (Colombo), PhD (MSU)
Dr. M. D. K. N. Manathunga	BSc IT(Curtin), MSc (Colombo), PhD (Pompeu Fabra)
Dr. J. C. Kasturiarachchi	BSc.(Sp)(Colombo), MSc.(UoH, UK.), PhD.(UoE, UK.)
Dr. W. P. Krishantha	BSc. (Sp) (Peradeniya), MBA. (Peradeniya), PhD.(WUT,China)
Dr. S.R. Yapa	MBA. (J'Pura),MSc.(Moratuwa), PhD.(Colombo)
Dr. H. S. Fernando	BBIT. (Hons) (Deakin),PhD.(Deakin)
Dr. P. D. Dharmaratne	BSc.(Peradeniya),PG Dip (Open University),PG Dip.(Moratuwa), MEng.(Moratuwa), PhD.(Moratuwa)
Dr. M. N. Wijesundara	BEng (Hons) (Warwick), PhD (NUS), CISA, MIEEEE, MIET, MAIS, MCSSL
Dr. J. L. Amararachchi	BSc (J'Pura), PgDip (Com.Sc) (Cantab, NZ) , MSc (Com.Sc) (Colombo), MBCS, PhD (Moratuwa)
Dr. H. D. Wijesekera	PhD (QUT, Australia) , MA (TESL) (OUSL) , BA (Hons) (OUSL)
Dr. A. L. G. Seneviratne	Beng (Hons) (QMUL), PhD (QMUL, UK)
Dr. K. P. Heshan Sameera	BBA (Southwestern University, China) , MM (Southwestern University, China) , PhD (Southwestern University, China)

Dr. S. V. T. J. Perera	BSc Eng(Hons) (Moratuwa), MPhil (Moratuwa), PhD (Saitama, Japan)
Dr. K.A.D.M Kasthurirathna	BSc Eng(Hons) (Moratuwa), MSc (Colombo), PhD (U Syd, Australia)
Dr. A.P.N. Somaratna	BSc Eng (Peradeniya), MSc (Illinois, USA), PhD (Illinois, USA), C.Eng, MIE (SL)
Dr. M. A. L. P. Malasinghe	M.Eng (Hons) (Nottingham, UK), MSc (Moratuwa), PhD
Dr. S.A.M. Karunaratne	BSc Eng (Hons) (Moratuwa), PhD (Cambridge, UK)
Dr. K.G.S.K. Perera	BSc (Colombo),ME(Sains),PhD(OU SL)
Dr. W.K. Wimal Siri	BSc Eng (Hons) (Moratuwa), PhD (New Castle UT, UK)
Dr. G.W.J.K.K. Wijesundara	BSc (Moratuwa), MSc (Moratuwa), MSc (Toronto), PHD(Moratuwa)
Dr. R.M. Munasinghe	BSc (Warwick), MA, (Cambridge), PhD (Warwick)
Dr. A.M.N.D. Abeysinghe	BA (Hons) (Peradeniya), MSc (Worcester, UK), M.Couns. (Victoria, Australia), PhD (Colombo)
